Background:

The 2001 Legislature created a temporary advisory committee to the Fish and Wildlife Commission (Commission) that generally represents the interests of disabled hunters and fishers. These interests include special hunts, sporting equipment modifications, access to public lands, and increased hunting and fishing opportunities. The seven members of the advisory committee were appointed by the commission and are comprised of disabled individuals representing the six Department of Fish and Wildlife administrative units, and one member appointed at large.

The advisory committee is set to terminate on July 1, 2005. The Commission was required to submit a report to the Legislature in 2004 that detailed the effectiveness of the advisory committee, and recommended if the advisory committee should be continued or modified.

In its report to the Legislature, the Commission stated that the advisory committee presented information that led to rule making decisions that benefitted the community of disabled hunters, fishers, and wildlife viewers. The Commission concluded that their recommendation was for the advisory committee to be extended until July 1, 2008.

The Commission values the input from the advisory committee and appreciates the large number of volunteer hours that have been served by its members, who are private citizens dedicated to extending opportunities for the disabled.

Testimony Against: None.
