28 as follows:

29 Whenever the (~~state parks and recreation~~) commission finds that  
30 any land under its control cannot advantageously be used for park  
31 purposes, it is authorized to dispose of such land by the method  
32 provided in this section or by the method provided in RCW 43.51.200 (as  
33 recodified by this act). If such lands are school or other grant  
34 lands, control thereof shall be relinquished by resolution of the  
35 commission to the proper state officials. If such lands were acquired

1 under restrictive conveyances by which the state may hold them only so  
2 long as they are used for park purposes, they may be returned to the  
3 donor or grantors by the commission. All other such lands may be  
4 either sold by the commission to the highest bidder or exchanged for  
5 other lands of equal value by the commission, and all conveyance  
6 documents shall be executed by the governor. All such exchanges shall  
7 be accompanied by a transfer fee, to be set by the commission and paid  
8 by the other party to the transfer; such fee shall be paid into the  
9 parkland acquisition account established under RCW 43.51.200 as  
10 recodified by this act). Sealed bids on all sales shall be solicited  
11 at least twenty days in advance of the sale date by an advertisement  
12 appearing at least ~~((in three))~~ once a week for two consecutive  
13 ~~((issues of))~~ weeks in a newspaper of general circulation in the county  
14 in which the land to be sold is located. If the commission feels that  
15 no bid received adequately reflects the fair value of the land to be  
16 sold, it may reject all bids, and may call for new bids. All proceeds  
17 derived from the sale of such park property shall be paid into the park  
18 land acquisition account. All land considered for exchange shall be  
19 evaluated by the commission to determine its adaptability to park  
20 usage. The equal value of all lands exchanged shall first be  
21 determined by the appraisals to the satisfaction of the commission(~~(+~~  
22 ~~PROVIDED, That~~)). No sale or exchange of state park lands shall be  
23 made without the unanimous consent of the commission.

24 **PART VII**

30 amended to read as follows:

7 the state parks and recreation commission may authorize carrying out  
8 projects which involve overnight stays.

9 **PART VIII**

10 **SCENIC RIVER SYSTEM**

11 **Sec. 801.** RCW 79.72.020 and 1994 c 264 s 64 are each amended to  
12 read as follows:

13 The definitions set forth in this section apply throughout this  
14 chapter unless the context clearly requires otherwise.

15 (1) ((~~"Department"~~)) "Commission" means the state parks and  
16 recreation commission.

17 (2) "Committee of participating agencies" or "committee" means a  
18 committee composed of the executive head, or the executive's designee,  
19 of each of the state departments of ecology, fish and wildlife, natural  
20 resources, and transportation, the state parks and recreation  
21 commission, the interagency committee for outdoor recreation, the  
22 Washington state association of counties, and the association of  
23 Washington cities. In addition, the governor shall appoint two public  
24 members of the committee. Public members of the committee shall be  
25 compensated in accordance with RCW 43.03.220 and shall receive  
26 reimbursement for their travel expenses as provided in RCW 43.03.050  
27 and 43.03.060.

28 When a specific river or river segment of the state's scenic river  
29 system is being considered by the committee, a representative of each  
30 participating local government associated with that river or river  
31 segment shall serve as a member of the committee.

32 (3) "Participating local government" means the legislative  
33 authority of any city or county, a portion of whose territorial  
34 jurisdiction is bounded by or includes a river or river segment of the  
35 state's scenic river system.

36 (4) "River" means a flowing body of water or a section, segment, or  
37 portion thereof.

1 (5) "River area" means a river and the land area in its immediate  
2 environs as established by the participating agencies not exceeding a  
3 width of one-quarter mile landward from the streamway on either side of  
4 the river.

5 (6) "Scenic easement" means the negotiated right to control the use  
6 of land, including the air space above the land, for the purpose of  
7 protecting the scenic view throughout the visual corridor.

8 (7) "Streamway" means that stream-dependent corridor of single or  
9 multiple, wet or dry, channel or channels within which the usual  
10 seasonal or stormwater run-off peaks are contained, and within which

12 influenced by the height and velocity of the fluctuating river  
13 currents.

14 (8) "System" means all the rivers and river areas in the state  
15 designated by the legislature for inclusion as scenic rivers but does  
16 not include tributaries of a designated river unless specifically  
17 included by the legislature. The inclusion of a river in the system  
18 does not mean that other rivers or tributaries in a drainage basin  
19 shall be required to be part of the management program developed for  
20 the system unless the rivers and tributaries within the drainage basin  
21 are specifically designated for inclusion by the legislature.

22 (9) "Visual corridor" means that area which can be seen in a normal  
23 summer month by a person of normal vision walking either bank of a  
24 river included in the system. The visual corridor shall not exceed the  
25 river area.

26 **Sec. 802.** RCW 79.72.030 and 1977 ex.s. c 161 s 3 are each amended

29 management policies for publicly owned or leased land on the rivers  
30 designated by the legislature as being a part of the state's scenic  
31 river system and within the associated river areas. The ~~((department))~~  
32 commission may adopt ~~((regulations))~~ rules identifying river  
33 classifications which reflect the characteristics common to various  
34 segments of scenic rivers and may adopt management policies consistent  
35 with local government's shoreline management master plans appropriate  
36 for each such river classification. All such policies shall be subject  
37 to review by the committee of participating agencies. Once such a  
38 policy has been approved by a majority vote of the committee members,

1 it shall be adopted by the ((department)) commission in accordance with  
2 the provisions of chapter 34.05 RCW, as now or hereafter amended. Any  
3 variance with such a policy by any public agency shall be authorized  
4 only by the approval of the committee of participating agencies by  
5 majority vote, and shall be made only to alleviate unusual hardships  
6 unique to a given segment of the system.

7 (2) Any policies developed pursuant to subsection (1) of this  
8 section shall include management plans for protecting ecological,  
9 economic, recreational, aesthetic, botanical, scenic, geological,  
10 hydrological, fish and wildlife, historical, cultural, archaeological,  
11 and scientific features of the rivers designated as being in the  
12 system. Such policies shall also include management plans to encourage  
13 any nonprofit group, organization, association, person, or corporation  
14 to develop and adopt programs for the purpose of increasing fish  
15 propagation.

16 (3) The committee of participating agencies shall, by two-thirds  
17 majority vote, identify on a river by river basis any publicly owned or  
18 leased lands which could be included in a river area of the system but  
19 which are developed in a manner unsuitable for land to be managed as  
20 part of the system. The ((department)) commission shall exclude lands  
21 so identified from the provisions of any management policies  
22 implementing the provisions of this chapter.

23 (4) The committee of participating agencies, by majority vote,  
24 shall determine the boundaries which shall define the river area  
25 associated with any included river. With respect to the rivers named  
26 in RCW 79.72.080 (as recodified by this act), the committee shall make  
27 such determination, and those determinations authorized by subsection  
28 (3) of this section, within one year of September 21, 1977.

29 (5) Before making a decision regarding the river area to be  
30 included in the system, a variance in policy, or the excluding of land  
31 from the provisions of the management policies, the committee shall  
32 hold hearings in accord with chapter 34.05 RCW, with at least one  
33 public hearing to be held in the general locale of the river under  
34 consideration. The ((department)) commission shall cause to be  
35 published in a newspaper of general circulation in the area which  
36 includes the river or rivers to be considered, a description, including  
37 a map showing such river or rivers, of the material to be considered at  
38 the public hearing. Such notice shall appear at least twice in the  
39 time period between two and four weeks prior to the public hearing.

1 (6) Meetings of the committee shall be called by the ((department))  
2 commission or by written petition signed by five or more of the  
3 committee members. The ((chairman)) chair of the ((parks—and  
4 recreation)) commission or the ((chairman's)) chair's designee shall  
5 serve as the ((chairman)) chair of any meetings of the committee held  
6 to implement the provisions of this chapter.

7 The committee shall seek and receive comments from the public  
8 regarding potential additions to the system, shall initiate studies,  
9 and may, through the ((department)) commission, submit to any session  
10 of the legislature proposals for additions to the state scenic river  
11 system. These proposals shall be accompanied by a detailed report on  
12 the factors which, in the committee's judgment, make an area a worthy  
13 addition to the system.

14 **Sec. 803.** RCW 79.72.040 and 1989 c 175 s 169 are each amended to  
15 read as follows:

16 (1) The management program for the system shall be administered by  
17 the ((department)) commission. The ((department)) commission shall  
18 have the responsibility for coordinating the development of the program  
19 between affected state agencies and participating local governments,  
20 and shall develop and adopt rules, in accord with chapter 34.05 RCW,  
21 the Administrative Procedure Act, for each portion of the system, which  
22 shall implement the management policies. In developing rules for a  
23 specific river in the system, the ((department)) commission shall hold  
24 at least one public hearing in the general locale of the river under  
25 consideration. The hearing may constitute the hearing required by  
26 chapter 34.05 RCW. The ((department)) commission shall cause a brief  
27 summary of the proposed rules to be published twice in a newspaper of  
28 general circulation in the area that includes the river to be  
29 considered in the period of time between two and four weeks prior to  
30 the public hearing. In addition to the foregoing required publication,  
31 the ((department)) commission shall also provide notice of the  
32 hearings, rules, and decisions of the ((department)) commission to  
33 radio and television stations and major local newspapers in the areas  
34 that include the river to be considered.

35 (2) In addition to any other powers granted to carry out the intent

31 authority to investigate any boating accident. The results of any  
32 investigation conducted by the commission shall be made available to

34 eliminate the requirement for a boating accident report by the operator  
35 required under RCW ((88.12.130)) 88.12.155 (as recodified by this act).

36 The report of a county coroner, or any public official assuming the

9 Such notice as is required by RCW 88.12.185 (as recodified by this  
10 act) shall be given personally, or in writing; if in writing, it shall  
11 be served upon the owner, or may be sent by mail to the post office  
12 where such owner usually receives his or her letters. Such notice  
13 shall inform the party where the vessel was taken up, and where it may  
14 be found, and what amount the taker-up or finder demands for his or her  
15 charges.

16 **Sec. 1505.** RCW 88.12.205 and 1993 c 244 s 21 are each amended to  
17 read as follows:

18 (1) In all cases where the notice required by RCW 88.12.185 (as  
19 recodified by this act) is not given personally, it shall be the duty  
20 of the taker-up to post up at the post office nearest the place where  
21 such vessel may be taken up, a written notice of the taking up of such  
22 vessel(~~(, which)~~). The written notice shall contain a description of  
23 the (~~same~~) vessel, with the name, if any is painted thereon, also the

25 the charge for taking the same up.

26 (2) If the taker-up is traveling upon waters of the state, such  
27 notice shall additionally be posted up at the first post office he or  
28 she shall pass after the taking up(~~(+and)~~).

29 (3) In all cases, (~~he or she~~) the person who took up the vessel

31 notice, also mail a copy of such notice, directed to the postmaster of  
32 each post office on waters of the state, and within fifty miles of the  
33 place where such vessel is taken up.

34 **Sec. 1506.** RCW 88.12.295 and 1989 c 393 s 1 are each amended to  
35 read as follows:

1 The legislature finds that the waters of Washington state provide  
2 a unique and valuable recreational resource to large and growing  
3 numbers of boaters. Proper stewardship of, and respect for, these  
4 waters requires that, while enjoying them for their scenic and  
5 recreational benefits, boaters must exercise care to assure that such  
6 activities do not contribute to the despoliation of these waters, and  
7 that watercraft be operated in a safe and responsible manner. The  
8 legislature has specifically addressed the topic of access to clean and  
9 safe waterways by requiring the 1987 boating safety study and by  
10 establishing the Puget Sound (~~(water quality authority)~~) action team.

11 The legislature finds that there is a need to educate Washington's  
12 boating community about safe and responsible actions on our waters and  
13 to increase the level and visibility of the enforcement of boating  
14 laws. To address the incidence of fatalities and injuries due to  
15 recreational boating on our state's waters, local and state efforts  
16 directed towards safe boating must be stimulated. To provide for safe  
17 waterways and public enjoyment, portions of the watercraft excise tax  
18 and boat registration fees should be made available for boating safety  
19 and other boating recreation purposes.

20 In recognition of the need for clean waterways, and in keeping with  
21 the Puget Sound action team's water quality (~~(authority's 1987~~  
22 ~~management)~~) work plan, the legislature finds that adequate  
23 opportunities for responsible disposal of boat sewage must be made  
24 available. There is hereby established a five-year initiative to  
25 install sewage pumpout or sewage dump stations at appropriate marinas.

26 To assure the use of these sewage facilities, a boater  
27 environmental education program must accompany the five-year initiative  
28 and continue to educate boaters about boat wastes and aquatic  
29 resources.

30 The legislature also finds that, in light of the increasing numbers  
31 of boaters utilizing state waterways, a program to acquire and develop  
32 sufficient waterway access facilities for boaters must be undertaken.

33 To support boating safety, environmental protection and education,  
34 and public access to our waterways, the legislature declares that a  
35 portion of the income from boating-related activities, as specified in  
36 RCW 82.49.030 and 88.02.040, should support these efforts.

16 **SEVERABILITY**

17 NEW SECTION. **Sec. 1901.** If any provision of this act or its  
18 application to any person or circumstance is held invalid, the  
19 remainder of the act or the application of the provision to other  
20 persons or circumstances is not affected.

Passed the Senate April 20, 1999.

Passed the House April 6, 1999.

Approved by the Governor May 10, 1999, with the exception of  
certain items that were vetoed.

Filed in Office of Secretary of State May 10, 1999.

1 Note: Governor's explanation of partial veto is as follows:

2 "I am returning herewith, without my approval as to section 903,  
3 Substitute Senate Bill No. 5179 entitled:

4 "AN ACT Relating to the authority of the parks and recreation  
5 commission;"

6 I am returning herewith without my approval as to section 903,  
7 Substitute Senate Bill 5179. Section 903 amends RCW 43.51.140 and  
8 chapter 156, section 2, Laws of 1982. This provision of law was  
9 recently amended by my signing of House Bill 1331. The language in  
10 section 903 does not correspond to the change made in House Bill 1331.  
11 To avoid conflicting statutory provisions, I am vetoing section 903.

12 For this reason, I have vetoed section 903 of Substitute Senate  
13 Bill No. 5179.

1 With the exception of section 903, Substitute Senate Bill No. 5179  
2 is approved."
