Brief Description: Revising state wireless enhanced 911 excise taxes.

HB 2150 - DIGEST

Finds that statewide enhanced 911 has proven to be a lifesaving service and that routing a 911 call to the appropriate public safety answering point with a display of the caller's identification and location should be available for all users of telecommunications services, regardless of the technology used to make and transmit the 911 call.

Finds that it is in the best public interest to ensure that there is adequate ongoing funding to support enhanced 911 service.

Repeals RCW 38.52.560.
