Brief Description: Regarding temporary nonuse of a water right.

SB 5910 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that trust water rights may be expressly conditioned by the grantor to include all or portions of existing water rights as trust water rights on a temporary basis as a result of temporarily reduced water need where such reduction is due to varying weather conditions, including but not limited to precipitation and temperature, or the presence of water from a source not within the control of the water user, so long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right.
