

2034-S

Sponsor(s): House Committee on Fisheries, Ecology & Parks
(originally sponsored by Representatives Cooper, Buck and Linville)

Brief Description: Streamlining the hydraulic project approval permit application process.

HB 2034-S - DIGEST

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to clarify the department of ecology's authority under chapter 77.55 RCW, streamline the application process to provide consistency and predictability for permit applicants, and ensure that those hydraulic projects with the highest potential risk to fish and fish habitat receive the highest priority.
