

SSB 5787 - S AMD 232

By Senators Fraser, Keiser

NOT ADOPTED 03/18/2003

1 On page 2, line 5, after "(2)" insert "If fill material will be
2 placed directly into waters of the state, the department shall require,
3 in any water quality certification issued under section 401 of the
4 federal clean water act, a baseline analysis of the quality of the
5 waters of the state, both surface and ground, that may be affected by
6 the placement of the fill material. If such an analysis concludes that
7 water quality standards are not being met, the department shall not
8 allow use of the leaching test specified in subsection (1) of this
9 section to evaluate the suitability of potential fill material.
