Brief Description: Authorizing collection of support payments for children with developmental disabilities in out-of-home care.

HB 2554 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that nothing in this act prohibits the department from seeking support from parents of a child when state or federal funds are expended for the care and maintenance of that child, including a child with a developmental disability, or when the department receives an application for services from the physical custodian of the child, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents.
