House Bills

HB 2553 by Representatives Pettigrew, Delvin and Dickerson; by request of Department of Social and Health Services

Revising the distribution of child support amongst multiple cases.

Amends RCW 26.23.035 relating to the distribution of child support amongst multiple cases.

-- 2004 REGULAR SESSION --

Jan 16 First reading, referred to Juvenile Justice & Family Law.

HB 2554 by Representatives Dickerson, Kagi, Lovick, Delvin, Pettigrew, Rockefeller and Wood; by request of Department of Social and Health Services

Authorizing collection of support payments for children with developmental disabilities in out-of-home care.

Declares that nothing in this act prohibits the department from seeking support from parents of a child when state or federal funds are expended for the care and maintenance of that child, including a child with a developmental disability, or when the department receives an application for services from the physical custodian of the child, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents.

HB 2555 by Representatives Blake, McCoy, Delvin, Moeller, Ruderman, O'Brien, Hatfield, Haigh, G. Simpson, Kenney, Conway, Wood, Morrell, Linville, Kessler and Clibborn

Concerning training benefits for pulp, paper, and paperboard workers.

Revises provisions relating to training benefits for pulp, paper, and paperboard workers.

-- 2004 REGULAR SESSION --

Jan 16 First reading, referred to Commerce & Labor.

HB 2556 by Representatives O'Brien, Kagi, Carrell, Uptegrove, Miloscia, Lovick and Moeller

Studying criminal background check processes.

Provides that, in consultation with the Washington State Patrol, the Washington association of sheriffs and police chiefs shall conduct a study on criminal background checks. The study shall focus on how Washington state can reduce delays in the criminal background check processing time and how Washington state can make criminal background checks more accessible and efficient.

Provides that the study shall include, but is not limited to: (1) A review and analysis of the criminal background check programs in states that have recently implemented or

are soon to implement comprehensive criminal background check programs.

(2) Recommendations on how a comprehensive criminal background check program should be designed in Washington state, and how much a comprehensive program would cost to implement in Washington state.

(3) A review of how a comprehensive criminal background check program could be paid for in Washington state, which includes a determination on whether the program could be funded solely by user fees.

(4) A review of the benefits and obstacles of implementing a criminal background check program created by the national child protection act of 1993. The national child protection act of 1993 increases the availability of criminal background checks for employers who have employees or volunteers who work with children, elderly persons, or persons with disabilities.

(5) Upon completion of the review in this provision, recommendations on how Washington state can make criminal background checks, as authorized under the national child protection act of 1993, available to Washington state employers.

Requires the findings and recommendations from the study to be presented to the legislature no later than December 31, 2004.

-- 2004 REGULAR SESSION --

Jan 16 First reading, referred to Criminal Justice & Corrections.

HB 2557 by Representatives O'Brien, Kagi, Pearson, Lovick, Carrell, Miloscia, Moeller and Rockefeller

Authorizing collection of offenders' palmprints.

Provides that any incarcerated adult or juvenile that is serving a jail or prison sentence for any criminal offense constituting a felony or gross misdemeanor shall be palmprinted anytime prior to release from incarceration.

-- 2004 REGULAR SESSION --

Jan 16 First reading, referred to Criminal Justice & Corrections.

HB 2558 by Representatives Lovick, Carrell, O'Brien, Darneille, Kagi, Miloscia and Rockefeller

Addressing the protection of personal and identifying information.

Finds that release of personal and identifying information specifically linked to the name and job title of employees in the criminal justice and judicial systems may increase exposure of those individuals and their families to identity theft, harassment, or physical harm. The legislature finds the public's legitimate right to hold public employees accountable can be achieved without access to and dissemination of personal and identifying information that may subject an employee and that employee's family to an increased danger of physical harm, identity theft, or harassment.

Declares that this act is intended to assist employees of the criminal justice and court systems to limit release of personal and identifying information to the general public.

-- 2004 REGULAR SESSION --

Jan 16 First reading, referred to Judiciary.

HB 2559 by Representatives O'Brien, Kagi, Darneille, Upthegrove, Miloscia and Lovick

Authorizing the certification of corrections officers.

Provides that, as a condition of continuing employment as corrections officers, all Washington state corrections officers shall: (1) Timely obtain certification as corrections officers, or timely obtain exemption therefrom, by meeting all requirements of RCW 43.101.220, as that section is administered under the rules of the commission, as well as by meeting any additional requirements under this act; and

(2) Maintain the basic certification as corrections officers under this act.

Provides that the commission shall certify corrections officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.220 on or before January 1, 2005. Thereafter, the commission may revoke certification pursuant to this act.

HB 2569 by Representatives Kenney, McIntire, Talcott, Dickerson, McCoy, Quall, Fromhold, Pettigrew, Moeller, Chase, Haigh, G. Simpson, Rockefeller, Hunt and Morrell

Requiring safe drinking water in Washington public schools.

Finds that the best way to ensure that drinking water is safe in a particular school building is to test drinking and cooking water outlets such as taps, bubblers, and fountains, and to promptly correct problems where contaminant concentrations are found to exceed safe levels.

Provides that all the enforcement provisions of RCW 70.119.030, 70.119.040, and 70.119.050 relating to public water systems shall be applicable to the secretary's enforcement of the provisions of this act to achieve the public school water quality standards and requirements established under this act.

Directs the department to examine compliance with adopted standards and rules and provide a report to the appropriate committees of the legislature biennially, beginning December 1, 2006. The report shall include any recommendations, in bill form, for legislation that would improve compliance with, or facilitate the enforcement or achievement of, public school safe drinking water standards established under this act.

Provides that, if a school receives notice from the department that it is not in compliance with public school drinking water standards, the school may not offer a construction bond issue to the voters until the school obtains a letter of approval from the department indicating the department's satisfaction that either:

(1) The construction bond proposal contains specific remedial provisions and dedicated funding likely to bring the school into compliance with public school drinking water standards;

(2) The school has obtained funding or bona fide commitments of funding from other sources sufficient to

bring the school into compliance with public school drinking water standards; or

(3) In accordance with rules established under this act, the school has submitted and received approval for an action plan likely to reduce contamination to acceptable levels within a fixed and reasonable time period.

-- 2004 REGULAR SESSION --

HB 2570 by Representatives Schindler, Miloscia, Priest, Mielke, Ahern and Edwards

Allowing water-sewer districts to consider fees in selecting engineering services.

Provides that, when selecting a professional engineer or professional engineering firm to perform services on behalf of the district, the district may, in lieu of pursuing selection under chapter 39.80 RCW, elect to require that the person or firm submit, with its statement of qualifications or project proposal, a declaration of the professional fees and fee rates to be charged in performing the services. In making its selection, the district may choose among the persons or firms qualified to perform the services on the basis of the lowest proposed fees and/or fee rates for the work.

Declares that RCW 39.80.040 and 39.80.050 need not be complied with by a water-sewer district selecting a professional engineer or professional engineering firm to perform services on behalf of the district under RCW 57.08.050(6).

HB 2591 by Representatives Cooper, Kagi, Uphergrove, McCoy, Dickerson and Chase

Regarding coastal management.
 Directs the department of ecology to review the state and local policies included in the state's approved coastal zone management program, and other state and local policies not included in the program, which if included would further the purposes of protecting the state's coastal zone. This review shall be conducted in consultation with other state agencies and local governments administering the policies and programs under review, and, at a minimum, shall include the departments of natural resources and fish and wildlife, and the governing bodies of the counties included within the state's coastal zone.

Requires the department to conclude its review by December 1, 2004, and report its recommendations to the appropriate committees of the legislature.

Directs the department to compile the elements of the federally approved state coastal zone management program into a single document to facilitate administration of the program by the various state agencies and local governments responsible for individual elements, and to facilitate public review and participation in federal consistency reviews and other coastal zone management program activities.

Creating the Private-Public Partnership Program (P4).

Establishes the public-private partnership program (P4) within the department of transportation. The department shall solicit proposals for improvements to the state highway system from private entities, or from public entities that have entered into an agreement with a private entity that will provide more than fifty percent of financing for the project.

Provides that cities, counties, and public port districts are eligible to form partnerships with private entities to sponsor a project for development and construction under this act.

Declares that new improvements to the existing state transportation system, as well as reconstruction of existing highway facilities, are eligible to be proposed by public or private sponsors.

Establishes the public-private partners (P4) infrastructure account in the state treasury.

Declares that projects developed under this act qualify for investment in rural counties from the rural economic development fund.

Requires that all projects constructed under this act must conform with the ASHTO highway design standards in effect at the time of commencing project construction.

Declares that projects funded under this act may not exceed fifty million dollars.

Directs the department to develop criteria for prioritizing projects submitted for funding under this act. The selection criteria for projects are: (1) Economic development potential; and

(2) Amount of private investment as a percentage of total project cost.

Requires that, after reaching a tentative negotiated agreement with a project sponsor, the department shall forward the proposed project and negotiated agreement to the legislative transportation committee for review, comment, and final approval.

SB 6285 by Senators Oke, Doumit, Roach, Swecker, Stevens, Morton, Winsley, T. Sheldon, Sheahan, Jacobsen, Rasmussen, Haugen, Hargrove, Berkey, Hale, Honeyford, Mulliken and Parlette

Providing for a regulated trapping program in the state.

Finds that it is in the interest of all of the citizens of Washington to ensure that all trapping is done in accordance with sound scientific wildlife management principles using humane methods as set forth in this act.

Declares an intent that the state trapping program be administered using sound science by the department of fish and wildlife, and that the primary emphasis of this program addresses animal problems as defined in RCW 77.08.010.

Finds that the current furbearer management program, utilizing only nonlethal trapping techniques, is an effective method of regulating predator and aquatic mammal species. It is the intent of the legislature to continue the current furbearer management program.

Finds that humane, regulated trapping practices used to control animals contribute positively to the well-being of the state of Washington, to public health and welfare by assisting to control the spread of animal-borne disease, and to the protection of private and public property from damage resulting from uncontrolled animal populations.

Finds that the sale, trade, or barter of wild animal pelts is consistent with the legislature's intent not to waste a valuable wildlife resource.

Declares that it is the policy of the state of Washington to minimize the use of indiscriminate or painful traps and to use all traps humanely. When lethal trapping methods are used, such methods must be used in the most humane way that accomplishes the goal of reducing animal problems. All persons trapping wild animals and wild birds in the state shall use all practicable means necessary to avoid the capture of a nontargeted animal.

Declares that it is unlawful to trap wild animals or wild birds, other than nuisance wildlife species, using body-gripping traps except by nuisance wildlife control operators and trappers licensed by the department under RCW 77.65.450 when operating under a trapping permit issued by the department, by persons operating under a scientific collector permit, by persons operating under a falconry permit, or by landowners and their agents under the provisions of RCW 77.36.030.

Directs the commission to adopt appropriate rules regarding the types of traps and bait for use in capturing wild animals and wild birds to ensure the humane treatment of captured animals. In adopting these rules, the commission may take into consideration the effectiveness of various trap sizes, approved best management practices, and the habitats in which the traps may be used.

Declares that these rules may not allow for the use of traps with teeth or serrated edges or a neck or body snare attached to a spring pole or any spring pole type device.

SB 6332 by Senators Schmidt, Kohl-Welles, Carlson, Shin, Winsley and Berkey; by request of Governor Locke

Providing for performance contracts with institutions of higher education on a pilot basis.

Declares an intent to explore a new relationship between the state and public institutions of higher education that includes dialog and negotiation over goals, priorities, performance, and resources, and also includes explicit commitments made by each party aimed at achieving agreed-upon outcomes. The mechanism to implement this relationship is a performance contract, to be initiated on a pilot basis with selected institutions beginning in 2004.

Requires the governor's office with assistance from the higher education coordinating board to enter into negotiations with the governing boards of one state research university and one state regional university, as defined in RCW 28B.10.016, to create a performance contract on a pilot basis with each institution.

Requires the governor to submit the completed performance contracts to the legislature by January 15, 2005. Following public hearings, the legislature shall have the opportunity, by concurrent resolution, to approve or reject each performance contract as a whole.

Provides that, beginning September 2005, the higher education coordinating board shall provide semi-annual progress reports to the higher education committees of the senate and house of representatives on implementation of the performance contracts and any short-term outcomes.

Directs the Washington state institute for public policy to conduct an evaluation of the pilot performance contracts and make recommendations regarding change, continuation, or expansion of the contract process to include additional colleges and universities.
