Brief Description: Creating the Produce Railcar Pool.

HB 2072 - DIGEST

(AS _____ OF HOUSE 2ND READING 3/17/03)

Declares an intent to authorize and direct the Washington department of transportation to develop a railcar program for Washington's perishable commodity industries to be known as the Washington Produce Railcar Pool. This railcar program should be modeled from the Washington Grain Train program, but be made flexible enough to work with entities outside state government in order to fulfill its mission, including, but not limited to, the federal and local governments, commodity commissions, and private entities.
