
HOUSE BILL 3098

State of Washington 58th Legislature 2004 Regular Session

By Representatives McMahan and Newhouse

Read first time 01/27/2004. Referred to Committee on Transportation.

1 AN ACT Relating to transportation project priorities; adding a new
2 section to Title 47 RCW; creating a new section; providing a contingent
3 expiration date; and declaring an emergency.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** It is the intent of the legislature that
6 important safety projects take higher priority over relocating the
7 Keystone ferry terminal. The ferry system is currently operating
8 vessels that can access the current terminal location and any new boats
9 planned for construction can be constructed so that they can access the
10 current location, making relocation of the terminal unnecessary.

11 NEW SECTION. **Sec. 2.** A new section is added to Title 47 RCW to
12 read as follows:

13 Any funding that is identified for the relocation of the Keystone
14 ferry terminal is to be used to construct an interchange at state route
15 number 16 and Burley-Olalla road. This includes funding identified in
16 the current biennium as well as funding identified in future biennia.

1 NEW SECTION. **Sec. 3.** This act expires on completion of an
2 interchange at state route number 16 and Burley-Olalla road as
3 certified by the department of transportation to the legislative
4 transportation committee.

5 NEW SECTION. **Sec. 4.** This act is necessary for the immediate
6 preservation of the public peace, health, or safety, or support of the
7 state government and its existing public institutions, and takes effect
8 immediately.
