community and technical colleges are governed by the State Board for Community and Technical Colleges (SBCTC). Each of these has a building account that is appropriated by the Legislature for capital projects. The funding for these accounts generally includes a building fee that students pay and trust revenue.

The interest earned on accounts in the State Treasury goes to the General Fund unless a statute states otherwise. All of the four-year public higher education institutions building accounts have the interest on these accounts deposited in the account rather than the General Fund except for The Evergreen State College.
