Declares that "health coverage tax credit program" means the program created by the Trade Act of 2002 (P.L. 107-210) that provides a federal tax credit that subsidizes private health insurance coverage for displaced workers certified to receive certain trade adjustment assistance benefits and for individuals receiving benefits from the pension benefit guaranty corporation.

Declares that the administrator has the duty to determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Directs the administrator to consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.
