

HOUSE BILL REPORT

HB 1109

As Reported by House Committee On:
State Government

Title: An act relating to providing wildland fire fighting training.

Brief Description: Providing wildland fire fighting training.

Sponsors: Representatives Clibborn, Newhouse, Benson, Wallace and Haigh.

Brief History:

Committee Activity:

State Government: 1/30/03, 2/6/03 [DP].

Brief Summary of Bill

- Provides wildland fire fighter training.
- Requires reimbursement to fire districts and cities of at least \$3 per hour for a maximum of 200 hours of training.

HOUSE COMMITTEE ON STATE GOVERNMENT

Majority Report: Do pass. Signed by 9 members: Representatives Haigh, Chair; Miloscia, Vice Chair; Armstrong, Ranking Minority Member; Shabro, Assistant Ranking Minority Member; Hunt, McDermott, Nixon, Tom and Wallace.

Staff: Anne Warwick (786-7291).

Background:

The Washington State Patrol provides fire fighter training at its training academy in North Bend. Fire departments may use the training academy or acquire training services from some other source. In 1999 the Legislature amended RCW 43.43.934, Washington's fire training and education master plan, to provide a basic uniform level of training throughout Washington's fire protection districts and city fire departments. The State Fire Protection Policy Board of the Washington State Patrol was charged with developing and adopting a plan providing fire fighter one level training to all fire fighters in the state. The plan included a minimum reimbursement of \$2 for every hour of fire fighter one training received, up to 150 hours.

Summary of Bill:

House Bill 1109 amends current fire fighter one training reimbursement statutes to include wildland fire fighting training. The bill would also increase reimbursement dollar amounts from \$2 to \$3 per hour of instruction along with increasing the maximum reimbursed instructional hours from 150 to 200.

Appropriation: None.

Fiscal Note: Available.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: Provides essential wildland training as an option for fire departments and fire protection districts throughout the state. This is not a mandatory training, but an option for those firefighters who wish to be trained in wildland fire protection. The funding and the training would offer access to those districts and departments that would utilize wildland training skills.

Testimony Against: None.

Testified: (In support) Mark Kahley, Department of Natural Resources; and Ryan Spiller, Washington Fire Commissioners Association.
