HB 1461 by Representatives Schual-Berke, Sullivan, Morris, Ruderman, Kessler and Cody

Regulating stem cell research and human cloning.

Declares it is the policy of Washington state that research involving the derivation and use of human embryonic stem cells, human embryonic germ cells, and human adult stem cells from any source, including somatic cell nuclear transplantation, is permitted upon full consideration of the ethical and medical implications of this research.

Provides that a person may donate human embryonic tissue or human cadaveric fetal tissue for research purposes.

Provides that a person may not knowingly, for valuable consideration, purchase or sell human embryonic tissue or human cadaveric fetal tissue for research purposes. A person who violates this provision is guilty of a felony and upon conviction is subject to a fine not to exceed fifty thousand dollars or imprisonment not to exceed five years, or both.

Provides that no person may knowingly engage or assist in the cloning or attempted cloning of a human being.

Declares that the attorney general may bring an action to enjoin any person from violating this provision.

Declares that any person who violates this provision is subject to a civil penalty not to exceed one hundred thousand dollars for each violation.

Declares that nothing in this act shall be construed to restrict areas of biomedical, agricultural, and scientific research not specifically prohibited by this provision, including somatic cell nuclear transfer or other cloning technologies to clone molecules, DNA, cells, and tissues.

Senate Bills

SB 5444 by Senators Finkbeiner, Kline, Swecker, Kohl-Welles, Carlson and Poulsen

Implementing Instant Runoff Voting.

Declares that "instant runoff voting" means a system of voting whereby voters may rank three or more candidates for the same office in order of preference, so that voters may indicate a first choice, a second choice, and so on for as many of the candidates for the office as they wish, up to the maximum number of choices allowed.

Provides that, in general, instant runoff counting proceeds in the following manner: First by counting all votes. If a candidate receives a majority of votes he or she is elected. If no candidate receives a majority on the first or any subsequent stage then the last place candidate at each stage is eliminated. The next choices on ballots for an eliminated candidate become votes for the candidates indicated in those choices, and this process continues until all but one candidate has been eliminated.
