**State of Washington                      58th Legislature                      2003 Regular Session**

**By** House Committee on State Government (originally sponsored by Representatives Miloscia, Armstrong and Haigh)

READ FIRST TIME 03/05/03.

1            AN ACT Relating to job order contracting for public works; amending  
2 RCW 39.10.020, 39.10.067, 39.08.030, 39.30.060, 60.28.011, and  
3 39.10.902; adding a new section to chapter 39.10 RCW; and adding new  
4 sections to chapter 39.12 RCW.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6            NEW SECTION.    **Sec. 1.** A new section is added to chapter 39.10 RCW  
7 to read as follows:

8            (1) Public bodies may use a job order contract for public works  
9 projects when:

10            (a) A public body has made a determination that the use of job  
11 order contracts will benefit the public by providing an effective means  
12 of reducing the total lead-time and cost for public works projects or  
13 repair required at public facilities through the use of unit price  
14 books and work orders by eliminating time-consuming, costly aspects of  
15 the traditional public works process, which require separate  
16 contracting actions for each small project;

17            (b) The work order to be issued for a particular project does not  
18 exceed two hundred thousand dollars;

1 (c) Less than twenty percent of the dollar value of the work order  
2 consists of items of work not contained in the unit price book; and

3 (d) At least eighty percent of the job order contract must be  
4 subcontracted to entities other than the job order contractor.

5 (2) Public bodies shall award job order contracts through a  
6 competitive process utilizing public requests for proposals. Public  
7 bodies shall make an effort to solicit proposals from a certified  
8 minority or certified woman-owned contractor to the extent permitted by  
9 the Washington state civil rights act, RCW 49.60.400. The public body  
10 shall publish, at least once in a legal newspaper of general  
11 circulation published in or as near as possible to that part of the  
12 county in which the public works will be done, a request for proposals  
13 for job order contracts and the availability and location of the  
14 request for proposal documents. The public body shall ensure that the  
15 request for proposal documents at a minimum includes:

16 (a) A detailed description of the scope of the job order contract  
17 including performance, technical requirements and specifications,  
18 functional and operational elements, minimum and maximum work order  
19 amounts, duration of the contract, and options to extend the job order  
20 contract;

21 (b) The reasons for using job order contracts;

22 (c) A description of the qualifications required of the proposer;

23 (d) The identity of the specific unit price book to be used;

24 (e) The minimum contracted amount committed to the selected job  
25 order contractor;

26 (f) A description of the process the public body will use to  
27 evaluate qualifications and proposals, including evaluation factors and  
28 the relative weight of factors. The public body shall ensure that  
29 evaluation factors include, but are not limited to, proposal price and  
30 the ability of the proposer to perform the job order contract. In  
31 evaluating the ability of the proposer to perform the job order  
32 contract, the public body may consider: The ability of the  
33 professional personnel who will work on the job order contract; past  
34 performance on similar contracts; ability to meet time and budget  
35 requirements; ability to provide a performance and payment bond for the  
36 job order contract; recent, current, and projected work loads of the  
37 proposer; location; and the concept of the proposal;

38 (g) The form of the contract to be awarded;

1 (h) The method for pricing renewals of or extensions to the job  
2 order contract;

3 (i) A notice that the proposals are subject to the provisions of  
4 RCW 39.10.100; and

5 (j) Other information relevant to the project.

6 (3) A public body shall establish a committee to evaluate the  
7 proposals. After the committee has selected the most qualified  
8 finalists, the finalists shall submit final proposals, including sealed  
9 bids based upon the identified unit price book. Such bids may be in  
10 the form of coefficient markups from listed price book costs. The  
11 public body shall award the contract to the firm submitting the highest  
12 scored final proposal using the evaluation factors and the relative  
13 weight of factors published in the public request for proposals.

14 (4) The public body shall provide a protest period of at least ten  
15 business days following the day of the announcement of the apparent  
16 successful proposal to allow a protester to file a detailed statement  
17 of the grounds of the protest. The public body shall promptly make a  
18 determination on the merits of the protest and provide to all proposers  
19 a written decision of denial or acceptance of the protest. The public  
20 body shall not execute the contract until two business days following  
21 the public body's decision on the protest.

22 (5) The public body shall issue no work orders until it has  
23 approved, in consultation with the office of minority and women's  
24 business enterprises or the equivalent local agency, a plan prepared by  
25 the job order contractor that equitably spreads certified women and  
26 minority business enterprise subcontracting opportunities, to the  
27 extent permitted by the Washington state civil rights act, RCW  
28 49.60.400, among the various subcontract disciplines.

29 (6) Job order contracts may be executed for an initial contract  
30 term of not to exceed two years, with the option of extending or  
31 renewing the job order contract for one year. All extensions or  
32 renewals must be priced as provided in the request for proposals. The  
33 extension or renewal must be mutually agreed to by the public body and  
34 the job order contractor.

35 (7) The maximum total dollar amount that may be awarded under a job  
36 order contract shall not exceed three million dollars in the first year  
37 of the job order contract, five million dollars over the first two

1 years of the job order contract, and, if extended or renewed, eight  
2 million dollars over the three years of the job order contract.

3 (8) For each job order contract, public bodies shall not issue more  
4 than two work orders equal to or greater than one hundred fifty  
5 thousand dollars in a twelve-month contract performance period.

6 (9) All work orders issued for the same project shall be treated as  
7 a single work order for purposes of the one hundred fifty thousand  
8 dollar limit on work orders in subsection (8) of this section and the  
9 two hundred thousand dollar limit on work orders in subsection (1)(b)  
10 of this section.

11 (10) Any new permanent, enclosed building space constructed under  
12 a work order shall not exceed two thousand gross square feet.

13 (11) Each public body may have no more than two job order contracts  
14 in effect at any one time.

15 (12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW,  
16 each work order issued shall be treated as a separate contract. The  
17 alternate filing provisions of RCW 39.12.040(2) shall apply to each  
18 work order that otherwise meets the eligibility requirements of RCW  
19 39.12.040(2).

20 (13) The requirements of RCW 39.30.060 do not apply to requests for  
21 proposals for job order contracts.

22 (14) Job order contractors shall pay prevailing wages for all work  
23 that would otherwise be subject to the requirements of chapter 39.12  
24 RCW. Prevailing wages for all work performed pursuant to each work  
25 order must be the rates in effect at the time the individual work order  
26 is issued.

27 (15) If, in the initial contract term, the public body, at no fault  
28 of the job order contractor, fails to issue the minimum amount of work  
29 orders stated in the public request for proposals, the public body  
30 shall pay the contractor an amount equal to the difference between the  
31 minimum work order amount and the actual total of the work orders  
32 issued multiplied by an appropriate percentage for overhead and profit  
33 contained in the general conditions for Washington state facility  
34 construction. This will be the contractor's sole remedy.

35 (16) All job order contracts awarded under this section must be  
36 executed before July 1, 2007, however the job order contract may be  
37 extended or renewed as provided for in this section.

1 (17) For purposes of this section, "public body" includes any  
2 school district.

6 as follows:

7 In addition to the projects authorized in RCW 39.10.061, public  
8 bodies may also use the general contractor/construction manager  
9 contracting procedure for the construction of school district capital

22 as follows:

23 (1) The bond mentioned in RCW 39.08.010 shall be in an amount equal  
24 to the full contract price agreed to be paid for such work or  
25 improvement, except under subsection (2) of this section, and shall be  
26 to the state of Washington, except as otherwise provided in RCW  
27 39.08.100, and except in cases of cities and towns, in which cases such  
28 municipalities may by general ordinance fix and determine the amount of

4 conditions and obligations in such bond as may be deemed necessary for  
5 its proper protection in the fulfillment of the terms of the contract  
6 secured thereby, and not in conflict herewith.

7 (2) Under the job order contracting procedure described in section  
8 1 of this act, bonds will be in an amount not less than the dollar  
9 value of all open work orders.

10 **Sec. 5.** RCW 39.30.060 and 2002 c 163 s 2 are each amended to read  
11 as follows:

12 (1) Every invitation to bid on a prime contract that is expected to  
13 cost one million dollars or more for the construction, alteration, or  
14 repair of any public building or public work of the state or a state  
15 agency or municipality as defined under RCW 39.04.010 or an institution  
16 of higher education as defined under RCW 28B.10.016 shall require each  
17 prime contract bidder to submit as part of the bid, or within one hour  
18 after the published bid submittal time, the names of the subcontractors  
19 with whom the bidder, if awarded the contract, will subcontract for  
20 performance of the work of: HVAC (heating, ventilation, and air  
21 conditioning); plumbing as described in chapter 18.106 RCW; and  
22 electrical as described in chapter 19.28 RCW, or to name itself for the  
23 work. The prime contract bidder shall not list more than one  
24 subcontractor for each category of work identified, unless  
25 subcontractors vary with bid alternates, in which case the prime  
26 contract bidder must indicate which subcontractor will be used for  
27 which alternate. Failure of the prime contract bidder to submit as  
28 part of the bid the names of such subcontractors or to name itself to  
29 perform such work or the naming of two or more subcontractors to  
30 perform the same work shall render the prime contract bidder's bid  
31 nonresponsive and, therefore, void.

32 (2) Substitution of a listed subcontractor in furtherance of bid  
33 shopping or bid peddling before or after the award of the prime  
34 contract is prohibited and the originally listed subcontractor is  
35 entitled to recover monetary damages from the prime contract bidder who  
36 executed a contract with the public entity and the substituted  
37 subcontractor but not from the public entity inviting the bid. It is

1 the original subcontractor's burden to prove by a preponderance of the  
2 evidence that bid shopping or bid peddling occurred. Substitution of  
3 a listed subcontractor may be made by the prime contractor for the  
4 following reasons:

5 (a) Refusal of the listed subcontractor to sign a contract with the  
6 prime contractor;

7 (b) Bankruptcy or insolvency of the listed subcontractor;

8 (c) Inability of the listed subcontractor to perform the  
9 requirements of the proposed contract or the project;

10 (d) Inability of the listed subcontractor to obtain the necessary  
11 license, bonding, insurance, or other statutory requirements to perform  
12 the work detailed in the contract; or

13 (e) The listed subcontractor is barred from participating in the  
14 project as a result of a court order or summary judgment.

15 (3) The requirement of this section to name the prime contract  
16 bidder's proposed HVAC, plumbing, and electrical subcontractors applies  
17 only to proposed HVAC, plumbing, and electrical subcontractors who will  
18 contract directly with the prime contract bidder submitting the bid to  
19 the public entity.

20 (4) This section does not apply to job order contract requests for  
21 proposals under section 1 of this act.

22 NEW SECTION. Sec. 6. A new section is added to chapter 39.12 RCW  
23 to read as follows:

24 Job order contracts under section 1 of this act must pay prevailing  
25 wages for all work that would otherwise be subject to the requirements  
26 of this chapter. Prevailing wages for all work performed pursuant to  
27 each work order must be the rates in effect at the time the individual  
28 work order is issued.

29 **Sec. 7.** RCW 60.28.011 and 2000 c 185 s 1 are each amended to read  
30 as follows:

31 (1) Public improvement contracts shall provide, and public bodies  
32 shall reserve, a contract retainage not to exceed five percent of the  
33 moneys earned by the contractor as a trust fund for the protection and  
34 payment of: (a) The claims of any person arising under the contract;  
35 and (b) the state with respect to taxes imposed pursuant to Title 82  
36 RCW which may be due from such contractor.

1 (2) Every person performing labor or furnishing supplies toward the  
2 completion of a public improvement contract shall have a lien upon  
3 moneys reserved by a public body under the provisions of a public  
4 improvement contract. However, the notice of the lien of the claimant  
5 shall be given within forty-five days of completion of the contract  
6 work, and in the manner provided in RCW 39.08.030.

7 (3) The contractor at any time may request the contract retainage  
8 be reduced to one hundred percent of the value of the work remaining on  
9 the project.

10 (a) After completion of all contract work other than landscaping,  
11 the contractor may request that the public body release and pay in full  
12 the amounts retained during the performance of the contract, and sixty  
13 days thereafter the public body must release and pay in full the  
14 amounts retained (other than continuing retention of five percent of  
15 the moneys earned for landscaping) subject to the provisions of  
16 chapters 39.12 and 60.28 RCW.

17 (b) Sixty days after completion of all contract work the public  
18 body must release and pay in full the amounts retained during the  
19 performance of the contract subject to the provisions of chapters 39.12  
20 and 60.28 RCW.

21 (4) The moneys reserved by a public body under the provisions of a  
22 public improvement contract, at the option of the contractor, shall be:

23 (a) Retained in a fund by the public body;

24 (b) Deposited by the public body in an interest bearing account in  
25 a bank, mutual savings bank, or savings and loan association. Interest  
26 on moneys reserved by a public body under the provision of a public  
27 improvement contract shall be paid to the contractor;

28 (c) Placed in escrow with a bank or trust company by the public  
29 body. When the moneys reserved are placed in escrow, the public body  
30 shall issue a check representing the sum of the moneys reserved payable  
31 to the bank or trust company and the contractor jointly. This check  
32 shall be converted into bonds and securities chosen by the contractor  
33 and approved by the public body and the bonds and securities shall be  
34 held in escrow. Interest on the bonds and securities shall be paid to  
35 the contractor as the interest accrues.

36 (5) The contractor or subcontractor may withhold payment of not  
37 more than five percent from the moneys earned by any subcontractor or  
38 sub-subcontractor or supplier contracted with by the contractor to

1 provide labor, materials, or equipment to the public project. Whenever  
2 the contractor or subcontractor reserves funds earned by a  
3 subcontractor or sub-subcontractor or supplier, the contractor or  
4 subcontractor shall pay interest to the subcontractor or sub-  
5 subcontractor or supplier at a rate equal to that received by the  
6 contractor or subcontractor from reserved funds.

7 (6) A contractor may submit a bond for all or any portion of the  
8 contract retainage in a form acceptable to the public body and from a  
9 bonding company meeting standards established by the public body. The  
10 public body shall accept a bond meeting these requirements unless the  
11 public body can demonstrate good cause for refusing to accept it. This  
12 bond and any proceeds therefrom are subject to all claims and liens and  
13 in the same manner and priority as set forth for retained percentages  
14 in this chapter. The public body shall release the bonded portion of  
15 the retained funds to the contractor within thirty days of accepting  
16 the bond from the contractor. Whenever a public body accepts a bond in  
17 lieu of retained funds from a contractor, the contractor shall accept  
18 like bonds from any subcontractors or suppliers from which the  
19 contractor has retained funds. The contractor shall then release the  
20 funds retained from the subcontractor or supplier to the subcontractor  
21 or supplier within thirty days of accepting the bond from the  
22 subcontractor or supplier.

23 (7) If the public body administering a contract, after a  
24 substantial portion of the work has been completed, finds that an  
25 unreasonable delay will occur in the completion of the remaining  
26 portion of the contract for any reason not the result of a breach  
27 thereof, it may, if the contractor agrees, delete from the contract the  
28 remaining work and accept as final the improvement at the stage of  
29 completion then attained and make payment in proportion to the amount  
30 of the work accomplished and in this case any amounts retained and  
31 accumulated under this section shall be held for a period of sixty days  
32 following the completion. In the event that the work is terminated  
33 before final completion as provided in this section, the public body  
34 may thereafter enter into a new contract with the same contractor to  
35 perform the remaining work or improvement for an amount equal to or  
36 less than the cost of the remaining work as was provided for in the  
37 original contract without advertisement or bid. The provisions of this

1 chapter are exclusive and shall supersede all provisions and  
2 regulations in conflict herewith.

3 (8) Whenever the department of transportation has contracted for  
4 the construction of two or more ferry vessels, sixty days after  
5 completion of all contract work on each ferry vessel, the department  
6 must release and pay in full the amounts retained in connection with  
7 the construction of the vessel subject to the provisions of RCW  
8 60.28.020 and chapter 39.12 RCW. However, the department of  
9 transportation may at its discretion condition the release of funds  
10 retained in connection with the completed ferry upon the contractor  
11 delivering a good and sufficient bond with two or more sureties, or  
12 with a surety company, in the amount of the retained funds to be  
13 released to the contractor, conditioned that no taxes shall be  
14 certified or claims filed for work on the ferry after a period of sixty  
15 days following completion of the ferry; and if taxes are certified or
