29 authorized to train teachers and other personnel for whom teaching
30 certificates or special credentials prescribed by the (~~state board of~~
31 ~~education~~) Washington professional educator standards board are
32 required, for any grade, level, department, or position of the public
33 schools of the state.

34 **Sec. 218.** RCW 18.118.010 and 1990 c 33 s 553 are each amended to
35 read as follows:

36 (1) The purpose of this chapter is to establish guidelines for the

1 regulation of the real estate profession and other business professions
2 which may seek legislation to substantially increase their scope of
3 practice or the level of regulation of the profession, and for the
4 regulation of business professions not licensed or regulated on July
5 26, 1987: PROVIDED, That the provisions of this chapter are not
6 intended and shall not be construed to: (a) Apply to any regulatory
7 entity created prior to July 26, 1987, except as provided in this
8 chapter; (b) affect the powers and responsibilities of the
9 superintendent of public instruction or (~~state board of education~~)
10 Washington professional educator standards board under RCW
11 (~~28A.305.130~~) 28A.410.210 and 28A.410.010; (c) apply to or interfere
12 in any way with the practice of religion or to any kind of treatment by
13 prayer; (d) apply to any remedial or technical amendments to any
14 statutes which licensed or regulated activity before July 26, 1987; and
15 (e) apply to proposals relating solely to continuing education. The
16 legislature believes that all individuals should be permitted to enter
17 into a business profession unless there is an overwhelming need for the
18 state to protect the interests of the public by restricting entry into
19 the profession. Where such a need is identified, the regulation
20 adopted by the state should be set at the least restrictive level
21 consistent with the public interest to be protected.

22 (2) It is the intent of this chapter that no regulation shall be
23 imposed upon any business profession except for the exclusive purpose
24 of protecting the public interest. All bills introduced in the
25 legislature to regulate a business profession for the first time should
26 be reviewed according to the following criteria. A business profession
27 should be regulated by the state only when:

28 (a) Unregulated practice can clearly harm or endanger the health,
29 safety, or welfare of the public, and the potential for the harm is
30 easily recognizable and not remote or dependent upon tenuous argument;

31 (b) The public needs and can reasonably be expected to benefit from
32 an assurance of initial and continuing professional ability; and

33 (c) The public cannot be effectively protected by other means in a
34 more cost-beneficial manner.

35 (3) After evaluating the criteria in subsection (2) of this section
36 and considering governmental and societal costs and benefits, if the
37 legislature finds that it is necessary to regulate a business

1 profession not previously regulated by law, the least restrictive
2 alternative method of regulation should be implemented, consistent with
3 the public interest and this section:

4 (a) Where existing common law and statutory civil actions and
5 criminal prohibitions are not sufficient to eradicate existing harm,
6 the regulation should provide for stricter civil actions and criminal
7 prosecutions;

8 (b) Where a service is being performed for individuals involving a
9 hazard to the public health, safety, or welfare, the regulation should
10 impose inspection requirements and enable an appropriate state agency
11 to enforce violations by injunctive relief in court, including, but not
12 limited to, regulation of the business activity providing the service
13 rather than the employees of the business;

14 (c) Where the threat to the public health, safety, or economic
15 well-being is relatively small as a result of the operation of the
16 business profession, the regulation should implement a system of
17 registration;

18 (d) Where the consumer may have a substantial basis for relying on
19 the services of a practitioner, the regulation should implement a
20 system of certification; or

21 (e) Where apparent that adequate regulation cannot be achieved by
22 means other than licensing, the regulation should implement a system of
23 licensing.

24 **Sec. 219.** RCW 18.120.010 and 1990 c 33 s 554 are each amended to
25 read as follows:

26 (1) The purpose of this chapter is to establish guidelines for the
27 regulation of health professions not licensed or regulated prior to
28 July 24, 1983, and those licensed or regulated health professions which
29 seek to substantially increase their scope of practice: PROVIDED, That
30 the provisions of this chapter are not intended and shall not be
31 construed to: (a) Apply to any regulatory entity created prior to July
32 24, 1983, except as provided in this chapter; (b) affect the powers and
33 responsibilities of the superintendent of public instruction or (~~state~~
34 ~~board of education~~) Washington professional educator standards board
35 under RCW (~~(28A.305.130)~~) 28A.410.210 and 28A.410.010; (c) apply to or
36 interfere in any way with the practice of religion or to any kind of
37 treatment by prayer; and (d) apply to any remedial or technical

1 amendments to any statutes which licensed or regulated activity before
2 July 24, 1983. The legislature believes that all individuals should be
3 permitted to enter into a health profession unless there is an
4 overwhelming need for the state to protect the interests of the public
5 by restricting entry into the profession. Where such a need is
6 identified, the regulation adopted by the state should be set at the
7 least restrictive level consistent with the public interest to be
8 protected.

9 (2) It is the intent of this chapter that no regulation shall,
10 after July 24, 1983, be imposed upon any health profession except for
11 the exclusive purpose of protecting the public interest. All bills
12 introduced in the legislature to regulate a health profession for the
13 first time should be reviewed according to the following criteria. A
14 health profession should be regulated by the state only when:

15 (a) Unregulated practice can clearly harm or endanger the health,
16 safety, or welfare of the public, and the potential for the harm is
17 easily recognizable and not remote or dependent upon tenuous argument;

18 (b) The public needs and can reasonably be expected to benefit from
19 an assurance of initial and continuing professional ability; and

20 (c) The public cannot be effectively protected by other means in a
21 more cost-beneficial manner.

22 (3) After evaluating the criteria in subsection (2) of this section
23 and considering governmental and societal costs and benefits, if the
24 legislature finds that it is necessary to regulate a health profession
25 not previously regulated by law, the least restrictive alternative
26 method of regulation should be implemented, consistent with the public
27 interest and this section:

28 (a) Where existing common law and statutory civil actions and
29 criminal prohibitions are not sufficient to eradicate existing harm,
30 the regulation should provide for stricter civil actions and criminal
31 prosecutions;

32 (b) Where a service is being performed for individuals involving a
33 hazard to the public health, safety, or welfare, the regulation should
34 impose inspection requirements and enable an appropriate state agency
35 to enforce violations by injunctive relief in court, including, but not
36 limited to, regulation of the business activity providing the service
37 rather than the employees of the business;

1 (c) Where the threat to the public health, safety, or economic
2 well-being is relatively small as a result of the operation of the
3 health profession, the regulation should implement a system of
4 registration;

5 (d) Where the consumer may have a substantial basis for relying on
6 the services of a practitioner, the regulation should implement a
7 system of certification; or

8 (e) Where apparent that adequate regulation cannot be achieved by
9 means other than licensing, the regulation should implement a system of
10 licensing.
