6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7

1. Timber Land Revitalization Board

NEW SECTION. Sec. 1. The legislature finds that more than half of 8 9 the state's forty-two and one-half million acres are forest lands and that the majority of these lands are available for harvest. However, 10 many of the state's forest lands are threatened by conversion to 11 12 nonforest uses, mostly from commercial and residential development. In addition, worldwide fiber commodity prices, increased environmental 13 14 regulations, and changing patterns in corporate and individual ownership of forest lands are also contributing to the declines in 15 forest lands in the state. Therefore, it is the intent of this act to 16 provide greater state financial assistance to revitalize and maintain 17 18 forest lands in the state, through creation of a funding board to make

1 grants on a competitive basis that support protection of the forest 2 land base and that assist in developing innovative strategies for 3 supporting economically and environmentally healthy forests and forest-4 dependent communities.

5 <u>NEW SECTION.</u> Sec. 2. The definitions in this section apply 6 throughout this chapter unless the context clearly requires otherwise. 7 (1) "Board" means the timber land revitalization board created in 8 section 3 of this act.

(2) "Department" means the department of natural resources.

10 (3) "Priority needs areas" means the geographic areas identified by 11 the department for priority lands to be addressed under the forest 12 legacy program.

NEW SECTION. Sec. 3. (1) The timber land revitalization board is 13 created. The board is composed of five members, of whom four members 14 15 must be appointed by the governor. The commissioner of public lands shall serve ex officio as a voting member of the board. In making 16 appointments, the governor shall provide for representation of the 17 18 interests of industrial forest landowners, nonindustrial forest landowners, local governments, and nonprofit citizen organizations 19 20 involved with the revitalization of timber lands and protection of the 21 state's forest land base. The governor shall solicit and give 22 substantial consideration to nominations provided by organizations 23 representing these interests. Appointments to the board by the governor are subject to senate confirmation. 24

(2) The governor shall select a chair from among the members of theboard.

(3) Board members serve four-year terms, except that the governor
shall designate two of the initial appointments to serve for a term of
two years. The terms commence January 1, 2006.

30 (4) Staff support to the board shall be provided by the department.
 31 For administrative purposes, the board shall be located within the
 32 department.

33 (5) Members of the board shall be compensated as provided by RCW 34 43.03.250, and reimbursed for travel expenses as provided by RCW 35 43.03.050 and 43.03.060.

9

(1) The board is responsible for making 2 grants and loans for the revitalization of timber lands consistent with 3 the procedures and criteria of section 5 of this act, from the amounts 4 appropriated to the board for this purpose. To accomplish this 5 purpose, the board may:

6 (a) Provide assistance to grant applicants regarding the procedures7 and criteria for grant and loan awards;

8 (b) Make and execute all manner of contracts and agreements with 9 public and private parties as the board deems necessary, consistent 10 with the purposes of this chapter;

22 <u>NEW SECTION.</u> Sec. 5. (1) During each fiscal biennium, the board's 23 total grants and loans are subject to the following limitations:

(a) Not less than thirty percent and not more than forty percent of
the total must be awarded for projects and activities that sustain the
forest land base and strengthen the connection between economic health
and conservation of forests in Washington. Such activities may include

(3) The board shall also adopt guidelines that limit the amount of a grant or loan that may be allocated to administrative or other expenses of a grant or loan recipient that are not directly applied to the working forestry revitalization activities of the grant or loan.

(4) The board shall accord additional weight to applications thataddress forest lands within priority needs areas.

(5) During each fiscal year commencing July 1, 2006, and ending 28 June 30, 2015, the board shall establish a goal of disbursing a minimum 29 of twenty-five percent of the total funds awarded by the board in the 30 31 form of low-interest loans. However, if the board determines that 32 there are not sufficient applications for eligible projects to meet this goal, the board may award a lesser amount as loans, or may hold 33 funds until the next funding cycle to encourage a greater number of 34 35 loan applications.

## 2. Cascade Foothills

NEW SECTION. Sec. 13. The legislature finds that the western 16 slopes of the Cascade mountain range in Whatcom, Skagit, Snohomish, 17 18 King, Pierce, and Thurston counties are experiencing increasing demands for a wide range of uses by the growing population in the Puget Sound 19 20 basin. These lands provide important economic, forest, fish and wildlife, recreation, scenic, educational, and watershed protection 21 22 benefits to the entire region. The legislature further finds that it 23 is in the public's interest to assist Cascade foothills landowners and communities in conserving responsible, working forestry in the lower 24 25 elevations of this area to sustain timber-dependent economies while promoting ecological and environmental benefits from the forests. 26
