**PART II**  
**HUMAN SERVICES**

**Sec. 201.** 1999 c 309 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.** (1)  
Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2000, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2000 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for

1 a specified purpose except as expressly provided in subsection (3)(b)  
2 of this section.

3 (b) To the extent that transfers under subsection (3)(a) of this  
4 section are insufficient to fund actual expenditures in excess of  
5 fiscal year 2000 caseload forecasts and utilization assumptions in the  
6 medical assistance, long-term care, foster care, adoption support,  
7 voluntary placement, and child support programs, the department may  
8 transfer state moneys that are provided solely for a specified purpose  
9 after approval by the director of financial management.

10 (c) The director of financial management shall notify the  
11 appropriate fiscal committees of the senate and house of  
12 representatives in writing prior to approving any allotment  
13 modifications.

20 The appropriations in this subsection are subject to the following  
21 conditions and limitations:

22 (a) The health services account appropriation and \$127,000 of the  
23 general fund--federal appropriation are provided solely for health care  
24 benefits for home care workers with family incomes below 200 percent of  
25 the federal poverty level who are employed through state contracts for

30 equivalent benefits.

31 (b) \$3,100,000 of the general fund--state appropriation for fiscal  
32 year 2000, \$4,650,000 of the general fund--state appropriation for  
33 fiscal year 2001, and \$8,250,000 of the general fund--federal  
34 appropriation are provided solely to increase services and supports for  
35 people with developmental disabilities. These funds shall be expended  
36 in accordance with priorities established by the stakeholder advisory

1 group established in accordance with chapter 216, Laws of 1998  
2 (developmental disabilities), except that (i) at least ((60)) 50  
3 percent of these amounts must be used to increase the number of people  
4 receiving residential, employment, family support, or other direct  
5 services; (ii) the services and supports must be designed and  
6 implemented such that the cost of continuing them in the 2001-03  
7 biennium does not exceed \$19.2 million, of which no more than \$9.3  
8 million is from state funds; and (iii) strong consideration shall be  
9 given to the need for increased wages for direct care workers in  
10 contracted residential programs.

11 (c) \$413,000 of the general fund--state appropriation for fiscal  
12 year 2000, \$1,172,000 of the general fund--state appropriation for  
13 fiscal year 2001, and \$694,000 of the general fund--federal  
14 appropriation are provided solely for employment, or other day  
15 activities and training programs, for young people who complete their  
16 high school curriculum in 1999 or 2000.

17 (d) ~~\$1,919,000 of the general fund--state appropriation for fiscal~~

31 ~~these quarterly targets are exceeded.))~~ \$6,673,000 of the general  
32 fund--state appropriation for fiscal year 2001, and \$7,361,000 of the  
33 general fund--federal appropriation are provided solely to improve  
34 services for persons with developmental disabilities who would  
35 otherwise be at risk of needing involuntary commitment to or prolonged  
36 treatment at state psychiatric hospitals. The department shall use  
37 these funds to enhance the community crisis response system managed by  
38 regional support networks, improve crisis prevention and stabilization  
39 services through the developmental disabilities community services

1 system, and expand community residential capacity for persons with  
2 developmental disabilities who are ready for discharge from state  
3 psychiatric hospitals. Funding for community residential capacity is  
4 sufficient to move a biennium total of 48 patients out of the state  
5 hospitals at a reasonable pace by June 30, 2001. The department shall  
6 manage the intensity of services provided so that the average cost per  
7 day does not exceed \$300 per person placed in this expanded community  
8 residential capacity. The department shall report to the appropriate  
9 committees of the legislature progress towards implementing this  
10 subsection after each calendar quarter. The legislature finds that, in  
11 addition to the appropriations in this subsection for improvements in  
12 services to persons with developmental disabilities who are committed  
13 to the custody of the secretary under chapter 71.05 RCW, it is  
14 necessary to study long-term treatment alternatives and their legal,  
15 fiscal, and policy implications. Therefore, the department shall  
16 provide a report to the ways and means committee of the senate and the  
17 appropriations committee of the house of representatives by December 1,  
18 2000, containing options and recommendations for secure treatment  
19 programs. The report shall identify various treatment models that  
20 could be implemented and various types and locations of secure  
21 facilities, both state-owned and leased, in which programs could be  
22 sited, together with the department's recommendations. The report  
23 shall evaluate the potential for siting such programs on the grounds of  
24 existing state residential habilitation centers. The report shall also  
25 include analysis of advantages and disadvantages associated with  
26 contracting for some or all of the new program options identified. The  
27 report shall evaluate the options based on short-term and long-term  
28 costs, client and community security, efficiency of coordination with  
29 other service delivery systems, and how they address specific legal  
30 issues. In developing this report, the department shall invite  
31 participation by representatives of the Washington protection and  
32 advocacy system (WPAS), and shall include in the report WPAS' position  
33 on options and recommendations submitted by the department and any  
34 additional recommendations made by WPAS. The legislature recognizes a  
35 need to improve long-term services provided to individuals with  
36 developmental disabilities who are undergoing involuntary treatment  
37 under chapter 71.05 RCW. The legislature is committed to providing  
38 resources necessary to address issues in the U.S. District Court case  
39 of *Allen v. Western State Hospital*.

7 arrangement were to continue.

8 (f) \$209,000 of the general fund--state appropriation for fiscal  
9 year 2000, \$664,000 of the general fund--state appropriation for fiscal

20 providers are to be increased from \$6.18 per hour to \$6.68 per hour on  
21 July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to  
22 agency providers are to be increased to \$11.97 per hour on July 1,  
23 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per  
24 hour of the July 1, 1999, increase to agency providers, and all but 15  
25 cents per hour of the additional July 1, 2000, increase is to be used  
26 to increase wages for direct care workers. The appropriations in this  
27 subsection also include the funds needed for the employer share of  
28 unemployment and social security taxes on the amount of the increase.

29 (h) Within amounts appropriated in this subsection, the  
30 developmental disabilities program shall contract for a pilot program  
31 to test an alternative service delivery model for persons with autism.  
32 The department must use a competitive process to determine the site of  
33 the pilot. The pilot program must be time-limited and subject to an  
34 evaluation of client outcomes to determine the effectiveness and  
35 efficiency of the pilot program compared to the standard service model  
36 for persons with autism.

37 (i) \$500,000 of the general fund--state appropriation for fiscal

8 social and health services shall educate them about the difference  
9 between cash assistance and work support benefits and offering them the  
10 opportunity to begin or to continue receiving work support benefits, so  
11 long as they are eligible. The department shall provide this  
12 information through in-person interviews, over the telephone, and/or  
13 through the mail. Work support benefits include food stamps, medicaid  
14 for all family members, medicaid or state children's health insurance  
15 program for children, and child care assistance. The department shall  
16 report annually to the legislature the number of families who have had  
17 exit interviews, been reached successfully by phone, and sent mail.  
18 The report shall also include the percentage of families who elect to  
19 continue each of the benefits and the percentage found ineligible by  
20 each substantive reason code. A substantive reason code shall not be  
21 "other." The report shall identify barriers to informing families  
22 about work support benefits and describe existing and future actions to  
23 overcome such barriers.

24 (c) Provide \$500,000 from the general fund--state appropriation for  
25 fiscal year 2000 and \$500,000 from the general fund--state  
26 appropriation for fiscal year 2001 for continuation of the WorkFirst  
27 evaluation conducted by the joint legislative audit and review  
28 committee.

29 ((+e)) (d) Report to the appropriate committees of the  
30 legislature, by December 1, ((1999)) 2000, how the new federal child  
31 support incentive system can be used to maximize federal incentive  
32 payments and to support the greatest achievement of WorkFirst program  
33 goals. In the event that the department earns federal child support  
34 incentive payments in excess of amounts budgeted, the department shall  
35 use one-half of those additional funds to offset general fund--state  
36 allotments and one-half of those additional funds to improve child  
37 support services. The department shall also work with the Washington  
38 state association of county clerks to identify ways to protect the  
39 confidentiality of social security numbers on court documents needed by

1 the child support enforcement system while ensuring the reliability of  
2 this information without significantly increasing the cost to  
3 administer the child support system. The department shall report its  
4 recommendations for protecting the confidentiality of social security  
5 numbers to appropriate committees of the legislature by December 1,  
6 2000.

7 (e) Provide up to \$500,000 of the general fund--federal  
8 appropriation to the office of financial management for a study of rate  
9 setting methods and policy for subsidized child care, the best method  
10 for coordinating and consolidating child care and early education  
11 programs currently funded by state government, and for a review of the  
12 various state programs for low-income families with children. The  
13 child care rate study shall analyze the effects of rate setting policy  
14 on the affordability and quality of the overall child care market. The  
15 child care and early education program study shall evaluate how current  
16 programs may be coordinated and consolidated to provide the most  
17 efficient level of administration, grant funding, and increased  
18 accessibility by families who are served by these programs. The study  
19 of state programs for low-income families shall compare and contrast  
20 eligibility and access to these programs and identify ways to  
21 coordinate or consolidate these programs to reduce administrative costs  
22 and improve access. The office shall submit a report to the department  
23 of social and health services and the appropriate committees of the  
24 legislature by December 1, 2000.

25 (f) Convene a working group that includes stakeholders and  
26 recipients of public assistance to establish basic customer service  
27 performance measures and goals. The customer service measures and  
28 goals will seek to make support for working families a priority.  
29 Customer service measures and goals may include, but are not limited  
30 to: Hours of operation that allow working families to get services  
31 without missing work, reduced wait times, systems for answering and  
32 returning phone calls in a timely manner, access to benefits that  
33 support work, access to job training and education, and, access to  
34 services for families with limited literacy or English skills, and  
35 families with special needs. The department shall report to the  
36 legislature by January 2001 the establishment of customer service  
37 measures and goals, and the departmental actions to assure the goals  
38 are being met.

1 (g) Use existing flexibility in federal and state welfare laws and  
2 regulations to support, on a limited basis, longer education and  
3 training plans that have a strong likelihood to lead to long-term  
4 economic independence for recipient.

5 (h) Provide up to \$1,400,000 of the general fund--federal  
6 appropriation for after-school care for middle school youth through  
7 programs such as those described in House Bill No. 2530 (after-school  
8 care).

9 (i) Provide up to \$2,710,000 of the general fund--federal  
10 appropriation for training and technical assistance for child care  
11 providers seeking training to enable them to competently serve children  
12 with special needs as described in House Bill No. 2869 (child care  
13 provider training).

14 (j) Provide \$230,000, or as much thereof as may be necessary, to  
15 the department of health to expand the vasectomy project to temporary  
16 assistance for needy families clients and their partners until such  
17 time as a federal family planning waiver is granted that will cover  
18 these services.

19 (k) Ensure that funds provided in this subsection to implement  
20 policies that disregard or exempt a portion of recipients' income are  
21 designed to achieve stated WorkFirst program goals and outcomes.  
22 Income disregards are effective incentives to help WorkFirst families  
23 move towards economic independence. Income disregard policy shall not  
24 discriminate based on who the specific employer is.

25 (2) ((~~\$50,860,000~~)) \$43,408,000 of the general fund--state  
26 appropriation for fiscal year 2000 and ((~~\$50,825,000~~)) \$43,386,000 of  
27 the general fund--state appropriation for fiscal year 2001 are provided  
28 solely for cash assistance and other services to recipients in the  
29 general assistance--unemployable program. Within these amounts, the  
30 department may expend funds for services that assist recipients to  
31 reduce their dependence on public assistance, provided that  
32 expenditures for these services and cash assistance do not exceed funds  
33 provided. The department shall, by July 1, 2000, begin using federal  
34 funds provided in subsection (1) of this section, as allowed by federal  
35 rules, for the costs of providing income assistance to children with  
36 court-appointed guardians or court-appointed custodians.

37 (3) ((~~\$8,752,000~~)) \$5,444,000 of the general fund--state  
38 appropriation for fiscal year 2000 and ((~~\$8,752,000~~)) \$5,632,000 of the  
39 general fund--state appropriation for fiscal year 2001 are provided

1 solely for the food assistance program for legal immigrants. The level  
2 of benefits shall be equivalent to the benefits provided by the federal  
3 food stamp program.

4 (4) RCW 74.08A.280 permits the department to develop contracts for  
5 state-wide welfare-to-work services. Within amounts available in this  
6 section, the department shall provide progress reports on the use of  
7 such contracting to the fiscal committees of the legislature by January  
8 1, 2001. Each of these reports shall describe the number of current  
9 contracts for temporary assistance for needy families (TANF) or  
10 WorkFirst services that the department has with community social  
11 service providers and a description of the services being provided  
12 through each of those contracts.

13 (5) The legislature finds that, since the passage of the federal  
14 personal responsibility and work opportunity act in 1997, Washington's  
15 public assistance population has declined dramatically, and that the  
16 currently appropriated level for the temporary assistance for needy  
17 families program is sufficient for the 1999-01 biennium. The  
18 legislature further finds that federal funding for the temporary  
19 assistance for needy families program may decrease after the current  
20 five-year block grant has expired. The legislature declares that at  
21 least \$60,000,000 of the year-end balance in the federal TANF grant  
22 shall be held in reserve by the office of financial management at the  
23 close of the 1999-01 biennium.

4 The appropriations in this section are subject to the following  
5 conditions and limitations:

6 (1) \$1,960,000 of the general fund--state appropriation for fiscal  
7 year 2000 and \$1,960,000 of the general fund--state appropriation for  
8 fiscal year 2001 are provided solely for expansion of 50 drug and  
9 alcohol treatment beds for persons committed under RCW 70.96A.140.  
10 Patients meeting the commitment criteria of RCW 70.96A.140 but who  
11 voluntarily agree to treatment in lieu of commitment shall also be  
12 eligible for treatment in these additional treatment beds. The  
13 department shall develop specific placement criteria for these expanded  
14 treatment beds to ensure that this new treatment capacity is  
15 prioritized for persons incapacitated as a result of chemical  
16 dependency and who are also high utilizers of hospital services.

17 (2) \$18,000 of the general fund--state appropriation for fiscal  
18 year 2000, \$88,000 of the general fund--state appropriation for fiscal  
19 year 2001, and \$116,000 of the general fund--federal appropriation are  
20 provided solely for activities related to chemical dependency services  
21 under subsection 202(1) of this act. If that subsection is not enacted  
22 by June 30, 1999, the amounts provided in this subsection shall lapse.

23 (3) \$1,444,000 of the general fund--state appropriation for fiscal  
24 year 2000, \$1,484,000 of the general fund--state appropriation for  
25 fiscal year 2001, and \$330,000 of the general fund--federal  
26 appropriation are provided for implementation of Engrossed Substitute  
27 Senate Bill No. 5480 (drug-affected infants) or sections 1 through 17  
28 of Second Substitute House Bill No. 1574. If legislation expanding  
29 services to prevent drug-affected infants is not enacted by June 30,  
30 1999, the amounts provided in this subsection shall be provided solely  
31 for the development and implementation of comprehensive programs for  
32 alcohol and drug abusing mothers and their young children. The pilot  
33 programs shall be implemented in several locations, including at least  
34 one rural location. The pilot programs shall also be supported with  
35 TANF funds provided in section 208 of this act as a way to reduce  
36 prolonged dependency on public assistance for program participants.

37 (4) \$442,000 of the public safety and education account--state  
38 appropriation is provided solely for drug courts that have a net loss

1 of federal grant funding from fiscal year 2000 to fiscal year 2001.  
2 The legislature finds that drug courts reduce criminal justice costs  
3 for both state and local governments. This appropriation is intended  
4 to cover approximately one-half of the lost federal funding. It is the  
5 intent of the legislature to provide state assistance to counties to  
6 cover a part of lost federal funding for drug courts for a maximum of  
7 three years.

8       **Sec. 210.** 1999 c 392 s 2 (uncodified) is amended to read as

26       The appropriations in this section are subject to the following  
27 conditions and limitations:

28       (1) The department shall continue to make use of the special  
29 eligibility category created for children through age 18 and in  
30 households with incomes below 200 percent of the federal poverty level  
31 made eligible for medicaid as of July 1, 1994.

32       (2) It is the intent of the legislature that Harborview medical  
33 center continue to be an economically viable component of the health  
34 care system and that the state's financial interest in Harborview  
35 medical center be recognized.

36       (3) Funding is provided in this section for the adult dental

2 surgeons.

3 (4) \$1,647,000 of the general fund--state appropriation for fiscal  
4 year 2000 and \$1,672,000 of the general fund--state appropriation for  
5 fiscal year 2001 are provided for treatment of low-income kidney  
6 dialysis patients.

7 (5) \$80,000 of the general fund--state appropriation for fiscal  
8 year 2000, \$80,000 of the general fund--state appropriation for fiscal  
9 year 2001, and \$160,000 of the general fund--federal appropriation are  
10 provided solely for the prenatal triage clearinghouse to provide access  
11 and outreach to reduce infant mortality.

12 ~~(6) ((The department shall adopt a new formula for distributing  
13 funds under the low income disproportionate share hospital (LI-DSH)  
14 program. Under this new formula, (a) the state's Level 1 trauma center  
15 shall continue to receive the same amount of LI-DSH payments as in  
16 fiscal year 1999; and (b) a net profitability factor shall be included  
17 with other factors to determine LI-DSH payments. The net profitability  
18 factor shall inversely relate hospital percent net operating income to  
19 payment under the program.~~

20 ~~(7))~~ The department shall report to the fiscal committees of the  
21 legislature by September 15, 1999, and again by December 15, 1999, on  
22 (a) actions it has taken and proposes to take to increase the share of  
23 medicare part B premium payments upon which it is collecting medicaid  
24 matching funds; (b) the percentage of such premium payments for each  
25 month of service subsequent to June 1998 which have been paid with  
26 unmatched, state-only funds; and (c) why matching funds could not be  
27 collected on those payments.

28 ~~((+8))~~ (7) The department shall report to the fiscal committees of  
29 the legislature by December 1, 1999, and again by October 1, 2000, on  
30 the amount which has been recovered from third-party payers as a result  
31 of its efforts to improve coordination of benefits on behalf of "basic  
32 health plan-plus" enrollees.

33 ~~((+9))~~ (8) The department shall report to the health care and  
34 fiscal committees of the legislature by December 1, 1999, on options  
35 for controlling the growth in medicaid prescription drug expenditures  
36 through strategies such as but not limited to volume purchasing,  
37 selective contracting, supplemental drug discounts, and improved care  
38 coordination for high utilizers.

1       (~~(10)~~)   (9)   \$3,992,000 of the health services account  
2 appropriation and \$7,651,000 of the general fund--federal appropriation  
3 are provided solely for health insurance coverage for children with  
4 family incomes between 200 percent and 250 percent of the federal  
5 poverty level, as provided in Substitute Senate Bill No. 5416  
6 (children's health insurance program). If the bill is not enacted by  
7 June 30, 1999, these amounts shall lapse.

8       (~~(11)~~) ~~\$191,000 of the general fund--state appropriation for fiscal~~

13       (~~(12)~~)   (10) Upon approval from the federal health care financing  
14 administration, the department shall implement the section 1115 family  
15 planning waiver to provide family planning services to persons with  
16 family incomes at or below two hundred percent of the federal poverty  
17 level.

18       (~~(13)~~) ~~Except in the case of rural hospitals and Harborview medical~~  
19 ~~center, weighted average payments under the ratio of cost to charges~~  
20 ~~hospital payment system shall increase by no more than 175 percent of~~  
21 ~~the DRI HCFA hospital reimbursement market basket index.~~

22       (~~(15)~~)   (11) In accordance with Substitute Senate Bill No. 5968,  
23 (~~(\$25,978,000)~~)   \$70,821,000 of the health services account  
24 appropriation for fiscal year 2000, (~~(\$26,069,000)~~) \$42,041,000 of the  
25 health services account appropriation for fiscal year 2001, and  
26 (~~(\$56,002,000)~~)   \$120,278,000 of the general fund--federal  
27 appropriation, or so much thereof as may be expended without exceeding  
28 the medicare upper payment limit, are provided solely for supplemental  
29 payments to nursing homes operated by rural public hospital districts.  
30 Such payments shall be distributed among the participating rural public  
31 hospital districts proportional to the number of days of medicaid-  
32 funded nursing home care provided by each district during the preceding  
33 calendar year, relative to the total number of such days of care  
34 provided by all participating rural public hospital districts. Prior  
35 to making any supplemental payments, the department shall first obtain  
36 federal approval for such payments under the medicaid state plan. The  
37 payments shall further be conditioned upon (a) a contractual commitment  
38 by the association of public hospital districts and participating rural  
39 public hospital districts to make an intergovernmental transfer to the

1 state treasurer, for deposit into the health services account, equal to  
2 at least ((82)) 87 percent of the total supplemental payment amounts  
3 received during the 1999-01 fiscal biennium; and (b) a contractual  
4 commitment by the participating districts to not allow expenditures  
5 covered by the supplemental payments to be used for medicaid nursing  
6 home rate-setting. The participating districts shall retain no more  
7 than a total of \$30,000,000 for the 1999-01 biennium.

8 (12) In determining financial eligibility for medicaid-funded  
9 services, the department is authorized to disregard recoveries by  
10 Holocaust survivors of insurance proceeds or other assets, as defined  
11 in RCW 48.104.030.

12 (13) \$1,529,000 of the general fund--state appropriation for fiscal  
13 year 2000, \$4,077,000 of the general fund--state appropriation for  
14 fiscal year 2001, and \$5,394,000 of the general fund--federal  
15 appropriation are provided solely for implementation of the settlement  
16 negotiated by the department and the attorney general in the case of  
17 Allenmore et al. vs. DSHS.

18 (14) From funds provided in this section, the department shall  
19 develop disease state management and therapeutic substitution programs  
20 which will substantially maintain or enhance the quality of the drug  
21 benefit for medical assistance recipients, while controlling overall  
22 health care costs. In designing the disease state management programs,  
23 the department shall research programs which have proven effective with  
24 similar populations in other states, and shall then work with concerned  
25 provider and consumer groups to adapt those strategies to Washington's  
26 service delivery system. The department shall work with its drug  
27 utilization and education council to develop a therapeutic substitution  
28 program for at least two classes of drugs. Under the therapeutic  
29 substitution program, the council shall analyze pharmacoeconomic  
30 research on the costs and benefits of all drugs within the class, and  
31 identify the most cost-effective drug or drugs within the class for  
32 placement on the formulary. Other drugs within the class shall be  
33 preauthorized when clinically indicated under criteria established by  
34 the council. The department shall report to appropriate committees of  
35 the legislature by December 1, 2000, prior to implementing its proposed  
36 strategies.

37 (15) \$14,848,000 of the health services account appropriation for  
38 fiscal year 2001 and \$15,269,000 of the general fund--federal  
39 appropriation are provided solely for additional disproportionate share

1 hospital payments to public hospital districts. Such additional  
2 payments shall not be made prior to federal approval of a revision in  
3 the medicaid payment methodology for state teaching hospitals, and  
4 shall not exceed the increase in medicaid payments which results from  
5 that change. The payments shall further be conditioned upon a  
6 contractual commitment by the participating public hospital districts  
7 to make an intergovernmental transfer to the health services account  
8 equal to at least 77 percent of the additional disproportionate share  
9 payment. The participating districts shall retain no more than  
10 \$7,000,000 of the additional disproportionate share payment. At least  
11 28 percent of the amounts retained by the participating hospital  
12 districts shall be allocated to the state teaching hospitals.

13 (16)(a) \$49,000 of the general fund--state appropriation for fiscal  
14 year 2001 and \$49,000 of the general fund--federal appropriation for  
15 fiscal year 2001 are provided solely for the medical assistance  
16 administration and the health care authority to jointly conduct a  
17 state-wide study to:

18 (i) Determine payment sources and rates paid for primary health  
19 care providers performing outpatient primary care services and primary  
20 care in hospital emergency rooms for the state's medical assistance  
21 programs, including healthy options, and the basic health plan. To  
22 determine payment sources and rates paid, the agencies may seek  
23 information in relation to such factors as:

24 (A) The rates paid to primary care providers for their medical  
25 assistance programs, including healthy options, and basic health plan  
26 contracts; and

27 (B) How these rates compare with nonpublic pay clients for the same  
28 services.

29 The agencies are authorized to attain this information from health  
30 plans or providers. The agencies shall maintain the confidentiality of  
31 data collected for the purpose of the study;

32 (ii) Determine which primary care providers serve a relatively high  
33 number of low-income clients, and how that affects their medical  
34 practice. For purposes of the study, "primary care providers" includes  
35 pediatricians, family practitioners, general practitioners, internists,  
36 physician assistants, and advanced registered nurse practitioners; and

37 (iii) Develop proposals to support these providers' medical  
38 practices. The agencies must determine what constitutes a relatively  
39 high percentage of low-income clients for individual primary care

1 providers who contract for medical assistance administration programs,  
2 including healthy options, and the basic health plan, and recommend  
3 whether and at what point this disproportionately high percentage  
4 should result in additional compensation to the primary care provider.  
5 The agencies shall recommend a method to calculate a payment adjustment  
6 designed to help support medical practices, according to the study's  
7 findings.

8 (b) In conducting the study, the agencies shall determine which  
9 regions of the state to include in the study, based on factors the  
10 agencies determine will provide the most representative data state-  
11 wide. The agencies shall also consult with interested parties,  
12 including any organization or agency affected by this subsection,  
13 throughout the course of the study.

14 (c) The agencies shall report to the legislature by December 1,  
15 2000, with the results of the primary health care provider study. The  
16 report shall include recommendations on: (i) What constitutes a  
17 disproportionately high percentage of low-income clients; (ii) possible  
18 payment adjustments for these providers; (iii) methods to implement  
19 such a rate adjustment; and (iv) what such a payment adjusted program  
20 will cost.

21 (17) From funds appropriated in this section, the medical  
22 assistance program shall assist the Washington state institute for  
23 public policy with the assessment of options for expanding medicaid  
24 eligibility required in section 607 of this 2000 act. Such assistance  
25 shall include analysis of medicaid enrollment and expenditure data  
26 needed for enrollment and cost projections; information and advice on

35 provided solely for the development and implementation of a licensing  
36 and disciplinary management system. Expenditures are conditioned upon  
37 compliance with section 902 of this act. These funds shall not be

1 expended without appropriate project approval by the department of  
2 information systems.

3 (2) The department or any successor agency is authorized to raise  
4 existing fees charged to the nursing assistants, podiatrists, and  
5 osteopaths; for certificate of need; for temporary worker housing; for  
6 state institution inspection; for residential care facilities and for  
7 transient accommodations, in excess of the fiscal growth factor  
8 established by Initiative Measure No. 601, if necessary, to meet the  
9 actual costs of conducting business and the appropriation levels in  
10 this section.

11 (3) \$339,000 of the general fund--state appropriation for fiscal  
12 year 2000, \$339,000 of the general fund--state appropriation for fiscal  
13 year 2001, and \$678,000 of the general fund--federal appropriation are

26 (5) The department of health shall not initiate any services that  
27 will require expenditure of state general fund moneys unless expressly  
28 authorized in this act or other law. The department may seek, receive,  
29 and spend, under RCW 43.79.260 through 43.79.282, federal moneys not  
30 anticipated in this act as long as the federal funding does not require  
31 expenditure of state moneys for the program in excess of amounts  
32 anticipated in this act. If the department receives unanticipated  
33 unrestricted federal moneys, those moneys shall be spent for services  
34 authorized in this act or in any other legislation that provides  
35 appropriation authority, and an equal amount of appropriated state  
36 moneys shall lapse. Upon the lapsing of any moneys under this

7 sustainable, long-term, comprehensive tobacco control program. The  
8 plan shall identify a specific set of outcome measures that shall be  
9 used to track long range progress in reducing the use of tobacco.  
10 Nationally accepted measures that can be used to compare progress with  
11 other states shall be included. The plan shall emphasize programs that  
12 have demonstrated effectiveness in achieving progress towards the  
13 specified outcome measures. Components of the plan that do not have a  
14 record of success may be included, provided that the plan also includes  
15 the means of evaluating those components. The plan shall also include  
16 an inventory of existing publically funded programs that seek to  
17 prevent the use of tobacco, alcohol, or other drugs by children and  
18 youth and recommendations to coordinate and consolidate these programs  
19 in order to achieve greatest positive outcomes within total available  
20 resources. A preliminary plan shall be submitted to the appropriate  
21 committees of the legislature by December 1, 1999(~~with the final~~  
22 ~~plan submitted by September 1, 2000~~)).

30 agreements. The plan shall be submitted to the appropriate committees

33 and \$50,000 of fiscal year 2001 general fund--state appropriation are  
34 provided solely for fund raising and other activities for the

37 appropriations.

38 (9) \$15,000,000 of the tobacco prevention and control account  
39 appropriation is provided solely for the implementation of a

1 sustainable, long-term tobacco control program. The integrated  
2 components of the program may include: Community-based programs,  
3 cessation, public awareness and education, youth access, and assessment  
4 and evaluation. A final plan will define the sustainable  
5 implementation of the long-term program given the remaining available  
6 balance in the tobacco prevention and control account. This plan shall  
7 be submitted to the appropriate committees of the legislature by  
8 September 1, 2000.

27 each district's basic education allocation per student. Increases for  
28 educational service districts and institutional education programs are

30 methodology for general apportionment salaries and benefits in section  
31 502 of this act.

11 (2) A maximum of ((~~\$1,475,000~~)) \$1,473,000 may be expended for  
12 regional transportation coordinators and related activities. The

16 district.

17 (3) \$10,000 of the fiscal year 2000 appropriation and \$10,000 of  
18 the fiscal year 2001 appropriation are provided solely for the

31 Allocations for transportation of students living within one radius  
32 mile shall be based on the number of enrolled students in grades  
33 kindergarten through five living within one radius mile of their  
34 assigned school multiplied by the per mile reimbursement rate for the  
35 school year multiplied by 1.29.

27 The appropriations in this section are subject to the following  
28 conditions and limitations:

29 (1) Funding for special education programs is provided on an excess  
30 cost basis, pursuant to RCW 28A.150.390. School districts shall  
31 ensure, to the greatest extent possible, that special education  
32 students receive their appropriate share of the general apportionment  
33 allocation accruing through sections 502 and 504 of this act. To the  
34 extent a school district cannot provide an appropriate education for  
35 special education students under chapter 28A.155 RCW through the

1 general apportionment allocation, it shall provide services through the  
2 special education allocation funded in this section.

3 (2) Each general fund--state fiscal year appropriation includes  
4 such funds as are necessary to complete the school year ending in the  
5 fiscal year and for prior fiscal year adjustments.

6 ((+2)) (3) The superintendent of public instruction shall  
7 distribute state funds to school districts based on two categories:  
8 The optional birth through age two program for special education  
9 eligible developmentally delayed infants and toddlers, and the  
10 mandatory special education program for special education eligible  
11 students ages three to twenty-one. A "special education eligible  
12 student" means a student receiving specially designed instruction in  
13 accordance with a properly formulated individualized education program.

14 ((+3)) (4) For the 1999-00 and 2000-01 school years, the  
15 superintendent shall distribute state funds to each district based on  
16 the sum of:

17 (a) A district's annual average headcount enrollment of  
18 developmentally delayed infants and toddlers ages birth through two,  
19 multiplied by the district's average basic education allocation per  
20 full-time equivalent student, multiplied by 1.15; and

21 (b) A district's annual average full-time equivalent basic  
22 education enrollment multiplied by the funded enrollment percent  
23 determined pursuant to subsection ((+4)(e)) (5)(c) of this section,  
24 multiplied by the district's average basic education allocation per  
25 full-time equivalent student multiplied by 0.9309.

26 ((+4)) (5) The definitions in this subsection apply throughout  
27 this section.

28 (a) "Average basic education allocation per full-time equivalent  
29 student" for a district shall be based on the staffing ratios required  
30 by RCW 28A.150.260 and shall not include enhancements, secondary  
31 vocational education, or small schools.

32 (b) "Annual average full-time equivalent basic education  
33 enrollment" means the resident enrollment including students enrolled  
34 through choice (RCW 28A.225.225) and students from nonhigh districts  
35 (RCW 28A.225.210) and excluding students residing in another district  
36 enrolled as part of an interdistrict cooperative program (RCW  
37 28A.225.250).

38 (c) "Enrollment percent" means the district's resident special  
39 education annual average enrollment including those students counted

1 under the special education demonstration projects, excluding the birth  
2 through age two enrollment, as a percent of the district's annual  
3 average full-time equivalent basic education enrollment. For the 1999-  
4 00 and the 2000-01 school years, each district's funded enrollment  
5 percent shall be the lesser of the district's actual enrollment percent  
6 for the school year for which the allocation is being determined or  
7 12.7 percent.

8 ~~((+5+))~~ (6) At the request of any interdistrict cooperative of at  
9 least 15 districts in which all excess cost services for special  
10 education students of the districts are provided by the cooperative,  
11 the maximum enrollment percent shall be 12.7, and shall be calculated  
12 in the aggregate rather than individual district units. For purposes  
13 of this subsection, the average basic education allocation per full-  
14 time equivalent student shall be calculated in the aggregate rather  
15 than individual district units.

16 ~~((+6+))~~ (7) A maximum of \$12,000,000 of the general fund--state  
17 appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the  
18 general fund--state appropriation for fiscal year 2001 are provided as  
19 safety net funding for districts with demonstrated needs for state  
20 special education funding beyond the amounts provided in subsection  
21 ~~((+3+))~~ (4) of this section. Safety net funding shall be awarded by  
22 the state safety net oversight committee.

23 (a) The safety net oversight committee shall first consider the  
24 needs of districts adversely affected by the 1995 change in the special  
25 education funding formula. Awards shall be based on the amount  
26 required to maintain the 1994-95 state special education excess cost  
27 allocation to the school district in aggregate or on a dollar per  
28 funded student basis.

29 (b) The committee shall then consider unusual needs of districts  
30 due to a special education population which differs significantly from  
31 the assumptions of the state funding formula. Awards shall be made to  
32 districts that convincingly demonstrate need due to the concentration  
33 and/or severity of disabilities in the district. Differences in  
34 program costs attributable to district philosophy or service delivery  
35 style are not a basis for safety net awards.

36 (c) The maximum allowable indirect cost for calculating safety net  
37 eligibility may not exceed the federal restricted indirect cost rate  
38 for the district plus one percent.

1 (d) Safety net awards shall be adjusted based on the percent of  
2 potential medicaid eligible students billed as calculated by the  
3 superintendent in accordance with Substitute Senate Bill No. 5626  
4 (medicaid payments to schools).

5 (e) Safety net awards must be adjusted for any audit findings or  
6 exceptions related to special education funding.

7 (f) The superintendent may expend up to \$100,000 per year of the  
8 amounts provided in this subsection to provide staff assistance to the  
9 committee in analyzing applications for safety net funds received by  
10 the committee.

11 ~~((+7))~~ (8) The superintendent of public instruction may adopt such  
12 rules and procedures as are necessary to administer the special  
13 education funding and safety net award process. Prior to revising any  
14 standards, procedures, or rules, the superintendent shall consult with  
15 the office of financial management and the fiscal committees of the  
16 legislature.

17 ~~((+8))~~ (9) The safety net oversight committee appointed by the  
18 superintendent of public instruction shall consist of:

19 (a) Staff of the office of superintendent of public instruction;

20 (b) Staff of the office of the state auditor;

21 (c) Staff of the office of the financial management; and

22 (d) One or more representatives from school districts or  
23 educational service districts knowledgeable of special education  
24 programs and funding.

25 ~~((+9) A maximum of))~~ (10) To the extent necessary, \$5,500,000 of  
26 the general fund--federal appropriation shall be expended for safety  
27 net funding to meet the extraordinary needs of one or more individual  
28 special education students. If safety net awards to meet the  
29 extraordinary needs of one or more individual special education  
30 students exceed \$5,500,000 of the general fund--federal appropriation,  
31 the superintendent shall expend all available federal discretionary  
32 funds necessary to meet this need. General fund--state funds shall not  
33 be expended for this purpose.

34 ~~((+10))~~ (11) A maximum of \$678,000 may be expended from the  
35 general fund--state appropriations to fund 5.43 full-time equivalent  
36 teachers and 2.1 full-time equivalent aides at children's orthopedic  
37 hospital and medical center. This amount is in lieu of money provided  
38 through the home and hospital allocation and the special education  
39 program.

1        (~~(11)~~) (12) A maximum of \$1,000,000 of the general fund--federal  
2 appropriation is provided for projects to provide special education  
3 students with appropriate job and independent living skills, including  
4 work experience where possible, to facilitate their successful  
5 transition out of the public school system. The funds provided by this  
6 subsection shall be from federal discretionary grants.

7        (~~(12)~~) (13) A school district may carry over from one year to the  
8 next year up to 10 percent of general fund--state funds allocated under  
9 this program; however, carry over funds shall be expended in the  
10 special education program.

11       (~~(13)~~) (14) The superintendent shall maintain the percentage of  
12 federal flow-through to school districts at 85 percent. In addition to  
13 other purposes, school districts may use increased federal funds for  
14 high-cost students, for purchasing regional special education services  
15 from educational service districts, and for staff development  
16 activities particularly relating to inclusion issues.

17       (~~(14)~~) (15) A maximum of \$1,200,000 of the general fund--federal  
18 appropriation may be expended by the superintendent for projects  
19 related to use of inclusion strategies by school districts for  
20 provision of special education services. The superintendent shall  
21 prepare an information database on laws, best practices, examples of  
22 programs, and recommended resources. The information may be  
23 disseminated in a variety of ways, including workshops and other staff  
24 development activities.

14 **Sec. 907.** RCW 41.26.080 and 1991 c 35 s 17 are each amended to  
15 read as follows:

1        NEW SECTION.    **Sec. 908.**    It is the intent of the legislature that  
2    statutory guidelines for the payment of certain extraordinary nursing  
3    home and other medical expenses be adopted in the 2001 legislative  
4    session, taking into consideration the recommendations of the report  
5    required by section 909 of this act.    It is also the intent of the  
6    legislature that such expenditures be authorized only if the actuarial  
7    valuation study of the law enforcement officers' and fire fighters'  
8    retirement system plan 1 assets and liabilities as of December 31,  
9    1999, indicates that the system has not less than five hundred million  
10   dollars in surplus assets.

11       NEW SECTION.    **Sec. 909.**    The joint committee on pension policy  
12   shall provide for a study, through the office of the state actuary  
13   during the 2000 interim, of the options for providing partial funding  
14   of law enforcement officers' and fire fighters' retirement system plan  
15   1 retiree medical expenses from the surplus assets of the law  
16   enforcement officers' and fire fighters' retirement system plan 1 fund.  
17   The study shall include a report by the office of the state actuary on  
18   local government liabilities, as required by the 1999-2001 operating  
19   budget, and a review of legal issues, federal tax compliance issues,  
20   variations in local government benefits and funding mechanisms, and  
21   other relevant issues.

22       In conducting the study, the joint committee shall solicit  
23   information and advice from representatives of organizations that  
24   represent employers and retirees of the law enforcement officers' and  
25   fire fighters' retirement system plan 1.    The office of the state  
26   actuary may provide administrative support for the study.

27       The joint committee shall submit its report and recommendations to  
28   the legislature no later than December 15, 2000.

29       NEW SECTION.    **Sec. 910.**    A new section is added to 1999 c 309  
30   (uncodified) to read as follows:

31       **DONATIONS OF EMPLOYEE LEAVE.**    During the 1999-2001 fiscal biennium,  
32   an employee of the Washington state department of transportation may,  
33   consistent with the provisions of RCW 41.04.665(3), donate leave to the  
34   existing leave balances of an employee of the Washington state  
35   department of transportation who dies in the line of duty between  
36   February 1, 2000, and June 30, 2000.    The value of the donated leave  
37   will be included in the deceased employee's final compensation, but is

1 not compensation earnable for the purposes of chapter 41.40 RCW. The  
2 agency head shall determine the total amount of leave, not to exceed  
3 261 days, that may be donated under this section. The Washington

5 office of financial management, as it deems necessary for the  
6 implementation of this temporary benefit.

11 organized under Title 3 or 35 RCW, or chapter 2.08 RCW, shall be  
12 deposited in the public safety and education account which is hereby  
13 created in the state treasury. The legislature shall appropriate the

13 the purposes of this chapter, including but not limited to the  
14 following activities:

35       (xi) Public funding to assist potentially liable persons to pay for  
36 the costs of remedial action in compliance with cleanup standards under  
37 RCW 70.105D.030(2)(e) but only when the amount and terms of such  
38 funding are established under a settlement agreement under RCW  
39 70.105D.040(4) and when the director has found that the funding will

1 achieve both (A) a substantially more expeditious or enhanced cleanup  
2 than would otherwise occur, and (B) the prevention or mitigation of  
3 unfair economic hardship; and

4 (xii) Development and demonstration of alternative management  
5 technologies designed to carry out the top two hazardous waste  
6 management priorities of RCW 70.105.150.

7 (3) The following moneys shall be deposited into the local toxics  
8 control account: Those revenues which are raised by the tax imposed

12 used by the department for grants or loans to local governments for the  
13 following purposes in descending order of priority: (i) Remedial

35 (5) One percent of the moneys deposited into the state and local

1 grants is to facilitate the participation by persons and organizations  
2 in the investigation and remedying of releases or threatened releases  
3 of hazardous substances and to implement the state's solid and  
4 hazardous waste management priorities. However, during the 1999-2001  
5 fiscal biennium, funding may not be granted to entities engaged in  
6 lobbying activities, and applicants may not be awarded grants if their  
7 cumulative grant awards under this section exceed \$200,000. No grant

10 in the account shall be pledged for the purpose of paying interest and  
11 principal on the bonds issued by the department, and for the purchase  
12 of land for growing timber. Any bonds issued shall constitute a first  
13 and prior claim and lien against the account for the payment of  
14 principal and interest. No sums for the above purposes shall be  
15 withdrawn or paid out of the account except upon approval of the  
16 department.

17 Appropriations may be made by the legislature from the forest  
18 development account to the department for the purpose of carrying on  
19 the activities of the department on state forest lands, lands managed

33 **FOR THE DEPARTMENT OF NATURAL RESOURCES**

1 Trust Land Transfer (00-2-001)

2 The state building construction account appropriation in this  
3 section is subject to the following conditions and limitations:

4 (1) The total appropriation is provided to the department solely to  
5 transfer from trust status or enter into thirty-year timber harvest  
6 restrictive easements for certain trust lands of state-wide  
7 significance deemed appropriate for state park, fish and wildlife  
8 habitat, natural area preserve, natural resources conservation area,  
9 open space, or recreation purposes.

10 (2) Property transferred under this section shall be appraised and  
11 transferred at fair market value. The value of the timber transferred  
12 shall be deposited by the department to the common school construction  
13 account in the same manner as timber revenues from other common school  
14 trust lands. No deduction shall be made for the resource management  
15 cost account under RCW 79.64.040. The value of the land transferred  
16 shall be deposited in the natural resources real property replacement  
17 account. These funds shall be expended by the department for the  
18 exclusive purpose of acquiring real property of equal value to be  
19 managed as common school trust land.

20 (3) Property subject to easement agreements under this section  
21 shall be appraised at fair market value both with and without the  
22 imposition of the easement. The entire difference in appraised value  
23 shall be deposited by the department to the common school construction  
24 fund in the same manner as lease revenues from other common school  
25 trust lands. No deduction shall be made for the resource management  
26 cost account under RCW 79.64.040.

27 (4) ~~((All))~~ Up to \$1,000,000 of the appropriation in this section  
28 may be used for reasonable costs incurred by the department to  
29 implement this section ~~((are authorized to be paid out of this~~  
30 ~~appropriation))~~. Authorized costs include the actual cost of  
31 appraisals, staff time, environmental reviews, surveys, and other  
32 similar costs.

33 (5) Intergrant exchanges between common school and other trust  
34 lands of equal value may occur if the exchange is in the interest of  
35 each trust, as determined by the board of natural resources.

36 (6) Prior to or concurrent with conveyance of these properties, the  
37 department, with full cooperation of the receiving agencies, shall  
38 execute and record a real property instrument that dedicates the

1 transferred properties to the purposes identified in subsection (1) of  
 2 this section for a minimum period of thirty years. The department of  
 3 natural resources, in consultation with the receiving state agencies,  
 4 shall develop policy to address requests to replace transferred  
 5 properties subject to the recorded property instrument that are no  
 6 longer deemed appropriate for the purposes identified in subsection (1)  
 7 of this section.

8 (7) The department and receiving agencies shall work in good faith  
 9 to carry out the intent of this section. However, the department or  
 10 receiving agencies may remove a property from the transfer list in  
 11 subsection (8) of this section if, based on new, substantive  
 12 information, it is determined that transfer of the property is not in  
 13 the state-wide interest of either the common school trust or the  
 14 receiving agency.

15 (8) The appropriation in this section is provided to execute  
 16 transfers or easements for the list of properties identified in LEAP  
 17 capital document No. (~~99-3, as developed on April 8, 1999~~) 2000 T-1,  
 18 as developed on February 29, 2000, as follows: Projects in category A  
 19 shall be transferred; to the extent that local funding is provided for  
 20 the land value of the property, projects in category B shall be  
 21 transferred; and projects in category C and remaining projects in  
 22 category B may be transferred or leased as funding allows.

23 (9) The department shall execute trust land transfers and easements  
 24 such that (~~90~~), subsequent to the deduction for administrative costs,  
 25 85 percent of the appropriation in this section is deposited in the  
 26 common school construction fund. To achieve the (~~90:10~~) 85:15 ratio,  
 27 the department may offset transfers of property with low timber-to-land  
 28 ratios with easements on other properties.

29 (10) On June 30, 2001, the state treasurer shall transfer all  
 30 remaining uncommitted funds from this appropriation to the common  
 31 school construction fund and the appropriation in this section shall be  
 32 reduced by an equivalent amount.

Passed the House April 27, 2000.  
 Passed the Senate April 27, 2000.  
 Approved by the Governor May 2, 2000, with the exception of certain items that were vetoed.  
 Filed in Office of Secretary of State May 2, 2000.

1 Note: Governor's explanation of partial veto is as follows:

2 "I am returning herewith, without my approval as to sections  
 3 103(2); 109, lines 29 and 30; 109(1); 118(8); 119(11); 124(6); 222(4);  
 4 304, lines 33 and 34; 304(4); 304(5); 306, lines 7 and 8; 306(1);  
 5 306(14); and 1045, lines 21 through 36, Engrossed House Bill No. 2487  
 6 entitled:

7 "AN ACT Relating to fiscal matters;"

8 **Section 103 (2), Page 7, Study of Bilingual Education (Joint**  
 9 **Legislative Audit and Review Committee)**

10 In place of this study, I request that the Office of the Superintendent  
 11 of Public Instruction, within its available resources, conduct a study  
 12 of K-12 programs that serve students with limited English proficiency  
 13 and report findings to my office and the education and fiscal  
 14 committees of the House of Representatives and the Senate no later than  
 15 December 15, 2000. The study should review, at a minimum: (a) the  
 16 impact of bilingual programs on improving student academic achievement;  
 17 (b) updated information on the length of stay in bilingual programs and  
 18 factors that influence length of stay; and (c) other research, reports  
 19 and studies on transitional bilingual programs.

20 **Sections 109, Page 12, lines 29-30; and 109(1), Page 13, Puget Sound**  
 21 **Action Team (Office of the Governor)**

22 These sections would have reduced the amount available for the Puget  
 23 Sound Action Team's efforts under the Puget Sound Water Quality Work  
 24 Plan by \$79,000. The reduction would have diminished the Action Team's  
 25 ability to coordinate state, federal, and local efforts to protect and  
 26 restore Puget Sound. It is unacceptable to scale back the Action  
 27 Team's technical assistance to local governments when local government  
 28 resources are declining. The protection of Puget Sound is critical  
 29 given the listings of Puget Sound Chinook salmon as endangered under  
 30 the Endangered Species Act.

31 **Section 118(8), Page 35, Department of Personnel**

32 Section 118(8) would have required the Department of Personnel to  
 33 prepare a plan for providing space in one of its office buildings for  
 34 the Citizens' Commission on Salaries for Elected Officials. While not  
 35 a direct conflict of interest, co-location of these two agencies could  
 36 easily present the appearance of a conflict of interest to our state's  
 37 citizens. The voters created the independent Commission in 1986 to  
 38 establish the salaries for all elected officials, including the  
 39 governor. The Commission should not be dependent upon a member of my

1 cabinet for physical space and administrative support. My staff is  
2 studying the feasibility of co-location for a number of small agencies,  
3 and the Commission is included in that effort.

4 **Section 119(11), Pages 36-37, Retiree Return-to-Work Rules**  
5 **(Department of Retirement Systems)**

6 Section 119 (11) would have required the Department of Retirement  
7 Systems to implement changes to the rules governing post-retirement  
8 employment in order to track these activities on an hourly rather than  
9 monthly basis. However, the legislative budget does not include  
10 \$117,000 for the information system improvements necessary to  
11 accomplish this rule change. I have vetoed this unfunded requirement  
12 to prevent the Department from having to absorb the cost through  
13 service reductions in other areas. I am also directing the Department  
14 to re-submit this item in its 2001-03 budget request so that the  
15 change, which is supported by all system employers, can be realized at  
16 a later date.

17 **Section 124(6), Pages 39-40, Liquor Agencies Advisory Committee**  
18 **(Liquor Control Board)**

19 Section 124(6) would have created a Liquor Agencies Advisory Committee  
20 to evaluate the Liquor Control Board's liquor agencies' fees and  
21 commissions. The Liquor Control Board has already established regular  
22 meetings with liquor agencies to obtain their recommendations on the  
23 commissions and fee structure. In addition, the Governor's Retail  
24 Liquor Sales Task Force is reviewing the Board's retail operations,  
25 which includes the liquor agencies' fee and commission structure. I  
26 believe the creation of a new advisory committee is duplicative of  
27 existing efforts.

28 **Section 222(4), Pages 107-108, Contracts with Community Organizations**  
29 **(Employment Security Department)**

30 Section 222 (4) would have required the Employment Security Department  
31 to provide \$5 million through contracts with community-based  
32 organizations for family development or similar services. This proviso  
33 is unnecessary since contracts for these services already exceed \$5  
34 million. Furthermore, the proviso conflicts with federal requirements  
35 by earmarking funding for services that are required to be provided  
36 through a competitive bidding process.

37 **Sections 304, Page 119, lines 33 and 34; and 304(4) and 304(5), Page**  
38 **120, Conservation Commission Activities**

39 The legislative budget would have reduced Conservation Reserve  
40 Enhancement Program (CREP) administration funding by \$300,000, while  
41 adding \$267,000 for implementation and participation in the  
42 Agriculture, Fish, and Water (AFW) negotiation process. The net result  
43 would have been a \$33,000 reduction for the Conservation Commission to  
44 implement two important salmon recovery programs. By vetoing these  
45 changes, the existing General Fund appropriation level is restored to  
46 current funding. I am requesting the Conservation Commission to  
47 continue both efforts within existing resources.

48 **Sections 306, Page 128, lines 7 and 8; and 306(1), Aquatic Lands**  
49 **Enhancement Account Reduction (Department of Natural Resources)**

50 In order to maintain expenditures within available revenue, the Aquatic  
51 Lands Enhancement Account appropriation would have been reduced by  
52 \$300,000 in the operating budget. Operating appropriations are  
53 critical to the management of existing capital projects, spartina  
54 eradication, and management of our state's aquatic resources. Rather

1 than mandating where reductions will occur, it is preferable to allow  
2 the Department to monitor revenue and make reductions to both capital  
3 and operating spending plans as necessary to stay within available  
4 funds. This veto restores the original funding levels, as well as the  
5 amounts for Puget Sound Plan activities. The Department will manage  
6 expenditures so that they do not exceed available revenues.

7 **Section 306(14), Page 131, Independent Staff for the Board of Natural**  
8 **Resources (Department of Natural Resources)**

9 This section would have added three new positions to independently  
10 staff the Board of Natural Resources. Independent staffing would  
11 require the Board to assume new personnel management and administrative  
12 functions in addition to its existing statutory responsibilities. The  
13 Board did not make this request and these additional burdens are  
14 unnecessary and overly cumbersome.

15 **Section 1045, Page 282, lines 21 through 36, Alternative Financing**  
16 **Contracts**

17 This language would have created an interim legislative workgroup to  
18 develop a policy for the uses of alternative financing contracts. The  
19 Office of Financial Management would be directed to incorporate this  
20 policy in assessing alternative financing projects, and would be  
21 restricted from forwarding any project request to the legislature that  
22 has not fulfilled stated information requirements. While I support the  
23 need for increased rigor in the analysis and evaluation of project  
24 costs and financing arrangements, this language is an infringement on  
25 executive prerogatives and powers. In recognition of these concerns,  
26 I am directing the Office of Financial Management to work with the  
27 legislature to agree, to the extent possible, on a common set of  
28 criterion and data requirements that can then be made part of the  
29 regular budget process.

30 For these reasons, I have vetoed sections 103(2); 109, lines 29 and 30;  
31 109(1); 118(8); 119(11); 124(6); 222(4); 304, lines 33 and 34; 304(4);  
32 304(5); 306, lines 7 and 8; 306(1); 306(14); and 1045, lines 21 through  
33 36 of Engrossed House Bill No. 2487.

34 With the exception of sections 103(2); 109, lines 29 and 30; 109(1);  
35 118(8); 119(11); 124(6); 222(4); 304, lines 33 and 34; 304(4); 304(5);  
36 306, lines 7 and 8; 306(1); 306(14); and 1045, lines 21 through 36,  
37 Engrossed House Bill No. 2487 is approved."
