SUBSTITUTE SENATE BILL 6160

AS AMENDED BY THE HOUSE

Passed Legislature - 2004 Regular Session

State of Washington 58th Legislature 2004 Regular Session

By Senate Committee on Health & Long-Term Care (originally sponsored by Senators Parlette, Keiser and Pflug)

READ FIRST TIME 02/09/04.

- 1 AN ACT Relating to fairness and accuracy in the distribution of
- 2 risk; amending RCW 18.20.110; adding new sections to chapter 18.20 RCW;
- 3 creating a new section; and declaring an emergency.
- 4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
- 5 NEW SECTION. **Sec. 1.** The legislature finds that quality assurance
- 6 efforts will promote compliance with regulations by providers and
- 7 achieve the goal of providing high quality of care to citizens residing
- 8 in licensed boarding homes, and may reduce property and liability
- 9 insurance premium costs for such facilities.
- 10 <u>NEW SECTION.</u> **Sec. 2.** A new section is added to chapter 18.20 RCW
- 11 to read as follows:
- 12 (1) To ensure the proper delivery of services and the maintenance
- 13 and improvement in quality of care through self-review, any boarding
- 14 home licensed under this chapter may maintain a quality assurance
- 15 committee that, at a minimum, includes:
- 16 (a) A licensed registered nurse under chapter 18.79 RCW;
- 17 (b) The administrator; and
- 18 (c) Three other members from the staff of the boarding home.

- (2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.
- (3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombudsman program shall not request, disclosure of any quality assurance committee records or reports, unless the disclosure is related to the committee's compliance with this section, if:
- (a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and
- (b) The records or reports are created for and collected and maintained by the committee.
- (4) If the boarding home refuses to release records or reports that would otherwise be protected under this section, the department may then request only that information that is necessary to determine whether the boarding home has a quality assurance committee and to determine that it is operating in compliance with this section. However, if the boarding home offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with boarding home requirements, the documents are not protected as quality assurance committee documents when in the possession of the department.
- (5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for sanctions.
- (6) Any records that are created for and collected and maintained by the quality assurance committee shall not be discoverable or admitted into evidence in a civil action brought against a boarding home.
- (7) Notwithstanding any records created for the quality assurance committee, the facility shall fully set forth in the resident's records, available to the resident, the department, and others as permitted by law, the facts concerning any incident of injury or loss to the resident, the steps taken by the facility to address the resident's needs, and the resident outcome.

The department shall make or cause to be made, at least every eighteen months with an annual average of fifteen months, an inspection and investigation of all boarding homes. However, the department may delay an inspection to twenty-four months if the boarding home has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed home to assure that the licensee is in compliance with this chapter and the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records ((tother than financial records))), methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records or reports described in section 2 of this act. Financial records of the boarding home may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications therefor to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

NEW SECTION. Sec. 4. A new section is added to chapter 18.20 RCW to read as follows:

If during an inspection, reinspection, or complaint investigation by the department, a boarding home corrects a violation or deficiency

- 1 that the department discovers, the department shall record and consider
- 2 such violation or deficiency for purposes of the facility's compliance
- 3 history, however the licensor or complaint investigator shall not
- 4 include in the facility report the violation or deficiency if the
- 5 violation or deficiency:

8

- 6 (1) Is corrected to the satisfaction of the department prior to the exit conference;
 - (2) Is not recurring; and
- 9 (3) Did not pose a significant risk of harm or actual harm to a 10 resident.
- For the purposes of this section, "recurring" means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding inspections, reinspections, or
- 14 complaint investigations.
- NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Passed by the Senate March 8, 2004. Passed by the House March 2, 2004. Approved by the Governor March 26, 2004. Filed in Office of Secretary of State March 26, 2004.
