Brief Description: Creating a new lottery game.

HB 2875 - DIGEST

Directs the commission to conduct an additional lottery game, to be known as the "voluntary income lottery," in addition to other games conducted under chapter 67.70 RCW. A person may elect to participate in this game in any month by paying to the commission an amount not to exceed one percent of the person's monthly gross income, to be deposited in the voluntary lottery account.

Declares that each person who makes a payment during a month is eligible to participate in the voluntary income lottery drawing during the following month. The commission shall structure the prizes for this lottery so that one of each hundred players is a winner. Each winner shall receive ten times the amount the winner paid into that month's game.
