2 trees shall be liable to the state, or to the private owner thereof,  
3 for payment for such trees at a price of one dollar each if payment is

15 **Sec. 210.** RCW 79.10.100 and 2003 c 334 s 534 are each amended to  
16 read as follows:

17 The legislature hereby directs that a multiple use concept be  
18 utilized by the department in the ~~((management and))~~ administration of

20 ~~department))~~ where such a concept is in the best interests of the state  
21 and the general welfare of the citizens thereof, and is consistent with  
22 the applicable ~~((trust))~~ provisions of the various lands involved.

25 In no case shall any lands granted to the state be offered for sale  
26 under this chapter unless the same shall have been appraised by the

28 purchaser of state lands may not rely upon the appraisal prepared by  
29 the department or made by the board for purposes of deciding whether to  
30 make a purchase from the department. All purchasers are required to  
31 make their own independent appraisals.

32 **Sec. 212.** RCW 79.13.380 and 2003 c 334 s 491 are each amended to

7 read as follows:

8 All sales of valuable materials (~~upon state lands and state forest~~  
9 ~~lands~~) shall be made subject to the right, power, and authority of the  
10 department to prescribe rules or procedures governing the manner of the  
11 sale and removal of the valuable materials. Such procedures shall be  
12 binding when contained within a purchaser's contract for valuable  
13 materials and apply to the purchaser's successors in interest and shall  
14 be enforced by the department.

15 **Sec. 214.** RCW 79.15.055 and 2003 c 334 s 309 are each amended to  
16 read as follows:

17 For the purposes of this chapter, "appraisal" means an estimate of  
18 the market value of (~~land or~~) valuable materials. The estimate must  
19 reflect the value based on market conditions at the time of the sale or  
20 transfer offering. The appraisal must reflect the department's best  
21 effort to establish a reasonable market value for the purpose of  
22 setting a minimum bid at auction or transfer. A purchaser of (~~state~~  
23 ~~lands or~~) valuable materials may not rely upon the appraisal prepared  
24 by the department for purposes of deciding whether to make a purchase  
25 from the department. All purchasers are required to make their own

33 (2) Exchange property held in the land bank for property of equal  
34 or greater value which is owned publicly or privately, and which has

1 greater potential for natural resource or income production or which  
2 could be more efficiently managed by the department, however, no power  
3 of eminent domain is hereby granted to the department; and

4 (3) Sell property held in the land bank in the manner provided by  
5 law for the sale of state lands without any requirement of platting and  
6 to use the proceeds to acquire property for the land bank which has  
7 greater potential for natural resource or income production or which  
8 would be more efficiently managed by the department.

9 **Sec. 216.** RCW 79.22.300 and 2003 c 334 s 213 are each amended to  
10 read as follows:

11 Whenever the board of county commissioners of any county shall  
12 determine that state forest lands, that were acquired from such county  
13 by the state pursuant to RCW 79.22.040 and that are under the  
14 administration of the department, are needed by the county for public  
15 park use in accordance with the county and the state outdoor recreation  
16 plans, the board of county commissioners may file an application with  
17 the board for the transfer of such state forest lands.

18 Upon the filing of an application by the board of county  
19 commissioners, the department shall cause notice of the impending  
20 transfer to be given in the manner provided by RCW 42.30.060. If the  
21 department determines that the proposed use is in accordance with the  
22 state outdoor recreation plan, it shall reconvey said state forest  
23 lands to the requesting county to have and to hold for so long as the  
24 state forest lands are developed, maintained, and used for the proposed  
25 public park purpose. This reconveyance may contain conditions to allow  
26 the department to coordinate the management of any adjacent ((state  
27 owned)) public lands with the proposed park activity to encourage  
28 maximum multiple use management and may reserve rights of way needed to  
29 manage other ((state-owned)) public lands in the area. The application  
30 shall be denied if the department finds that the proposed use is not in  
31 accord with the state outdoor recreation plan. If the land is not, or  
32 ceases to be, used for public park purposes the land shall be conveyed  
33 back to the department upon request of the department.

34 **Sec. 217.** RCW 79.36.330 and 2003 c 334 s 228 are each amended to  
35 read as follows:

36 In the event the department should determine that the property

1 interests acquired under the authority of this chapter are no longer  
2 necessary for the purposes for which they were acquired, the department  
3 shall dispose of the same in the following manner, when in the  
4 discretion of the department it is to the best interests of the state  
5 of Washington to do so, except that property purchased with educational  
6 funds or held in trust for educational purposes shall be sold only in  
7 the same manner as are ((public)) state lands ((of the state)):

8 (1) Where the state property necessitating the acquisition of  
9 private property interests for access purposes under authority of this  
10 chapter is sold or exchanged, the acquired property interests may be  
11 sold or exchanged as an appurtenance of the state property when it is  
12 determined by the department that sale or exchange of the state  
13 property and acquired property interests as one parcel is in the best  
14 interests of the state.

15 (2) If the acquired property interests are not sold or exchanged as  
16 provided in subsection (1) of this section, the department shall notify  
17 the person or persons from whom the property interest was acquired,  
18 stating that the property interests are to be sold, and that the person  
19 or persons shall have the right to purchase the same at the appraised  
20 price. The notice shall be given by registered letter or certified  
21 mail, return receipt requested, mailed to the last known address of the  
22 person or persons. If the address of the person or persons is unknown,  
23 the notice shall be published twice in an official newspaper of general  
24 circulation in the county where the lands or a portion thereof is  
25 located. The second notice shall be published not less than ten nor  
26 more than thirty days after the notice is first published. The person  
27 or persons shall have thirty days after receipt of the registered  
28 letter or five days after the last date of publication, as the case may  
29 be, to notify the department, in writing, of their intent to purchase  
30 the offered property interest. The purchaser shall include with his or  
31 her notice of intention to purchase, cash payment, certified check, or  
32 money order in an amount not less than one-third of the appraised  
33 price. No instrument conveying property interests shall issue from the  
34 department until the full price of the property is received by the  
35 department. All costs of publication required under this section shall  
36 be added to the appraised price and collected by the department upon  
37 sale of the property interests.

1 (3) If the property interests are not sold or exchanged as provided  
2 in subsections (1) and (2) of this section, the department shall notify  
3 the owners of land abutting the property interests in the same manner  
4 as provided in subsection (2) of this section and their notice of  
5 intent to purchase shall be given in the manner and in accordance with  
6 the same time limits as are set forth in subsection (2) of this  
7 section. However, if more than one abutting owner gives notice of  
8 intent to purchase the property interests, the department shall  
9 apportion them in relation to the lineal footage bordering each side of  
10 the property interests to be sold, and apportion the costs to the  
11 interested purchasers in relation thereto. Further, no sale is  
12 authorized by this section unless the department is satisfied that the  
13 amounts to be received from the several purchasers will equal or exceed  
14 the appraised price of the entire parcel plus any costs of publishing  
15 notices.

16 (4) If no sale or exchange is consummated as provided in  
17 subsections (1) through (3) of this section, the department shall sell  
18 the properties in the same manner as state lands are sold.

19 (5) Any disposal of property interests authorized by this chapter  
20 shall be subject to any existing rights previously granted by the  
21 department.

22 **Sec. 218.** RCW 79.36.355 and 2003 c 334 s 396 are each amended to  
23 read as follows:

24 The department may grant to any person such easements and rights in  
25 (~~state lands or state forest~~) public lands, not otherwise provided in  
26 law, as the applicant applying therefor may acquire in privately owned  
27 lands (~~through proceedings in eminent domain~~). No grant shall be  
28 made under this section until such time as the full market value of the  
29 estate or interest granted together with damages to all remaining  
30 property of the state of Washington has been ascertained and safely  
31 secured to the state.

32 **Sec. 219.** RCW 79.36.380 and 1982 1st ex.s. c 21 s 168 are each  
33 amended to read as follows:

34 Every grant, deed, conveyance, contract to purchase or lease made

2 or across any (~~state~~) public lands for the purpose of, and to be used  
3 in, transporting and moving timber, minerals, stone, sand, gravel, or

5 the state, or any grantee or lessee thereof, or other person who has  
6 acquired since (~~the fifteenth day of~~) June 15, 1911, or shall  
7 hereafter acquire, any lands containing valuable materials contiguous  
8 to, or in proximity to, such right of way, or who has so acquired or
