SENATE BILL 5934

---

State of Washington

58th Legislature

2003 Regular Session

By Senators Esser, McCaslin and Kline

Read first time 02/21/2003. Referred to Committee on Land Use & Planning.

1 AN ACT Relating to assumption by a code city of a water-sewer  
2 district by mutual consent of the city council and district board; and  
3 adding a new section to chapter 35.13A RCW.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** A new section is added to chapter 35.13A RCW  
6 to read as follows:

7 The board of commissioners of a water-sewer district with fewer  
8 than two hundred fifty customers on the effective date of this act may  
9 by resolution declare that it is in the best interests of the district  
10 for a code city, with a population greater than one hundred thousand on  
11 the effective date of this act, to assume jurisdiction of the district.  
12 None of the territory of the water-sewer district need be included  
13 within the territory of the city. If the city legislative body agrees  
14 in principle to assume jurisdiction of the district, it shall by  
15 resolution declare its intent to assume the district. The district and  
16 the city shall enter into a contract regarding the time and manner of  
17 assumption and any other matters desired by the district and the city,  
18 including but not limited to the matters set forth in RCW 35.13A.070.  
19 The contract may provide for dissolution of the district pursuant to

1 the jointly authorized petition process in RCW 35.13A.080. The  
2 contract and assumption shall be approved by resolution of the board of  
3 commissioners and ordinance of the city council. If the water-sewer  
4 district has no indebtedness or monetary obligations on the date of  
5 assumption, the city shall use any surplus funds only for water  
6 services delivered to and water facilities constructed in the former  
7 territory of the district, unless provided otherwise in the contract.
