Brief Description: Regulating wine and beer pricing by the liquor control board.

HB 1806 - DIGEST

Declares an intent to: Promote the public's interest in fostering the orderly and responsible distribution of malt beverages and wine towards effective control of consumption; recognize the principles of a fair and efficient private sector three-tier system of distribution of such beverages; and establish a pricing procedure of wine and malt beverage products sold at retail by the liquor control board that will diminish the board's unfair competitive advantage over the state-mandated private sector three-tier system of distribution and pricing of wine and malt beverage.
