Brief Description: Requiring county and city coordination of comprehensive plan reviews.

**HB 1923 - DIGEST**

Provides that any review or evaluation of, or any amendment of or revision to, the capital facilities plan element or transportation element of a county comprehensive land use plan shall be coordinated with, and consistent with, the capital facilities plan element or transportation element of comprehensive land use plans of the cities located within the county. Any review or evaluation of, or any amendment of or revision to, county development regulations consistent with the provisions of this act shall be coordinated with, and consistent with, applicable development regulations of the cities located within the county.
