

3SHB 1796 - H AMD 818

By Representative Murray

1 On page 2, line 10, after "appropriated." strike everything through
2 "RCW." on line 14 and insert "Each school district that does not offer
3 an approved standard traffic safety education course may contract to
4 provide such a course for students qualified to receive school lunches
5 on a reduced-cost or free basis."

EFFECT: School districts not currently offering approved programs could contract with another school district, an Educational Service District, or a commercial school to offer an approved course for low-income students.
