5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 **Sec. 1.** RCW 43.270.010 and 1989 c 271 s 315 are each amended to
7 read as follows:

8 The legislature recognizes that state-wide efforts aimed at
9 reducing the incidence of substance abuse, including alcohol, tobacco,
10 or other drug abuse, or violence must be increased. The legislature
11 further recognizes that the most effective strategy for reducing the
12 impact of alcohol ((and)), tobacco, other drug abuse, and violence is
13 through the collaborative efforts of educators, law enforcement, local
14 government officials, local treatment providers, and concerned
15 community and citizens' groups.

16 The legislature intends to support the development and activities
17 of community mobilization strategies against ((substance)) alcohol,
18 tobacco, or other drug abuse, and violence, through the following
19 efforts:

1 (1) (~~Provide~~) Providing funding support for prevention,
2 treatment, and enforcement activities identified by communities that
3 have brought together education, treatment, local government, law
4 enforcement, and other key elements of the community;

5 (2) (~~Provide~~) Providing technical assistance and support to help
6 communities develop and carry out effective activities; and

7 (3) (~~Provide~~) Providing communities with opportunities to share
8 suggestions for state program operations and budget priorities.

9 **Sec. 2.** RCW 43.270.020 and 1989 c 271 s 316 are each amended to
10 read as follows:

11 (1) There is established in the (~~office of the governor~~)

13 program to provide incentive for and support for communities to develop
14 targeted and coordinated strategies to reduce the incidence and impact
15 of (~~substance~~) alcohol, tobacco, or other drug abuse, or violence.

16 (2) The department of community, trade, and economic development
17 shall make awards, subject to funds appropriated by the legislature,
18 under the following terms:

19 (a) Starting July 1, 2001, funds will be available to county-wide
20 programs through a formula developed by the department of community,

22 contractors, which will take into consideration county population size.

23 (b) In order to be eligible for consideration, applicants must
24 demonstrate, at a minimum:

31 assessment of need and address specific objectives contained in a
32 coordinated strategy of prevention, treatment, and law enforcement
33 against alcohol, tobacco, or other drug abuse, or violence;

34 (iv) Evidence of active participation in preparation of the
35 proposal and specific commitments to implementing the community-wide
36 agenda by leadership from education, law enforcement, local government,
37 tribal government, and treatment entities in the community, and the
38 opportunity for meaningful involvement from others such as neighborhood

1 and citizen groups, businesses, human service, health and job training
2 organizations, and other key elements of the community, particularly
3 those whose responsibilities in law enforcement, treatment, prevention,
4 education, or other community efforts provide direct, ongoing contact
5 with substance abusers or those who exhibit violent behavior, or those
6 at risk for alcohol, tobacco, or other drug abuse, or violent behavior;

7 (v) Evidence of additional local resources committed to the
8 applicant's strategy totaling at least twenty-five percent of funds
9 awarded under this section. These resources may consist of public or
10 private funds, donated goods or services, and other measurable
11 commitments, including in-kind contributions such as volunteer
12 services, materials, supplies, physical facilities, or a combination
13 thereof; and

14 (vi) That the funds applied for, if received, will not be used to
15 replace funding for existing activities.

16 (c) At a minimum, grant applications must include the following:

32 strategy involves and builds on the efforts of existing organizations
33 or coalitions that have been carrying out community efforts against
34 alcohol, tobacco, or other drug abuse, or violence;

35 (vi) Identification of activities that address specific objectives
36 in the strategy for which additional resources are needed;

37 (vii) Identification of additional local resources, including
38 public or private funds, donated goods or services, and other
