BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 46.61 .581 and 1998 c 294 s 2 are each amended to read as follows:

A parking space or stall for a ((disabled)) person with a disability shall be indicated by a vertical sign ( (, between thirty-six and eighty-four inches off the ground,) ) with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120 ((and the notice "State disabled parking permit required.")). The sign may include additional language such as, but not limited to, an indication of the amount of the monetary penalty defined in RCW 46.16.381 for parking in the space without a valid permit.

Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class 2 civil infraction under chapter 7.80 RCW for each parking space that should be so designated. The person owning or controlling
the property where the required parking spaces are located shall ensure that the parking spaces are not blocked or made inaccessible, and failure to do so is a class 2 civil infraction.

Sec. 2. RCW 46.16.381 and 2004 c 222 s 2 are each amended to read as follows:
(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician or an advanced registered nurse practitioner licensed under chapter 18.79 RCW:
(a) Cannot walk two hundred feet without stopping to rest;
(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
(c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
(d) Uses portable oxygen;
(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty $\mathrm{mm} / \mathrm{hg}$ on room air at rest;
(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or
(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician or advanced registered nurse practitioner of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.
(2) The applications for ((disabled)) parking permits for persons with disabilities and ((Eemporary disabled)) parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A. 20 RCW. The following statement must appear on each application form immediately below the physician's or advanced registered nurse
practitioner's signature and immediately below the applicant's signature: "A ((disabled)) parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $\$ 5,000$ or both."
(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued no later than January 1, 2000, to all persons who are issued parking placards, including those issued for temporary disabilities, and special ((disabled)) parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the ((disabled)) person with disabilities. Instead of regular motor vehicle license plates, ((disabled)) persons with disabilities are entitled to receive special license plates under this section or RCW 46.16 .385 bearing the international symbol of access for one vehicle registered in the ((disabled pexson's)) name of the person with disabilities. ((Disabled)) Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16 .385 may park in places reserved for ((mobility disabled)) persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW , and vehicles registered with the department as cabulances that regularly transport ((disabled)) persons with disabilities who have been determined eligible for special parking

Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.
(4) Whenever the ((disabled)) person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the ((disabled)) person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the ((disabled)) person with disabilities, the removed plate shall be immediately surrendered to the director.
(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the ((disabled)) person's physician. The permanent parking placard and identification card of a ((disabled)) person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its ((disabled permit)) data base of parking permits issued to persons with disabilities with available death record information at least every twelve months.
(6) Each person with disabilities who has been issued a permanent
((disabled)) parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003 , subject to a schedule to be set by the department, or the permit will expire.

If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.
