

6256

Sponsor(s): Senators Jacobsen and Oke; by request of Department of Natural Resources

Brief Description: Streamlining the process of selling valuable materials from state lands.

SB 6256 - DIGEST

Provides that, prior to selling valuable materials, the department of natural resources must widely advertise during a four-week period. The advertisement must specify the place, date, and time of sale, the minimum bid, and the estimated volume. The terms of sale must also be made available in the region headquarters and the department's Olympia office. The commissioner of public lands may use any means of advertising available to reach as many prospective interested parties as possible.
