

5851-S

Sponsor(s): Senate Committee on Agriculture & International Trade
(originally sponsored by Senators Rasmussen and Franklin; by
request of Department of Agriculture)

Brief Description: Authorizing the director of agriculture to
consult with public entities on human health risks associated with
any proposed pesticide use by the department.

SB 5851-S - DIGEST

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes the director of agriculture to consult with public
entities on human health risks associated with any proposed
pesticide use by the department.

Requires the director to impose a seven thousand five hundred
dollar fine on a consulted individual who unlawfully discloses the
confidential statement of formula and associated information
described in this act.

Declares that a person who unlawfully discloses such
information is no longer eligible to serve in the capacity of a
consulted individual.
