Revising driving privileges for juveniles convicted of motor vehicle felonies.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

HB 1082-S by House Committee on Education (originally sponsored by Representatives Ruderman, Tom, Hunter, Jarrett, McDermott, Nixon, Clibborn, Sommers, Sullivan, McIntire, O'Brien, Simpson, Hunt, Moeller, Kirby, Cooper, Chase, Wood, Miloscia, Shabro, Hudgins, Kenney, Conway, Kagi and Dickerson)

Creating a housing allowance program for nonsupervisory educational employees.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes that, as the disparity in the cost-of-living between school districts across the state has grown in recent years, the purchasing power of equalized salaries has become more disparate for K-12 employees. A major contributor to these costs is housing.

Declares that the purpose of this act is to authorize a housing allowance for nonsupervisory public school employees in order to encourage these employees to live in the districts in which they work.

Authorizes eligible school districts to provide a housing allowance for nonsupervisory classified and certificated employees with revenues raised from a housing allowance levy authorized under this act.

-- 2003 REGULAR SESSION --

Feb 19 ED - Majority; 1st substitute bill be substituted, do pass.

HB 1095-S by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Rockefeller, Sump, Linville, Orcutt, Schoesler, Pearson, Holmquist, Haigh and Kristiansen; by request of Commissioner of Public Lands)

Limiting the impact on small forest landowners caused by forest road maintenance and abandonment requirements.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that chapter 4, Laws of 1999 sp. sess. strongly encouraged the forest practices board to adopt administrative rules that were substantially similar to the recommendations presented to the legislature in the form of the forests and fish report. The rules adopted pursuant to the 1999 legislation require all forest landowners to complete a road maintenance and abandonment plan, and those rules cannot be changed by the forest practices board without either a final order from a court, direct instructions from the legislature, or a recommendation from the adaptive management process.

Finds that, in the time since the enactment of chapter 4, Laws of 1999 sp. sess., it has become clear that both the planning aspect and the implementation aspect of the road maintenance and abandonment plan requirement may cause an unforeseen and unintended disproportionate financial hardship on small forest landowners.

Finds that it is in the state's interest to help small forest landowners comply with the requirements of the forests and fish report in a way that does not require the landowner to spend unreasonably high and unpredictable amounts of money to complete road maintenance and abandonment plan preparation and implementation.

Finds that the commissioner of public lands and the governor have explored solutions that minimize the hardship caused to small forest landowners by the forest road maintenance and abandonment requirements of the forests and fish law, while maintaining protection for public resources.

Declares that this act represents the bulk of the recommendations stemming from that process.

-- 2003 REGULAR SESSION --

Declares an offender is eligible for the youthful offender sentencing alternative if: (1) The offender has been convicted in adult criminal court pursuant to RCW 13.04.030(1)(e)(v) of any charge other than murder in the first degree or murder in the second degree, or an attempt to commit murder in the first or second degree;

(2) The offender has no prior convictions for any serious violent offense; and

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that certificated instructional staff who have attained certification from the national board for professional teaching standards shall receive a bonus of three thousand five hundred dollars each year in which they maintain their certification from the national board for professional teaching standards.

Declares that the annual bonus for national board certification is provided in addition to compensation received under a district's salary schedule adopted in accordance with RCW 28A.405.200 and shall not be included in calculations of a district's average salary and associated salary limitations under RCW 28A.400.200.

Provides that, by August 1, 2006, the Washington professional educator standards board shall review the national board certification standards to determine whether the standards are sufficiently rigorous and aligned to student achievement. The report may include recommendations for the continuation, modification, or elimination of the bonuses.

HB 1277-S by House Committee on Higher Education (originally sponsored by Representatives Kenney, Cox, Jarrett, Chase, Veloria, Kessler and Upthegrove)

Gaining independence for students by creating the educational assistance grant program for financially needy students with dependents.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Creates the educational assistance grant program for students with dependents subject to the availability of receipts of gifts, grants, or endowments from private sources. The program is created to serve financially needy students with dependents eighteen years of age or younger, by assisting them directly through a grant program to pursue a degree or certificate at public or private institutions of higher education, as defined in RCW 28B.10.802, that participate in the state need grant program.

Declares that, to be eligible for the educational assistance grant program for students with dependents, applicants shall:

(3) Be eligible to participate in the state need grant program as set forth under RCW 28B.10.810; and

Promoting economic development and community revitalization.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the cost of housing; and promotes efficient land use.

Finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax to those local governments that can demonstrate the expected returns to the state.

Clarifying that certain uses of water are exempt from the requirements of obtaining a permit under the ground water code.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Revises RCW 90.44.050 relating to withdrawals for stock-watering.

Finds that this act is necessary for the economic health and well-being of Washington citizens and rural communities that depend upon the thousands of jobs created by agricultural and livestock operations. In accordance with the longstanding interpretation of the intent of the original act in 1945, the legislature deems it necessary to clarify and reaffirm that the ability and right to use water as provided for in RCW 90.44.050(2) remains exempt from the requirements of obtaining a permit under the ground water code.

Creating the eastern and western Washington water commissioners.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that there is a critical need to provide for two regional elective officers, an eastern Washington water commissioner and a western Washington water commissioner, to administer Washington's water resource laws.

Finds that there is a growing necessity to provide for the increasing needs of the state and its citizens for water for industrial, agricultural, residential, social, economic, recreational, environmental, and other needs and to plan, coordinate, restore, and regulate the use of our water resources.

Declares that the offices of eastern Washington water commissioner and western Washington water commissioner created by this act must initially be funded entirely from appropriations made to the department of ecology for carrying out the powers, functions, and duties that are transferred to the commissioners pursuant to this act.

Declares that all powers, duties, and functions of the department of ecology pertaining to those powers and duties set out in this act are transferred to the commissions.
