**Summary of Substitute Bill:**

The Department of Community, Trade and Economic Development (DCTED) is directed to create a "Washington Made" logo for the voluntary labeling of consumer goods made in Washington. The DCTED is also charged with creating and executing an advertising campaign to promote the new "Washington Made" logo.

A contest among K-12 students to design the "Washington Made" logo is created. The logo selection committee will be composed of the members of the two standing economic development committees in the Legislature and the Governor. The winning student will receive a \$5,000 scholarship. The second and third place winners will receive \$3,500 and \$1,500 scholarships. If, in subsequent years, the DCTED determines that it would be cost-effective to issue another logo, a new competition will be conducted in the same manner as the original.

The DCTED is directed to work with the economic development councils, chambers of commerce, the Economic Development Commission, industry organizations and trade organizations to develop the advertising campaign and to secure private and other public funds to support the advertising campaign.

**Appropriation:** None.

**Fiscal Note:** Available.

**Effective Date of Substitute Bill:** The bill takes effect 90 days after adjournment of session in which bill is passed.

**Testimony For:** This bill continues a commitment to Washington community businesses. It would create a world recognizable mark to show that Washington is more than just agricultural and biotech products. It would be distributed statewide to all organizations for

use. A contest among K-12 to develop the logo, as opposed to having a professional design firm, would involve the entire state and save money.

**Testimony Against:** There is no appropriation in the bill but it would increase the responsibilities of the DCTED.

**Persons Testifying:** Tom McBride, Department of Community, Trade and Economic Development.

**Persons Signed In To Testify But Not Testifying:** None.
