 27 subsection shall not be considered "available resources" as defined in
 28 RCW 71.24.025 and are not subject to the distribution formula

 29 TOTAL APPROPRIATION \$ ((716,863,000))
 30 724,382,000

31 The appropriations in this subsection are subject to the following
 32 conditions and limitations:

33 (a) The health services account appropriation and \$127,000 of the
 34 general fund--federal appropriation are provided solely for health care
 35 benefits for home care workers with family incomes below 200 percent of
 36 the federal poverty level who are employed through state contracts for
 37 twenty hours per week or more. Premium payments for individual

1 provider home care workers shall be made only to the subsidized basic
2 health plan. Home care agencies may obtain coverage either through the
3 basic health plan or through an alternative plan with substantially
4 equivalent benefits.

5 (b) \$3,100,000 of the general fund--state appropriation for fiscal
6 year 2000, \$4,650,000 of the general fund--state appropriation for
7 fiscal year 2001, and \$8,250,000 of the general fund--federal
8 appropriation are provided solely to increase services and supports for
9 people with developmental disabilities. These funds shall be expended
10 in accordance with priorities established by the stakeholder advisory
11 group established in accordance with chapter 216, Laws of 1998
12 (developmental disabilities), except that (i) at least 50 percent of
13 these amounts must be used to increase the number of people receiving
14 residential, employment, family support, or other direct services; (ii)
15 the services and supports must be designed and implemented such that
16 the cost of continuing them in the 2001-03 biennium does not exceed
17 \$19.2 million, of which no more than \$9.3 million is from state funds;
18 and (iii) strong consideration shall be given to the need for increased
19 wages for direct care workers in contracted residential programs.

20 (c) \$413,000 of the general fund--state appropriation for fiscal
21 year 2000, \$1,172,000 of the general fund--state appropriation for
22 fiscal year 2001, and \$694,000 of the general fund--federal
23 appropriation are provided solely for employment, or other day
24 activities and training programs, for young people who complete their
25 high school curriculum in 1999 or 2000.

26 (d) \$1,919,000 of the general fund--state appropriation for fiscal
27 year 2000, \$6,673,000 of the general fund--state appropriation for
28 fiscal year 2001, and \$7,361,000 of the general fund--federal
29 appropriation are provided solely to improve services for persons with
30 developmental disabilities who would otherwise be at risk of needing
31 involuntary commitment to or prolonged treatment at state psychiatric
32 hospitals. The department shall use these funds to enhance the
33 community crisis response system managed by regional support networks,
34 improve crisis prevention and stabilization services through the
35 developmental disabilities community services system, and expand
36 community residential capacity for persons with developmental
37 disabilities who are ready for discharge from state psychiatric
38 hospitals. Funding for community residential capacity is sufficient to
39 move a biennium total of 48 patients out of the state hospitals at a

1 reasonable pace by June 30, 2001. The department shall manage the
2 intensity of services provided so that the average cost per day does
3 not exceed \$300 per person placed in this expanded community
4 residential capacity. The department shall report to the appropriate
5 committees of the legislature progress towards implementing this
6 subsection after each calendar quarter. The legislature finds that, in
7 addition to the appropriations in this subsection for improvements in
8 services to persons with developmental disabilities who are committed
9 to the custody of the secretary under chapter 71.05 RCW, it is
10 necessary to study long-term treatment alternatives and their legal,
11 fiscal, and policy implications. Therefore, the department shall
12 provide a report to the ways and means committee of the senate and the
13 appropriations committee of the house of representatives by December 1,
14 2000, containing options and recommendations for secure treatment
15 programs. The report shall identify various treatment models that
16 could be implemented and various types and locations of secure
17 facilities, both state-owned and leased, in which programs could be
18 sited, together with the department's recommendations. The report
19 shall evaluate the potential for siting such programs on the grounds of
20 existing state residential habilitation centers. The report shall also
21 include analysis of advantages and disadvantages associated with
22 contracting for some or all of the new program options identified. The
23 report shall evaluate the options based on short-term and long-term
24 costs, client and community security, efficiency of coordination with
25 other service delivery systems, and how they address specific legal
26 issues. In developing this report, the department shall invite
27 participation by representatives of the Washington protection and
28 advocacy system (WPAS), and shall include in the report WPAS' position
29 on options and recommendations submitted by the department and any
30 additional recommendations made by WPAS. The legislature recognizes a
31 need to improve long-term services provided to individuals with
32 developmental disabilities who are undergoing involuntary treatment
33 under chapter 71.05 RCW. The legislature is committed to providing
34 resources necessary to address issues in the U.S. District Court case
35 of *Allen v. Western State Hospital*.

36 (e) \$513,000 of the general fund--state appropriation for fiscal
37 year 2000, \$1,421,000 of the general fund--state appropriation for
38 fiscal year 2001, and \$2,033,000 of the general fund--federal
39 appropriation are provided to develop and operate secure residential

1 and day program placements for persons who seem likely to pose a
2 significant risk to the public safety if their current residential
3 arrangement were to continue.

4 (f) \$209,000 of the general fund--state appropriation for fiscal
5 year 2000, \$664,000 of the general fund--state appropriation for fiscal
6 year 2001, and \$939,000 of the general fund--federal appropriation are
7 provided to increase wages as required by Initiative No. 688 (state
8 minimum wage) for contracted adult family homes, adult residential care
9 facilities, hourly and daily family support providers, and hourly
10 attendant care providers.

11 (g) \$1,978,000 of the general fund--state appropriation for fiscal
12 year 2000, \$4,475,000 of the general fund--state appropriation for
13 fiscal year 2001, and \$6,989,000 of the general fund--federal
14 appropriation are provided solely to increase compensation for
15 individual and agency home care workers. Payments to individual
16 providers are to be increased from \$6.18 per hour to \$6.68 per hour on
17 July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to
18 agency providers are to be increased to \$11.97 per hour on July 1,
19 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per
20 hour of the July 1, 1999, increase to agency providers, and all but 15
21 cents per hour of the additional July 1, 2000, increase is to be used
22 to increase wages for direct care workers. The appropriations in this
23 subsection also include the funds needed for the employer share of
24 unemployment and social security taxes on the amount of the increase.

25 (h) Within amounts appropriated in this subsection, the
26 developmental disabilities program shall contract for a pilot program
27 to test an alternative service delivery model for persons with autism.
28 The department must use a competitive process to determine the site of
29 the pilot. The pilot program must be time-limited and subject to an
30 evaluation of client outcomes to determine the effectiveness and
31 efficiency of the pilot program compared to the standard service model
32 for persons with autism.

33 (i) \$500,000 of the general fund--state appropriation for fiscal
34 year 2001 and \$160,000 of the general fund--federal appropriation are
35 provided solely for increased family support services and related case
36 management support.

28 The appropriations in this section are subject to the following
29 conditions and limitations:

30 (1) The entire health services account appropriation,
31 ((~~\$2,118,000~~)) \$4,756,000 of the general fund--federal appropriation,
32 \$923,000 of the general fund--state appropriation for fiscal year 2000,

36 twenty hours per week. Premium payments for individual provider home

1 care workers shall be made only to the subsidized basic health plan.
2 Home care agencies may obtain coverage either through the basic health
3 plan or through an alternative plan with substantially equivalent
4 benefits.

5 (2) \$1,640,000 of the general fund--state appropriation for fiscal
6 year 2000 and \$1,640,000 of the general fund--state appropriation for
7 fiscal year 2001, plus the associated vendor rate increase for each
8 year, are provided solely for operation of the volunteer chore services

11 Bill No. 1484 (nursing home payment rates), the weighted average
12 nursing facility payment rate for fiscal year 2000 shall be no more
13 than \$10.85 for the capital portion of the rate and no more than
14 \$108.20 for the noncapital portion of the rate. For fiscal year 2001,
15 the weighted average nursing facility payment rate shall be no more
16 than \$11.44 for the capital portion of the rate and no more than
17 (~~(\$111.21)~~) \$111.64 for the noncapital portion of the rate. These

19 (4) In addition to the rates set forth in subsection (3), \$286,000
20 of the general fund--state appropriation for fiscal year 2000 and
21 \$310,000 of the general fund--federal appropriation are provided solely
22 for supplemental rate adjustments for certain nursing facilities. In
23 accordance with RCW 74.46.431, the department shall use these funds to
24 apply an additional economic trends and conditions adjustment factor to
25 the rate of any facility whose total rate allocation would otherwise be
26 less than its April 1, 1999, total rate, adjusted for case-mix changes.
27 This supplemental adjustment factor shall be the percentage by which
28 the facility's April 1, 1999, rate would otherwise exceed the rate
29 calculated in accordance with chapter 74.46 RCW and subsection (3) of
30 this section, except that (a) no adjustment shall be provided for any
31 amounts by which a facility's rate is lower due to a reduction in its
32 facility-average medicaid case-mix score; and (b) the adjustment factor
33 shall be reduced proportionately for all facilities by the percentage
34 by which total supplemental payments would otherwise exceed the funds
35 provided for such payments in this subsection. This subsection applies
36 only to rates paid for services provided between July 1, 1999, and
37 March 31, 2000.

38 (5) \$50,000 of the general fund--state appropriation for fiscal
39 year 2000 and \$50,000 of the general fund--state appropriation for

1 fiscal year 2001 are provided solely for payments to any nursing
2 facility licensed under chapter 18.51 RCW which meets all of the
3 following criteria: (a) The nursing home entered into an arm's length
4 agreement for a facility lease prior to January 1, 1980; (b) the lessee

8 pursuant to this subsection shall not be subject to the settlement,
9 audit, or rate-setting requirements contained in chapter 74.46 RCW.

16 cents per hour of the July 1, 1999, increase to agency providers, and
17 all but 15 cents per hour of the additional July 1, 2000, increase is
18 to be used to increase wages for direct care workers. The

23 year 2000, \$80,000 of the general fund--state appropriation for fiscal
24 year 2001, and \$280,000 of the general fund--federal appropriation are
25 provided solely for enhancement and integration of existing management
26 information systems to (a) provide data at the local office level on
27 service utilization, costs, and recipient characteristics; and (b)
28 reduce the staff time devoted to data entry.

29 (8) The department of social and health services shall provide
30 access and choice to consumers of adult day health services for the
31 purposes of nursing services, physical therapy, occupational therapy,
32 and psychosocial therapy. Adult day health services shall not be
33 considered a duplication of services for persons receiving care in
34 long-term care settings licensed under chapter 18.20, 72.36, or 70.128
35 RCW.

36 (9) \$1,452,000 of the general fund--state appropriation for fiscal

3 amounts provided in this subsection shall lapse.

4 (10) \$610,000 of the general fund--state appropriation for fiscal
5 year 2001 is provided solely for implementation of Substitute House

10 year 2000, \$131,000 of the general fund--state appropriation for fiscal
11 year 2001, and \$139,000 of the general fund--federal appropriation are
12 provided solely for implementation of Substitute House Bill No. 2637
13 (background checks). If the bill is not enacted by June 30, 2000, the
14 amounts provided in this subsection shall lapse.

20	General Fund--State Appropriation (FY 2001) . . .	\$	((410,913,000))
21			<u>421,371,000</u>
22	General Fund--Federal Appropriation	\$	((1,229,774,000))
23			<u>1,226,044,000</u>
24	General Fund--Private/Local Appropriation	\$	30,807,000
25	TOTAL APPROPRIATION	\$	((2,099,236,000))
26			<u>2,105,964,000</u>

27 The appropriations in this section are subject to the following
28 conditions and limitations:

29 (1) \$284,083,000 of the general fund--state appropriation for
30 fiscal year 2000, \$268,114,000 of the general fund--state appropriation
31 for fiscal year 2001, \$1,140,342,000 of the general fund--federal
32 appropriation, and \$28,371,000 of the general fund--local appropriation
33 are provided solely for the WorkFirst program and child support
34 operations. WorkFirst expenditures include TANF grants, diversion
35 services, subsidized child care, employment and training, other
36 WorkFirst related services, allocated field services operating costs,
37 and allocated economic services program administrative costs. Within
38 the amounts provided in this subsection, the department shall:

1 (a) Continue to implement WorkFirst program improvements that are
2 designed to achieve progress against outcome measures specified in RCW
3 74.08A.410. Valid outcome measures of job retention and wage
4 progression shall be developed and reported quarterly to appropriate
5 fiscal and policy committees of the legislature for families who leave
6 assistance, measured after 12 months, 24 months, and 36 months. An
7 increased attention to job retention and wage progression is necessary
8 to emphasize the legislature's goal that the WorkFirst program succeed
9 in helping recipients gain long-term economic independence and not
10 cycle on and off public assistance. The wage progression measure shall
11 report the median percentage increase in quarterly earnings and hourly
12 wage after 12 months, 24 months, and 36 months. The wage progression
13 report shall also report the percent with earnings above one hundred
14 percent and two hundred percent of the federal poverty level. The
15 report shall compare former WorkFirst participants with similar workers
16 who did not participate in WorkFirst. The department shall also report
17 percentage of families who have returned to temporary assistance for
18 needy families after 12 months, 24 months, and 36 months.

19 (b) Develop informational materials that educate families about the
20 difference between cash assistance and work support benefits. These
21 materials must explain, among other facts, that the benefits are
22 designed to support their employment, that there are no time limits on
23 the receipts of work support benefits, and that immigration or
24 residency status will not be affected by the receipt of benefits.
25 These materials shall be posted in all community service offices and
26 distributed to families. Materials must be available in multiple
27 languages. When a family leaves the temporary assistance for needy
28 families program, receives cash diversion assistance, or withdraws a
29 temporary assistance for needy families application, the department of
30 social and health services shall educate them about the difference
31 between cash assistance and work support benefits and offering them the
32 opportunity to begin or to continue receiving work support benefits, so
33 long as they are eligible. The department shall provide this
34 information through in-person interviews, over the telephone, and/or
35 through the mail. Work support benefits include food stamps, medicaid
36 for all family members, medicaid or state children's health insurance
37 program for children, and child care assistance. The department shall
38 report annually to the legislature the number of families who have had
39 exit interviews, been reached successfully by phone, and sent mail.

1 The report shall also include the percentage of families who elect to
2 continue each of the benefits and the percentage found ineligible by
3 each substantive reason code. A substantive reason code shall not be
4 "other." The report shall identify barriers to informing families
5 about work support benefits and describe existing and future actions to
6 overcome such barriers.

7 (c) Provide \$500,000 from the general fund--state appropriation for
8 fiscal year 2000 and \$500,000 from the general fund--state
9 appropriation for fiscal year 2001 for continuation of the WorkFirst
10 evaluation conducted by the joint legislative audit and review
11 committee.

12 (d) Report to the appropriate committees of the legislature, by
13 December 1, 2000, how the new federal child support incentive system
14 can be used to maximize federal incentive payments and to support the
15 greatest achievement of WorkFirst program goals. In the event that the
16 department earns federal child support incentive payments in excess of
17 amounts budgeted, the department shall use one-half of those additional
18 funds to offset general fund--state allotments and one-half of those
19 additional funds to improve child support services. The department
20 shall also work with the Washington state association of county clerks
21 to identify ways to protect the confidentiality of social security
22 numbers on court documents needed by the child support enforcement
23 system while ensuring the reliability of this information without
24 significantly increasing the cost to administer the child support
25 system. The department shall report its recommendations for protecting
26 the confidentiality of social security numbers to appropriate
27 committees of the legislature by December 1, 2000.

28 (e) Provide up to \$500,000 of the general fund--federal
29 appropriation to the office of financial management for a study of rate
30 setting methods and policy for subsidized child care, the best method
31 for coordinating and consolidating child care and early education
32 programs currently funded by state government, and for a review of the
33 various state programs for low-income families with children. The
34 child care rate study shall analyze the effects of rate setting policy
35 on the affordability and quality of the overall child care market. The
36 child care and early education program study shall evaluate how current
37 programs may be coordinated and consolidated to provide the most
38 efficient level of administration, grant funding, and increased
39 accessibility by families who are served by these programs. The study

1 of state programs for low-income families shall compare and contrast
2 eligibility and access to these programs and identify ways to
3 coordinate or consolidate these programs to reduce administrative costs
4 and improve access. The office shall submit a report to the department
5 of social and health services and the appropriate committees of the
6 legislature by December 1, 2000.

7 (f) Convene a working group that includes stakeholders and
8 recipients of public assistance to establish basic customer service
9 performance measures and goals. The customer service measures and
10 goals will seek to make support for working families a priority.
11 Customer service measures and goals may include, but are not limited
12 to: Hours of operation that allow working families to get services
13 without missing work, reduced wait times, systems for answering and
14 returning phone calls in a timely manner, access to benefits that
15 support work, access to job training and education, and, access to
16 services for families with limited literacy or English skills, and
17 families with special needs. The department shall report to the
18 legislature by January 2001 the establishment of customer service
19 measures and goals, and the departmental actions to assure the goals
20 are being met.

21 (g) Use existing flexibility in federal and state welfare laws and
22 regulations to support, on a limited basis, longer education and
23 training plans that have a strong likelihood to lead to long-term
24 economic independence for recipient.

25 (h) Provide up to \$1,400,000 of the general fund--federal
26 appropriation for after-school care for middle school youth through
27 programs such as those described in House Bill No. 2530 (after-school
28 care).

29 (i) Provide up to \$2,710,000 of the general fund--federal
30 appropriation for training and technical assistance for child care
31 providers seeking training to enable them to competently serve children
32 with special needs as described in House Bill No. 2869 (child care
33 provider training).

34 (j) Provide \$230,000, or as much thereof as may be necessary, to
35 the department of health to expand the vasectomy project to temporary
36 assistance for needy families clients and their partners until such
37 time as a federal family planning waiver is granted that will cover
38 these services.

1 (k) Ensure that funds provided in this subsection to implement
2 policies that disregard or exempt a portion of recipients' income are
3 designed to achieve stated WorkFirst program goals and outcomes.
4 Income disregards are effective incentives to help WorkFirst families
5 move towards economic independence. Income disregard policy shall not
6 discriminate based on who the specific employer is.

7 (2) \$43,408,000 of the general fund--state appropriation for fiscal
8 year 2000 and \$43,386,000 of the general fund--state appropriation for
9 fiscal year 2001 are provided solely for cash assistance and other
10 services to recipients in the general assistance--unemployable program.
11 Within these amounts, the department may expend funds for services that
12 assist recipients to reduce their dependence on public assistance,
13 provided that expenditures for these services and cash assistance do
14 not exceed funds provided. The department shall, by July 1, 2000,
15 begin using federal funds provided in subsection (1) of this section,
16 as allowed by federal rules, for the costs of providing income
17 assistance to children with court-appointed guardians or court-
18 appointed custodians.

19 (3) \$5,444,000 of the general fund--state appropriation for fiscal
20 year 2000 and \$5,632,000 of the general fund--state appropriation for
21 fiscal year 2001 are provided solely for the food assistance program
22 for legal immigrants. The level of benefits shall be equivalent to the
23 benefits provided by the federal food stamp program.

24 (4) RCW 74.08A.280 permits the department to develop contracts for
25 state-wide welfare-to-work services. Within amounts available in this
26 section, the department shall provide progress reports on the use of
27 such contracting to the fiscal committees of the legislature by January
28 1, 2001. Each of these reports shall describe the number of current
29 contracts for temporary assistance for needy families (TANF) or
30 WorkFirst services that the department has with community social
31 service providers and a description of the services being provided
32 through each of those contracts.

33 (5) The legislature finds that, since the passage of the federal
34 personal responsibility and work opportunity act in 1997, Washington's
35 public assistance population has declined dramatically, and that the
36 currently appropriated level for the temporary assistance for needy
37 families program is sufficient for the 1999-01 biennium. The
38 legislature further finds that federal funding for the temporary
39 assistance for needy families program may decrease after the current

1 five-year block grant has expired. The legislature declares that at
2 least \$60,000,000 of the year-end balance in the federal TANF grant
3 shall be held in reserve by the office of financial management at the
4 close of the 1999-01 biennium.

21 The appropriations in this section are subject to the following
22 conditions and limitations:

23 (1) \$1,960,000 of the general fund--state appropriation for fiscal
24 year 2000 and \$1,960,000 of the general fund--state appropriation for
25 fiscal year 2001 are provided solely for expansion of 50 drug and
26 alcohol treatment beds for persons committed under RCW 70.96A.140.
27 Patients meeting the commitment criteria of RCW 70.96A.140 but who
28 voluntarily agree to treatment in lieu of commitment shall also be
29 eligible for treatment in these additional treatment beds. The
30 department shall develop specific placement criteria for these expanded
31 treatment beds to ensure that this new treatment capacity is
32 prioritized for persons incapacitated as a result of chemical
33 dependency and who are also high utilizers of hospital services.

34 (2) \$18,000 of the general fund--state appropriation for fiscal
35 year 2000, \$88,000 of the general fund--state appropriation for fiscal
36 year 2001, and \$116,000 of the general fund--federal appropriation are
37 provided solely for activities related to chemical dependency services

1 under subsection 202(1) of this act. If that subsection is not enacted
2 by June 30, 1999, the amounts provided in this subsection shall lapse.

3 (3) \$1,444,000 of the general fund--state appropriation for fiscal
4 year 2000, \$1,484,000 of the general fund--state appropriation for
5 fiscal year 2001, and \$330,000 of the general fund--federal
6 appropriation are provided for implementation of Engrossed Substitute
7 Senate Bill No. 5480 (drug-affected infants) or sections 1 through 17
8 of Second Substitute House Bill No. 1574. If legislation expanding
9 services to prevent drug-affected infants is not enacted by June 30,
10 1999, the amounts provided in this subsection shall be provided solely
11 for the development and implementation of comprehensive programs for
12 alcohol and drug abusing mothers and their young children. The pilot
13 programs shall be implemented in several locations, including at least
14 one rural location. The pilot programs shall also be supported with
15 TANF funds provided in section 208 of this act as a way to reduce
16 prolonged dependency on public assistance for program participants.

17 (4) \$442,000 of the public safety and education account--state
18 appropriation is provided solely for drug courts that have a net loss
19 of federal grant funding from fiscal year 2000 to fiscal year 2001.
20 The legislature finds that drug courts reduce criminal justice costs
21 for both state and local governments. This appropriation is intended
22 to cover approximately one-half of the lost federal funding. It is the
23 intent of the legislature to provide state assistance to counties to
24 cover a part of lost federal funding for drug courts for a maximum of
25 three years.

26 **Sec. 209.** 2000 2nd sp.s. c 1 s 210 (uncodified) is amended to read

5 The appropriations in this section are subject to the following
6 conditions and limitations:

7 (1) The department shall continue to make use of the special
8 eligibility category created for children through age 18 and in
9 households with incomes below 200 percent of the federal poverty level
10 made eligible for medicaid as of July 1, 1994.

11 (2) It is the intent of the legislature that Harborview medical
12 center continue to be an economically viable component of the health
13 care system and that the state's financial interest in Harborview
14 medical center be recognized.

15 (3) Funding is provided in this section for the adult dental
16 program for Title XIX categorically eligible and medically needy
17 persons and to provide foot care services by podiatric physicians and
18 surgeons.

19 (4) \$1,647,000 of the general fund--state appropriation for fiscal
20 year 2000 and \$1,672,000 of the general fund--state appropriation for
21 fiscal year 2001 are provided for treatment of low-income kidney
22 dialysis patients.

23 (5) \$80,000 of the general fund--state appropriation for fiscal
24 year 2000, \$80,000 of the general fund--state appropriation for fiscal
25 year 2001, and \$160,000 of the general fund--federal appropriation are
26 provided solely for the prenatal triage clearinghouse to provide access
27 and outreach to reduce infant mortality.

28 (6) The department shall report to the fiscal committees of the
29 legislature by September 15, 1999, and again by December 15, 1999, on
30 (a) actions it has taken and proposes to take to increase the share of
31 medicare part B premium payments upon which it is collecting medicaid
32 matching funds; (b) the percentage of such premium payments for each
33 month of service subsequent to June 1998 which have been paid with
34 unmatched, state-only funds; and (c) why matching funds could not be
35 collected on those payments.

36 (7) The department shall report to the fiscal committees of the
37 legislature by December 1, 1999, and again by October 1, 2000, on the
38 amount which has been recovered from third-party payers as a result of

1 its efforts to improve coordination of benefits on behalf of "basic
2 health plan-plus" enrollees.

3 (8) The department shall report to the health care and fiscal
4 committees of the legislature by December 1, 1999, on options for
5 controlling the growth in medicaid prescription drug expenditures
6 through strategies such as but not limited to volume purchasing,
7 selective contracting, supplemental drug discounts, and improved care
8 coordination for high utilizers.

9 (9) \$3,992,000 of the health services account appropriation and
10 \$7,651,000 of the general fund--federal appropriation are provided
11 solely for health insurance coverage for children with family incomes
12 between 200 percent and 250 percent of the federal poverty level, as
13 provided in Substitute Senate Bill No. 5416 (children's health
14 insurance program). If the bill is not enacted by June 30, 1999, these
15 amounts shall lapse.

16 (10) Upon approval from the federal health care financing
17 administration, the department shall implement the section 1115 family
18 planning waiver to provide family planning services to persons with
19 family incomes at or below two hundred percent of the federal poverty
20 level.

21 (11) In accordance with Substitute Senate Bill No. 5968,
22 \$70,821,000 of the health services account appropriation for fiscal
23 year 2000, (~~(\$42,041,000)~~) \$67,331,000 of the health services account
24 appropriation for fiscal year 2001, and (~~(\$120,278,000)~~) \$146,579,000
25 of the general fund--federal appropriation, or so much thereof as may
26 be expended without exceeding the medicare upper payment limit, are
27 provided solely for supplemental payments to nursing homes operated by
28 rural public hospital districts. Such payments shall be distributed
29 among the participating rural public hospital districts proportional to
30 the number of days of medicaid-funded nursing home care provided by
31 each district during the preceding calendar year, relative to the total
32 number of such days of care provided by all participating rural public
33 hospital districts. Prior to making any supplemental payments, the
34 department shall first obtain federal approval for such payments under
35 the medicaid state plan. The payments shall further be conditioned
36 upon (a) a contractual commitment by the association of public hospital
37 districts and participating rural public hospital districts to make an
38 intergovernmental transfer to the state treasurer, for deposit into the
39 health services account, equal to at least (~~(87)~~) 89 percent of the

1 total supplemental payment amounts received during the 1999-01 fiscal
2 biennium; and (b) a contractual commitment by the participating
3 districts to not allow expenditures covered by the supplemental
4 payments to be used for medicaid nursing home rate-setting. The
5 participating districts shall retain no more than a total of
6 \$30,000,000 for the 1999-01 biennium.

7 (12) In determining financial eligibility for medicaid-funded
8 services, the department is authorized to disregard recoveries by
9 Holocaust survivors of insurance proceeds or other assets, as defined
10 in RCW 48.104.030.

11 (13) \$1,529,000 of the general fund--state appropriation for fiscal
12 year 2000, \$4,077,000 of the general fund--state appropriation for
13 fiscal year 2001, and \$5,394,000 of the general fund--federal
14 appropriation are provided solely for implementation of the settlement
15 negotiated by the department and the attorney general in the case of
16 *Allenmore et al. vs. DSHS*.

17 (14) From funds provided in this section, the department shall
18 develop disease state management and therapeutic substitution programs
19 which will substantially maintain or enhance the quality of the drug
20 benefit for medical assistance recipients, while controlling overall
21 health care costs. In designing the disease state management programs,
22 the department shall research programs which have proven effective with
23 similar populations in other states, and shall then work with concerned
24 provider and consumer groups to adapt those strategies to Washington's
25 service delivery system. The department shall work with its drug
26 utilization and education council to develop a therapeutic substitution
27 program for at least two classes of drugs. Under the therapeutic
28 substitution program, the council shall analyze pharmaco-economic
29 research on the costs and benefits of all drugs within the class, and
30 identify the most cost-effective drug or drugs within the class for
31 placement on the formulary. Other drugs within the class shall be
32 preauthorized when clinically indicated under criteria established by
33 the council. The department shall report to appropriate committees of
34 the legislature by December 1, 2000, prior to implementing its proposed
35 strategies.

36 (15) (~~(\$14,848,000)~~) \$27,100,000 of the health services account
37 appropriation for fiscal year 2001 and (~~(\$15,269,000)~~) \$27,800,000 of
38 the general fund--federal appropriation are provided solely for
39 additional disproportionate share hospital payments to public hospital

1 districts. Such additional payments shall not be made prior to federal
2 approval of a revision in the medicaid payment methodology for state
3 teaching hospitals, and shall not exceed the increase in medicaid
4 payments which results from that change. The payments shall further be
5 conditioned upon a contractual commitment by the participating public
6 hospital districts to make an intergovernmental transfer to the health
7 services account equal to at least ((77)) 85 percent of the additional
8 disproportionate share payment. The participating districts shall
9 retain no more than ((\$7,000,000)) \$7,800,000 of the additional
10 disproportionate share payment. At least 28 percent of the amounts
11 retained by the participating hospital districts shall be allocated to
12 the state teaching hospitals.

13 (16)(a) \$49,000 of the general fund--state appropriation for fiscal
14 year 2001 and \$49,000 of the general fund--federal appropriation for
15 fiscal year 2001 are provided solely for the medical assistance
16 administration and the health care authority to jointly conduct a
17 state-wide study to:

18 (i) Determine payment sources and rates paid for primary health
19 care providers performing outpatient primary care services and primary
20 care in hospital emergency rooms for the state's medical assistance
21 programs, including healthy options, and the basic health plan. To
22 determine payment sources and rates paid, the agencies may seek
23 information in relation to such factors as:

24 (A) The rates paid to primary care providers for their medical
25 assistance programs, including healthy options, and basic health plan
26 contracts; and

27 (B) How these rates compare with nonpublic pay clients for the same
28 services.

29 The agencies are authorized to attain this information from health
30 plans or providers. The agencies shall maintain the confidentiality of
31 data collected for the purpose of the study;

32 (ii) Determine which primary care providers serve a relatively high
33 number of low-income clients, and how that affects their medical
34 practice. For purposes of the study, "primary care providers" includes
35 pediatricians, family practitioners, general practitioners, internists,
36 physician assistants, and advanced registered nurse practitioners; and

37 (iii) Develop proposals to support these providers' medical
38 practices. The agencies must determine what constitutes a relatively
39 high percentage of low-income clients for individual primary care

1 providers who contract for medical assistance administration programs,
2 including healthy options, and the basic health plan, and recommend
3 whether and at what point this disproportionately high percentage
4 should result in additional compensation to the primary care provider.
5 The agencies shall recommend a method to calculate a payment adjustment
6 designed to help support medical practices, according to the study's
7 findings.

8 (b) In conducting the study, the agencies shall determine which
9 regions of the state to include in the study, based on factors the
10 agencies determine will provide the most representative data state-
11 wide. The agencies shall also consult with interested parties,
12 including any organization or agency affected by this subsection,
13 throughout the course of the study.

14 (c) The agencies shall report to the legislature by December 1,
15 2000, with the results of the primary health care provider study. The
16 report shall include recommendations on: (i) What constitutes a
17 disproportionately high percentage of low-income clients; (ii) possible
18 payment adjustments for these providers; (iii) methods to implement
19 such a rate adjustment; and (iv) what such a payment adjusted program
20 will cost.

21 (17) From funds appropriated in this section, the medical
22 assistance program shall assist the Washington state institute for
23 public policy with the assessment of options for expanding medicaid
24 eligibility required in section 607 of this 2000 act. Such assistance
25 shall include analysis of medicaid enrollment and expenditure data
26 needed for enrollment and cost projections; information and advice on
27 state and federal medicaid requirements; and liaison with state and
28 federal officials in other states undertaking similar expansions.

29 (18) \$290,000 of the general fund--state appropriation for fiscal
30 year 2001 is provided solely for implementation of the asset exemption
31 provisions of House Bill No. 2686. If these provisions are not enacted
32 by June 30, 2000, the amount provided in this subsection shall lapse.

33 **Sec. 210.** 2000 2nd sp.s. c 1 s 211 (uncodified) is amended to read
34 as follows:

35 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--VOCATIONAL**
36 **REHABILITATION PROGRAM**

22	TOTAL APPROPRIATION	\$	((6,987,997,000))
23			<u>6,997,102,000</u>

24 The appropriations in this section are subject to the following
25 conditions and limitations:

26 (1) Each general fund fiscal year appropriation includes such funds
27 as are necessary to complete the school year ending in the fiscal year
28 and for prior fiscal year adjustments.

29 (2) Allocations for certificated staff salaries for the 1999-00 and
30 2000-01 school years shall be determined using formula-generated staff
31 units calculated pursuant to this subsection. Staff allocations for
32 small school enrollments in (d) through (f) of this subsection shall be
33 reduced for vocational full-time equivalent enrollments. Staff
34 allocations for small school enrollments in grades K-6 shall be the
35 greater of that generated under (a) of this subsection, or under (d)
36 and (e) of this subsection. Certificated staffing allocations shall be

14 the amount required to maintain the statutory minimum ratio established
15 under RCW 28A.150.260(2)(b) shall be allocated only if the district
16 documents an actual ratio equal to or greater than 53.2 certificated
17 instructional staff per thousand full-time equivalent students in
18 grades K-4. For any school district documenting a lower certificated
19 instructional staff ratio, the allocation shall be based on the
20 district's actual grades K-4 certificated instructional staff ratio
21 achieved in that school year, or the statutory minimum ratio
22 established under RCW 28A.150.260(2)(b), if greater;

23 (B) Districts at or above 51.0 certificated instructional staff per
24 one thousand full-time equivalent students in grades K-4 may dedicate
25 up to 1.3 of the 53.2 funding ratio to employ additional classified

27 grades K-4. For purposes of documenting a district's staff ratio under
28 this section, funds used by the district to employ additional
29 classified instructional assistants shall be converted to a
30 certificated staff equivalent and added to the district's actual
31 certificated instructional staff ratio. Additional classified
32 instructional assistants, for the purposes of this subsection, shall be
33 determined using the 1989-90 school year as the base year;

34 (C) Any district maintaining a ratio equal to or greater than 53.2

37 subsection (2)(a)(iii) in excess of that required to maintain the
38 minimum ratio established under RCW 28A.150.260(2)(b) to employ
39 additional basic education certificated instructional staff or

1 classified instructional assistants in grades 5-6. Funds allocated
2 under this subsection (2)(a)(iii) shall only be expended to reduce
3 class size in grades K-6. No more than 1.3 of the certificated
4 instructional funding ratio amount may be expended for provision of
5 classified instructional assistants; and

6 (iv) Forty-six certificated instructional staff units per thousand
7 full-time equivalent students in grades 4-12;

8 (b) For school districts with a minimum enrollment of 250 full-time
9 equivalent students whose full-time equivalent student enrollment count
10 in a given month exceeds the first of the month full-time equivalent
11 enrollment count by 5 percent, an additional state allocation of 110
12 percent of the share that such increased enrollment would have
13 generated had such additional full-time equivalent students been
14 included in the normal enrollment count for that particular month;

16 (A) Vocational education programs approved by the superintendent of
17 public instruction, a maximum of 0.92 certificated instructional staff
18 units and 0.08 certificated administrative staff units for each 19.5
19 full-time equivalent vocational students for the 1999-00 school year

25 funding recommended by the superintendent of public instruction,
26 January 1999, 0.92 certificated instructional staff units and 0.08
27 certificated administrative units for each 16.67 full-time equivalent
28 vocational students;

29 (ii) Indirect cost charges, as defined by the superintendent of
30 public instruction, to vocational-secondary programs shall not exceed
31 10 percent; and

33 on the same monthly basis as the enrollment for students eligible for
34 basic support, and payments shall be adjusted for reported vocational
35 enrollments on the same monthly basis as those adjustments for
36 enrollment for students eligible for basic support.

37 (d) For districts enrolling not more than twenty-five average
38 annual full-time equivalent students in grades K-8, and for small
39 school plants within any school district which have been judged to be

1 remote and necessary by the state board of education and enroll not
2 more than twenty-five average annual full-time equivalent students in
3 grades K-8:

4 (i) For those enrolling no students in grades 7 and 8, 1.76
5 certificated instructional staff units and 0.24 certificated

8 for each additional student enrolled; and

9 (ii) For those enrolling students in grades 7 or 8, 1.68
10 certificated instructional staff units and 0.32 certificated
11 administrative staff units for enrollment of not more than five
12 students, plus one-tenth of a certificated instructional staff unit for
13 each additional student enrolled;

14 (e) For specified enrollments in districts enrolling more than
15 twenty-five but not more than one hundred average annual full-time
16 equivalent students in grades K-8, and for small school plants within
17 any school district which enroll more than twenty-five average annual
18 full-time equivalent students in grades K-8 and have been judged to be
19 remote and necessary by the state board of education:

20 (i) For enrollment of up to sixty annual average full-time
21 equivalent students in grades K-6, 2.76 certificated instructional
22 staff units and 0.24 certificated administrative staff units; and

1 administrative staff units per each additional forty-three and one-half
2 average annual full time equivalent students.

3 Units calculated under (f)(ii) of this subsection shall be reduced
4 by certificated staff units at the rate of forty-six certificated
5 instructional staff units and four certificated administrative staff
6 units per thousand vocational full-time equivalent students.

7 (g) For each nonhigh school district having an enrollment of more
8 than seventy annual average full-time equivalent students and less than
9 one hundred eighty students, operating a grades K-8 program or a grades
10 1-8 program, an additional one-half of a certificated instructional
11 staff unit; and

12 (h) For each nonhigh school district having an enrollment of more
13 than fifty annual average full-time equivalent students and less than
14 one hundred eighty students, operating a grades K-6 program or a grades
15 1-6 program, an additional one-half of a certificated instructional
16 staff unit.

18 school years shall be calculated using formula-generated classified
19 staff units determined as follows:

21 under subsection (2)(d) through (h) of this section, one classified
22 staff unit for each three certificated staff units allocated under such
23 subsections;

24 (b) For all other enrollment in grades K-12, including vocational
25 full-time equivalent enrollments, one classified staff unit for each

34 subsection (2) of this section, and a rate of 15.56 percent in the
35 1999-00 school year and 15.82 percent in the 2000-01 school year for
36 classified salary allocations provided under subsection (3) of this
37 section.

1 (5) Insurance benefit allocations shall be calculated at the
2 maintenance rate specified in section 504(2) of this act, based on the
3 number of benefit units determined as follows:

4 (a) The number of certificated staff units determined in subsection
5 (2) of this section; and

6 (b) The number of classified staff units determined in subsection
7 (3) of this section multiplied by 1.152. This factor is intended to
8 adjust allocations so that, for the purposes of distributing insurance
9 benefits, full-time equivalent classified employees may be calculated
10 on the basis of 1440 hours of work per year, with no individual
11 employee counted as more than one full-time equivalent.

12 (6)(a) For nonemployee-related costs associated with each
13 certificated staff unit allocated under subsection (2)(a), (b), and (d)

30 year and \$479.94 for the 2000-01 school year per allocated classroom

32 of this act. Solely for the purposes of this subsection, allocated

37 education certificated instructional staff reported state-wide for the
38 1998-99 school year.

1 (8) Any school district board of directors may petition the
2 superintendent of public instruction by submission of a resolution
3 adopted in a public meeting to reduce or delay any portion of its basic
4 education allocation for any school year. The superintendent of public

34 full-time equivalent students. The superintendent shall allocate funds
35 to eligible school districts for up to one-half of the enrollment loss
36 at the basic education unenhanced rate for the district. School
37 districts receiving small school factor bonus funds shall not be
38 eligible for enrollment decline funds to the extent that the district
39 has no state apportionment loss as a result of the enrollment decline.

1 (10) For purposes of RCW 84.52.0531, the increase per full-time

10 to subsection (2)(b) through (h) of this section, the following shall
11 apply:

15 school year prior to the consolidation; and

16 (b) For the fourth through eighth school years following
17 consolidation, the difference between the basic education formula staff

21 shall be reduced in increments of twenty percent per year.

12 specially designed instruction in accordance with a properly formulated
13 individualized education program.

14 (4) For the 1999-00 and 2000-01 school years, the superintendent
15 shall distribute state funds to each district based on the sum of:

16 (a) A district's annual average headcount enrollment of
17 developmentally delayed infants and toddlers ages birth through two,
18 multiplied by the district's average basic education allocation per
19 full-time equivalent student, multiplied by 1.15; and

20 (b) A district's annual average full-time equivalent basic
21 education enrollment multiplied by the funded enrollment percent
22 determined pursuant to subsection (5)(c) of this section, multiplied by
23 the district's average basic education allocation per full-time
24 equivalent student multiplied by 0.9309.

25 (5) The definitions in this subsection apply throughout this
26 section.

27 (a) "Average basic education allocation per full-time equivalent
28 student" for a district shall be based on the staffing ratios required
29 by RCW 28A.150.260 and shall not include enhancements, secondary
30 vocational education, or small schools.

31 (b) "Annual average full-time equivalent basic education
32 enrollment" means the resident enrollment including students enrolled
33 through choice (RCW 28A.225.225) and students from nonhigh districts
34 (RCW 28A.225.210) and excluding students residing in another district
35 enrolled as part of an interdistrict cooperative program (RCW
36 28A.225.250).

37 (c) "Enrollment percent" means the district's resident special
38 education annual average enrollment including those students counted
39 under the special education demonstration projects, excluding the birth

1 through age two enrollment, as a percent of the district's annual
2 average full-time equivalent basic education enrollment. For the 1999-
3 00 and the 2000-01 school years, each district's funded enrollment
4 percent shall be the lesser of the district's actual enrollment percent
5 for the school year for which the allocation is being determined or
6 12.7 percent.

7 (6) At the request of any interdistrict cooperative of at least 15
8 districts in which all excess cost services for special education
9 students of the districts are provided by the cooperative, the maximum
10 enrollment percent shall be 12.7, and shall be calculated in the
11 aggregate rather than individual district units. For purposes of this
12 subsection, the average basic education allocation per full-time
13 equivalent student shall be calculated in the aggregate rather than
14 individual district units.

15 (7) A maximum of \$12,000,000 of the general fund--state
16 appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the
17 general fund--state appropriation for fiscal year 2001 are provided as
18 safety net funding for districts with demonstrated needs for state
19 special education funding beyond the amounts provided in subsection (4)
20 of this section. Safety net funding shall be awarded by the state
21 safety net oversight committee.

22 (a) The safety net oversight committee shall first consider the
23 needs of districts adversely affected by the 1995 change in the special
24 education funding formula. Awards shall be based on the amount
25 required to maintain the 1994-95 state special education excess cost
26 allocation to the school district in aggregate or on a dollar per
27 funded student basis.

28 (b) The committee shall then consider unusual needs of districts
29 due to a special education population which differs significantly from
30 the assumptions of the state funding formula. Awards shall be made to
31 districts that convincingly demonstrate need due to the concentration
32 and/or severity of disabilities in the district. Differences in
33 program costs attributable to district philosophy or service delivery
34 style are not a basis for safety net awards.

35 (c) The maximum allowable indirect cost for calculating safety net
36 eligibility may not exceed the federal restricted indirect cost rate
37 for the district plus one percent.

38 (d) Safety net awards shall be adjusted based on the percent of
39 potential medicaid eligible students billed as calculated by the

1 superintendent in accordance with Substitute Senate Bill No. 5626
2 (medicaid payments to schools).

3 (e) Safety net awards must be adjusted for any audit findings or
4 exceptions related to special education funding.

5 (f) The superintendent may expend up to \$100,000 per year of the
6 amounts provided in this subsection to provide staff assistance to the
7 committee in analyzing applications for safety net funds received by
8 the committee.

9 (8) The superintendent of public instruction may adopt such rules
10 and procedures as are necessary to administer the special education
11 funding and safety net award process. Prior to revising any standards,
12 procedures, or rules, the superintendent shall consult with the office
13 of financial management and the fiscal committees of the legislature.

14 (9) The safety net oversight committee appointed by the
15 superintendent of public instruction shall consist of:

16 (a) Staff of the office of superintendent of public instruction;

17 (b) Staff of the office of the state auditor;

18 (c) Staff of the office of the financial management; and

19 (d) One or more representatives from school districts or
20 educational service districts knowledgeable of special education
21 programs and funding.

22 (10) To the extent necessary, \$5,500,000 of the general fund--
23 federal appropriation shall be expended for safety net funding to meet
24 the extraordinary needs of one or more individual special education
25 students. If safety net awards to meet the extraordinary needs of one
26 or more individual special education students exceed \$5,500,000 of the
27 general fund--federal appropriation, the superintendent shall expend
28 all available federal discretionary funds necessary to meet this need.
29 General fund--state funds shall not be expended for this purpose.

30 (11) A maximum of \$678,000 may be expended from the general fund--
31 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
32 full-time equivalent aides at children's orthopedic hospital and
33 medical center. This amount is in lieu of money provided through the
34 home and hospital allocation and the special education program.

35 (12) A maximum of \$1,000,000 of the general fund--federal
36 appropriation is provided for projects to provide special education
37 students with appropriate job and independent living skills, including
38 work experience where possible, to facilitate their successful

1 transition out of the public school system. The funds provided by this
2 subsection shall be from federal discretionary grants.

3 (13) A school district may carry over from one year to the next
4 year up to 10 percent of general fund--state funds allocated under this
5 program; however, carry over funds shall be expended in the special
6 education program.

7 (14) The superintendent shall maintain the percentage of federal
8 flow-through to school districts at 85 percent. In addition to other
9 purposes, school districts may use increased federal funds for high-
10 cost students, for purchasing regional special education services from
11 educational service districts, and for staff development activities
12 particularly relating to inclusion issues.

13 (15) A maximum of \$1,200,000 of the general fund--federal
14 appropriation may be expended by the superintendent for projects
15 related to use of inclusion strategies by school districts for
16 provision of special education services. The superintendent shall
17 prepare an information database on laws, best practices, examples of
18 programs, and recommended resources. The information may be
19 disseminated in a variety of ways, including workshops and other staff
20 development activities.
