Brief Description: Improving passenger ferry service. Revised for 1st Substitute: Providing passenger ferry service.

HB 1853 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that passenger-only ferry service is a key element to the state's transportation system and that it is in the interest of the state to make provision for such services.

Finds that diminished state transportation resources require that local authorities be authorized to develop, operate, and fund needed services.

Declares an intent that the state provide for a transition from state-provided to local service and that the department of transportation provide resources to assist in this effort.
