State of Washington 59th Legislature 2005 Regular Session

**By** Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Thibaudeau, McAuliffe, Kline, Franklin, Prentice, Kastama, Rasmussen and Kohl-Welles)

READ FIRST TIME 03/08/05.

AN ACT Relating to expanding access to insurance coverage through the small business assist program; amending RCW 70.47.010, 70.47.015, 70.47.020, 70.47.060, 70.47.100, 70.47.120, 70.47.130, 48.41.090, 70.47.160, and 41.05.140; reenacting and amending RCW 43.79A.040; adding new sections to chapter 70.47 RCW; and adding a new section to chapter 74.09 RCW.

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

8 **Sec. 1.** RCW 70.47.010 and 2000 c 79 s 42 are each amended to read 9 as follows:

10 (1)((<del>(a) The legislature finds that limitations on access to health</del> care services for enrollees in the state, such as in rural and 11 underserved areas, are particularly challenging for the basic health 12 13 plan. Statutory restrictions have reduced the options available to the administrator to address the access needs of basic health plan 14 15 enrollees. It is the intent of the legislature to authorize the 16 administrator to develop alternative purchasing strategies to ensure 17 access to basic health plan enrollees in all areas of the state, 18 including: (i) The use of differential rating for managed health care

systems based on geographic differences in costs; and (ii) limited use
of self-insurance in areas where adequate access cannot be assured
through other options.

(b) In developing alternative purchasing strategies to address 4 health care access needs, the administrator shall consult with 5 interested persons including health carriers, health care providers, б 7 and health facilities, and with other appropriate state agencies including the office of the insurance commissioner and the office of 8 community and rural health. In pursuing such alternatives, the 9 10 administrator shall continue to give priority to prepaid managed care as the preferred method of assuring access to basic health plan 11 12 enrollees followed, in priority order, by preferred providers, fee for 13 service, and self-funding.

14

(2))) The legislature ((further)) finds that:

(a) A significant percentage of the population of this state does
not have reasonably available insurance or other coverage of the costs
of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and (c) The use of managed health care systems has significant

potential to reduce the growth of health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

(((3))) (2) The purpose of this chapter is to provide or make more 28 readily available necessary basic health care 29 services in an appropriate setting to working persons and others who lack coverage, at 30 31 a cost to these persons that does not create barriers to the 32 utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents 33 not eligible for medicare who share in a portion of the cost or who pay 34 the full cost of receiving basic health care services from a managed 35 health care system. 36

37 (3) The legislature further finds that many small employers
 38 struggle with the cost of providing employer-sponsored health insurance

1 coverage to their employees and their employees' families, while others 2 are unable to offer employer-sponsored health insurance due to its high 3 cost. Low-wage workers also struggle with the burden of paying their 4 share of the costs of employer-sponsored health insurance, while others 5 turn down their employer's offer of coverage due to its costs.

(4) It is not the intent of this chapter to provide health care 6 7 services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health 8 However, the legislature recognizes that cost-effective and 9 plans. 10 affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, 11 12 wherever possible, the availability of private health care coverage and 13 to discourage the decline of employer-based coverage.

(5)(a) It is the purpose of this chapter to acknowledge the initial success of ((this)) the basic health plan program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

21 (b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal 22 poverty guidelines within the state who reside in communities where the 23 24 plan is operational and who collectively or individually wish to 25 exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. 26 It 27 is also the intent of the legislature to allow ((employers and other)) financial sponsors to financially assist such individuals to purchase 28 health care through the program so long as such purchase does not 29 result in a lower standard of coverage for employees. 30

(c) The legislature intends that, to the extent of available funds, the program<u>s administered under this chapter</u> be available throughout Washington state ((to subsidized and nonsubsidized enrollees)). It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

36 (d) The legislature directs that the basic health plan 37 administrator identify enrollees who are likely to be eligible for 38 medical assistance and assist these individuals in applying for and

receiving medical assistance. The administrator and the department of 1 2 social and health services shall implement a seamless system to 3 coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients. 4 (6) The legislature further finds that limitations on access to 5 health care services for enrollees in the state, such as in rural and 6 7 underserved areas, are particularly challenging. It is the intent of the legislature to authorize the administrator to develop alternative 8 purchasing strategies to ensure access to enrollees of the programs 9 administered under this chapter in all areas of the state, including 10 but not limited to: (a) The use of differential rating for managed 11 12 health care systems based on geographic differences in costs; and (b) 13 self-insurance in areas where adequate access cannot be ensured through 14 other options.

15 <u>NEW SECTION.</u> Sec. 2. A new section is added to chapter 70.47 RCW 16 to read as follows:

17 (1) The small business assist program is hereby established. The legislature intends that the small business assist program make health 18 care coverage more affordable to small employers, their employees, and 19 20 dependents. By blending private and public funds through the premium 21 assistance option authorized by this section, the legislature intends to increase the number of low-income workers with health coverage in 22 23 Washington state. The administrator shall offer two options to small 24 employers:

(a) Enrollment as a group in a small business assist plan offered
by the administrator under subsections (2) through (6) of this section;
and

(b) Enrollment of low-income employees in the premium assistance
option authorized in subsections (7) through (11) of this section.

(2) No later than January 1, 2007, the administrator may accept 30 31 applications from employers on behalf of themselves and their employees, spouses, and dependent children, as small business assist 32 33 plan enrollees. Small employers who have not provided 34 employer-sponsored health care coverage for at least six months prior 35 to the date of application may apply for enrollment in the plan. For 36 purposes of this section, prior employer-sponsored coverage as a

subsidized enrollee in the basic health plan shall not be considered
 employer-sponsored health coverage.

3 (3) The administrator may require all or the substantial majority 4 of the eligible employees of small employers to enroll in the plan and 5 may establish procedures necessary to facilitate the orderly enrollment 6 of small employer groups in a small business assist plan and into a 7 managed health care system.

(4) The initial benefit option offered through the small business 8 assist plan option shall be the schedule of basic health care services 9 established under RCW 70.47.060(1). The administrator may design and 10 from time to time revise one or more additional schedules of covered 11 services to be provided to small business assist plan enrollees. 12 13 Additional schedules of covered services may vary with respect to 14 services covered, deductibles, or other cost-sharing amounts paid by A high deductible health plan option shall be included 15 enrollees. among any additional schedules of covered services offered through the 16 17 small business assist plan option. The structure shall discourage inappropriate enrollee utilization of health care services. 18 In designing and revising the schedule of services, the administrator 19 shall consider the guidelines for assessing health services under RCW 20 21 48.47.030.

22 (5) The administrator shall determine the periodic premiums to be paid by small business assist plan enrollees. Premiums due from small 23 24 business assist plan enrollees shall be in an amount equal to the 25 amount negotiated by the administrator with the participating managed health care system or systems plus the administrative cost of providing 26 27 coverage through the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator shall adjust the premium amount 28 determined to be due on behalf of or from all such enrollees whenever 29 the amount negotiated by the administrator with the participating 30 31 managed health care system or systems is modified or the administrative 32 cost of providing coverage through the plan to such enrollees changes.

(6) Small business assist plan enrollees shall be included in the basic health plan subsidized risk pool for purposes of contracting with managed health care systems. The administrator shall monitor the impact of inclusion of small business assist plan enrollees on the risk profile and claims experience of the basic health plan subsidized risk pool, and on the costs of basic health plan subsidized coverage. If

significant impacts are identified, the administrator shall report such impacts to the governor and to relevant policy and fiscal committees of the legislature.

(7) Beginning July 1, 2006, the administrator may 4 accept applications from individuals whose current small employer has not 5 offered health insurance within the last six months, on behalf of 6 7 themselves and their spouses and dependent children, for assistance in paying premiums to health plans as defined in RCW 48.43.005. 8 The 9 administrator may determine the minimum premium contribution to be paid by small employers whose employees are participating in this premium 10 assistance option. 11

12 (8) To the extent funds are appropriated for this purpose, the13 administrator may make premium assistance payments when:

14 individual seeking premium assistance, (a) The plus the individual's spouse and dependent children: (i) Is not confined or 15 residing in a government-operated institution, unless he or she meets 16 17 eligibility criteria adopted by the administrator; (ii) has gross family income at the time of enrollment that does not exceed two 18 hundred percent of the federal poverty level as adjusted for family 19 size and determined annually by the federal department of health and 20 21 human services; (iii) resides within the state of Washington; and (iv) 22 meets the definition of eligible employee as defined in RCW 48.43.005;

(b) The cost of paying the premium assistance employee's employer 23 24 health benefit plan premium obligation would be less than the subsidy that would be paid if the individual, or the individual plus his or her 25 26 spouse and dependent children, were to enroll in the Washington basic 27 health plan under this chapter as subsidized enrollees. The amount of an individual's premium assistance shall be determined by applying the 28 sliding scale subsidy schedule developed for subsidized basic health 29 plan enrollees under RCW 70.47.060 to the employee's premium obligation 30 31 for his or her employer's health benefit plan;

32 (c) The premium assistance enrollee agrees to provide verification 33 of continued enrollment in his or her small employer's health benefit 34 plan on a semiannual basis, or to notify the administrator whenever his 35 or her enrollment status changes, whichever is earlier. Verification 36 or notification may be made directly by the employee, or through his or 37 her employer or the carrier providing the small employer health benefit

р. б

plan. When necessary, the administrator has the authority to perform
 retrospective audits on premium assistance accounts.

(9) The administrator may adopt standards for minimum thresholds of
small employer health benefit plans for which premium assistance will
be paid under this section. The office of insurance commissioner under
Title 48 RCW shall certify that small employer health benefit plans
meet any standards developed under this subsection.

8 (10) The administrator, in consultation with small employers, 9 carriers, and the office of insurance commissioner under Title 48 RCW, 10 shall determine an effective and efficient method for the payment of 11 premium assistance and adopt rules necessary for its implementation.

(11) Funds received by a family as part of participation in the 12 13 adoption support program authorized under RCW 26.33.320 and 74.13.100 14 through 74.13.145 may not be counted toward a family's current gross family income for the purposes of this act. No premium assistance may 15 16 be paid to an employee whose current gross family income exceeds twice 17 the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 18 74.09 RCW. 19

20 **Sec. 3.** RCW 70.47.015 and 1997 c 337 s 1 are each amended to read 21 as follows:

(1) The legislature finds that the basic health plan has been an
effective program in providing health coverage for uninsured residents.
Further, since 1993, substantial amounts of public funds have been
allocated for subsidized basic health plan enrollment.

(2) ((It is the intent of the legislature that the basic health plan enrollment be expanded expeditiously, consistent with funds available in the health services account, with the goal of two hundred thousand adult subsidized basic health plan enrollees and one hundred thirty thousand children covered through expanded medical assistance services by June 30, 1997, with the priority of providing needed health services to children in conjunction with other public programs.

(3)) Effective January 1, 1996, basic health plan enrollees whose
 income is less than one hundred twenty-five percent of the federal
 poverty level shall pay at least a ten-dollar premium share.

36 (((4))) <u>(3)</u> No later than July 1, 1996, the administrator shall 37 implement procedures whereby hospitals licensed under chapters 70.41

and 71.12 RCW, health carrier, rural health care facilities regulated 1 2 under chapter 70.175 RCW, and community and migrant health centers funded under RCW 41.05.220, may expeditiously assist patients and their 3 families in applying for basic health plan or medical assistance 4 5 coverage, and in submitting such applications directly to the health care authority or the department of social and health services. 6 The 7 health care authority and the department of social and health services shall make every effort to simplify and expedite the application and 8 enrollment process. 9

10 (((<del>(5) No later than July 1, 1996,</del>)) <u>(4)</u> The administrator ((<del>shall</del>)) may implement procedures whereby health insurance agents and brokers, 11 12 licensed under chapter 48.17 RCW, may expeditiously assist patients and 13 their families in applying for basic health plan or ((medical 14 assistance coverage,)) small business assist coverage and in submitting such applications directly to the health care authority ((or the 15 department of social and health services)). Brokers and agents may 16 receive a commission for each individual sale of the basic health plan 17 18 or the small business assist program to anyone not signed up within the previous five years ((and a commission for each group sale of the basic 19 health plan)), if sufficient funding ((for this purpose is provided in 20 21 a specific appropriation)) is appropriated to the health care authority for marketing and administration. No commission shall be provided upon 22 ((Commissions shall be determined based on the estimated 23 a renewal. 24 annual cost of the basic health plan, however, commissions shall not 25 result in a reduction in the premium amount paid to health carriers.)) For purposes of this section "health carrier" is as defined in RCW 26 27 48.43.005. The administrator may establish: (a) Minimum educational requirements that must be completed by the agents or brokers; (b) an 28 appointment process for agents or brokers marketing the basic health 29 plan or the small business assist program; or (c) standards for 30 31 revocation of the appointment of an agent or broker to submit applications for cause, including untrustworthy or incompetent conduct 32 or harm to the public. The health care authority and the department of 33 social and health services shall make every effort to simplify and 34 35 expedite the application and enrollment process.

12 **Sec. 5.** RCW 70.47.060 and 2004 c 192 s 3 are each amended to read 13 as follows:

14

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered 15 16 basic health care services, including physician services, inpatient and 17 outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. 18 In 19 addition, the administrator may, to the extent that funds are 20 available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; 21 however, no one service or any combination of these three services 22 23 shall increase the actuarial value of the basic health plan benefits by 24 more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in 25 26 any participating managed health care system under the Washington basic 27 health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of 28 services shall emphasize proven preventive and primary health care and 29 30 shall include all services necessary for prenatal, postnatal, and well-31 child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the 32 33 medical assistance program under chapter 74.09 RCW, the administrator 34 shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order 35 36 to maintain continuity of care after diagnosis of pregnancy by the 37 managed care provider. The schedule of services shall also include a

separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

8 (2)(a) To design and implement a structure of periodic premiums due 9 the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the 10 ages of all family members. The enrollment of children shall not 11 require the enrollment of their parent or parents who are eligible for 12 13 the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan ((as individuals)) pursuant to 14 subsection (11) of this section ((and to the share of the cost of the 15 16 plan due from subsidized enrollees entering the plan as employees 17 pursuant to subsection (12) of this section)).

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

24 (c) To determine the periodic premiums due the administrator from 25 health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount 26 27 equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the 28 plan to those enrollees and the premium tax under RCW 48.14.0201. 29 The administrator will consider the impact of eligibility determination by 30 31 the appropriate federal agency designated by the Trade Act of 2002 32 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when 33 determining the administrative cost charged for health coverage tax 34 credit eligible enrollees. 35

36 (d) ((An employer or other)) <u>A</u> financial sponsor may, with the 37 prior approval of the administrator, pay the premium, rate, or any 38 other amount on behalf of a subsidized or nonsubsidized enrollee, by 1 arrangement with the enrollee and through a mechanism acceptable to the 2 administrator. The administrator shall establish a mechanism for 3 receiving premium payments from the United States internal revenue 4 service for health coverage tax credit eligible enrollees.

5 (((e) To develop, as an offering by every health carrier providing 6 coverage identical to the basic health plan, as configured on January 7 1, 2001, a basic health plan model plan with uniformity in enrollee 8 cost-sharing requirements.))

(3) To evaluate, with the cooperation of participating managed 9 10 health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. 11 The administrator shall issue to the appropriate committees of 12 the 13 legislature preliminary evaluations on June 1, 2005, and January 1, 14 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their 15 enrollment, their utilization of covered services relative to other 16 17 basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan. 18

19 (4) To end the participation of health coverage tax credit eligible 20 enrollees in the basic health plan if the federal government reduces or 21 terminates premium payments on their behalf through the United States 22 internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing 23 24 due a managed health care system from subsidized, nonsubsidized, small business assist plan, and health coverage tax credit eligible 25 26 enrollees. The structure shall discourage inappropriate enrollee 27 utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so 28 costly to enrollees as to constitute a barrier to appropriate 29 utilization of necessary health care services. 30

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as 1 long as the enrollees qualify for the health coverage tax credit 2 program.

3 (7) To limit the payment of subsidies to subsidized enrollees, as 4 defined in RCW 70.47.020. The level of subsidy provided to persons who 5 qualify may be based on the lowest cost plans, as defined by the 6 administrator.

7 (8) To adopt a schedule for the orderly development of the delivery
8 of services and availability of the plan to residents of the state,
9 subject to the limitations contained in RCW 70.47.080 or any act
10 appropriating funds for the plan.

(9) To solicit and accept applications from managed health care 11 systems, as defined in this chapter, for inclusion as ((eligible 12 13 basic)) health care providers under the ((plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit 14 eligible enrollees)) programs administered under this chapter. 15 The administrator shall endeavor to assure that covered basic health care 16 17 services are available to any enrollee of the basic health plan from among a selection of two or more participating managed health care 18 systems. In adopting any rules or procedures applicable to managed 19 health care systems and in its dealings with such systems, the 20 21 administrator shall consider and make suitable allowance for the need 22 for health care services and the differences in local availability of health care resources, along with other resources, within and among the 23 24 several areas of the state. Contracts with participating managed 25 health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue 26 27 to receive services from their existing providers within the managed health care system if such providers have entered into provider 28 agreements with the department of social and health services. 29

receive periodic premiums from or on behalf 30 То (10)of 31 ((subsidized, nonsubsidized, and health coverage tax credit eligible)) 32 enrollees, deposit them in the ((basic health plan)) appropriate operating account, keep records of enrollee status, and authorize 33 periodic payments to managed health care systems on the basis of the 34 number of enrollees participating in the respective managed health care 35 36 systems.

37 (11) To accept applications from individuals residing in areas38 served by the plan, on behalf of themselves and their spouses and

dependent children, for enrollment in the Washington basic health plan 1 2 as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to establish appropriate minimum-enrollment periods for 3 enrollees as may be necessary, and to determine, upon application and 4 on a reasonable schedule defined by the authority, or at the request of 5 any enrollee, eligibility due to current gross family income for б sliding scale premiums. Funds received by a family as part of 7 participation in the adoption support program authorized under RCW 8 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward 9 a family's current gross family income for the purposes of this 10 chapter. When an enrollee fails to report income or income changes 11 12 accurately, the administrator shall have the authority either to bill 13 the enrollee for the amounts overpaid by the state or to impose civil 14 penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. 15 The administrator shall adopt rules to define the appropriate application 16 17 of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy 18 may be paid with respect to any enrollee whose current gross family 19 income exceeds twice the federal poverty level or, subject to RCW 20 21 70.47.110, who is a recipient of medical assistance or medical care 22 services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish 23 24 appropriate rules or requirements that are applicable to such 25 individuals before they will be allowed to reenroll in the plan.

26 (12) ((To accept applications from business owners on behalf of 27 themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by 28 the plan. The administrator may require all or the substantial 29 majority of the eligible employees of such businesses to enroll in the 30 31 plan and establish those procedures necessary to facilitate the orderly 32 enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an 33 34 amount equal to what the employee pays after the state pays its portion 35 of the subsidized premium cost of the plan on behalf of each employee 36 enrolled in the plan. Enrollment is limited to those not eligible for 37 medicare who wish to enroll in the plan and choose to obtain the basic 38 health care coverage and services from a managed care system

participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13))) To determine the rate to be paid to each participating 6 7 managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule 8 of covered basic health care services will be the same or actuarially 9 negotiated equivalent for similar enrollees, the rates 10 with participating managed health care systems may vary among the systems. 11 In negotiating rates with participating systems, the administrator 12 13 shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need 14 to conserve the resources of the basic health plan trust account, and 15 other factors the administrator finds relevant. 16

17 (((14))) (13) To monitor the provision of covered services to enrollees by participating managed health care systems in order to 18 assure enrollee access to good quality basic health care, to require 19 periodic data reports concerning the utilization of health care 20 21 services rendered to enrollees in order to provide adequate information 22 for evaluation, and to inspect the books and records of participating 23 managed health care systems to assure compliance with the purposes of 24 this chapter. In requiring reports from participating managed health 25 care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed 26 27 health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, 28 such as the insurance commissioner and the department of health, to 29 minimize duplication of effort. 30

31 (((15))) (14) To evaluate the effects this chapter has on private 32 employer-based health care coverage and to take appropriate measures 33 consistent with state and federal statutes that will discourage the 34 reduction of such coverage in the state.

35 ((<del>(16)</del>)) <u>(15)</u> To develop a program of proven preventive health 36 measures and to integrate it into the plan wherever possible and 37 consistent with this chapter.

(((17))) (16) To provide, consistent with available funding,

12 (1) A managed health care system participating in ((the plan)) a program administered under this chapter shall do so by contract with 13 the administrator and shall provide, directly or by contract with other 14 15 health care providers, covered ((basic)) health care services to each 16 enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. 17 A participating managed health care system may offer, without 18 additional cost, health care benefits or services not included in the 19 20 schedule of covered services under the plan. A participating managed 21 health care system shall not give preference in enrollment to enrollees accept such additional health care benefits or services. 22 who 23 <u>Participating managed</u> health care systems ((participating in the plan)) 24 shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. 25 The 26 administrator may receive and act upon complaints from enrollees 27 regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services 28 directly from enrollees, but nothing in this chapter empowers the 29 30 administrator to impose any sanctions under Title 18 RCW or any other 31 professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the

administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

5 (3) Prior to negotiating with any managed health care system, the 6 administrator shall determine, on an actuarially sound basis, the 7 reasonable cost of providing the schedule of ((basic)) health care 8 services, expressed in terms of upper and lower limits, and recognizing 9 variations in the cost of providing the services through the various 10 systems and in different areas of the state.

11 (4) In negotiating with managed health care systems for 12 participation ((in the plan)), the administrator shall adopt a uniform 13 procedure that includes at least the following:

14 (a) The administrator shall issue a request for proposals, 15 including standards regarding the quality of services to be provided; 16 financial integrity of the responding systems; and responsiveness to 17 the unmet health care needs of the local communities or populations 18 that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems toprovide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered ((basic)) health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, <u>small business assist plan enrollees</u>, or any combination thereof.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered ((basic)) health care services for enrollees. 1 (7)((<del>(a)</del>)) The administrator ((shall)) may implement a self-funded 2 or self-insured method of providing insurance coverage to 3 ((subsidized)) enrollees, as provided under RCW 41.05.140, if ((one of 4 the following conditions is met:

5 (i) The authority)) the administrator determines that no managed 6 health care system other than the authority is willing and able to 7 provide access((, as defined in the request for proposal documents,)) 8 to covered ((basic)) health care services ((for all subsidized 9 enrollees)) in ((an)) a given area((; or

10 (ii) The authority determines that no other managed health care 11 system is willing to provide access, as defined in the request for 12 proposal documents, for one hundred thirty-three percent of the 13 statewide benchmark price or less, and the authority is able to offer 14 such coverage at a price that is less than the lowest price at which 15 any other managed health care system is willing to provide such access 16 in an area.

17 (b) The authority shall initiate steps to provide the coverage 18 described in (a) of this subsection within ninety days of making its 19 determination that the conditions for providing a self-funded or self-20 insured method of providing insurance have been met.

(c) The administrator may not implement a self-funded or selfinsured method of providing insurance in an area unless)), and the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan or small business assist plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator.

28 **Sec. 7.** RCW 70.47.120 and 1997 c 337 s 7 are each amended to read 29 as follows:

Any activities of a health care 12 service contractor pursuant to a contract with the administrator under 13 this section shall be exempt from the provisions and requirements of 14 Title 48 RCW except that persons appointed or authorized to solicit 15 16 applications for enrollment in ((the basic health plan)) a program 17 administered under this chapter shall comply with chapter 48.17 RCW.

18 Sec. 8. RCW 70.47.130 and 2004 c 115 s 2 are each amended to read 19 as follows:

(1) The activities and operations of the Washington basic health plan under this chapter, including those of managed health care systems to the extent of their participation in the plan, are exempt from the provisions and requirements of Title 48 RCW except:

24

For purposes of this subsection (1)(c), solicit" does not include distributing information and applications for the basic health plan and responding to questions; and

34 (d) Amounts paid to a managed health care system by the basic 35 health plan for participating in the basic health plan and providing 36 health care services for nonsubsidized enrollees in the basic health 37 plan must comply with RCW 48.14.0201. 1 (2) The purpose of the 1994 amendatory language to this section in 2 chapter 309, Laws of 1994 is to clarify the intent of the legislature 3 that premiums paid on behalf of nonsubsidized enrollees in the basic 4 health plan are subject to the premium and prepayment tax. The 5 legislature does not consider this clarifying language to either raise 6 existing taxes nor to impose a tax that did not exist previously.

7 **Sec. 9.** RCW 48.41.090 and 2000 c 79 s 11 are each amended to read 8 as follows:

(1) Following the close of each accounting year, the 9 pool shall determine the net premium (premiums 10 administrator less 11 administrative expense allowances), the pool expenses of 12 administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses. 13

(2)(a) Each member's proportion of participation in the pool shall 14 15 be determined annually by the board based on annual statements and 16 other reports deemed necessary by the board and filed by the member 17 with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction 18 equals that member's total number of resident insured persons, 19 including spouse and dependents, covered under all health plans in the 20 21 state by that member during the preceding calendar year. The 22 denominator of the fraction equals the total number of resident insured 23 persons, including spouses and dependents, covered under all health 24 plans in the state by all pool members during the preceding calendar 25 year.

(b) For purposes of calculating the numerator and the denominatorunder (a) of this subsection:

(i) All health plans in the state by the state health care

31 (ii) Each ten resident insured persons, including spouse and 32 dependents, under a stop loss plan or the uniform medical plan shall 33 count as one resident insured person.

34 (c) Except as provided in RCW 48.41.037, any deficit incurred by 35 the pool shall be recouped by assessments among members apportioned 36 under this subsection pursuant to the formula set forth by the board 37 among members.

(3) The board may abate or defer, in whole or in part, the 1 2 assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its 3 contractual obligations. If an assessment against a member is abated 4 5 or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a б 7 manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or 8 9 deferment shall remain liable to the pool for the deficiency.

10 (4) If assessments exceed actual losses and administrative expenses 11 of the pool, the excess shall be held at interest and used by the board 12 to offset future losses or to reduce pool premiums. As used in this 13 subsection, "future losses" includes reserves for incurred but not 14 reported claims.

15 <u>NEW SECTION.</u> Sec. 10. A new section is added to chapter 70.47 RCW 16 to read as follows:

17 On or before December 15, 2006, the administrator shall provide a report to the governor and relevant policy and fiscal committees of the 18 senate and the house of representatives. The report shall present 19 20 options for providing a subsidy to small business assist plan enrollees 21 or their employers to help pay the cost of their coverage. The options shall limit subsidies to enrollees with household income up to two 22 23 hundred percent of the federal poverty level as adjusted for family 24 size and determined annually by the federal department of health and human services. 25

26 <u>NEW SECTION.</u> Sec. 11. A new section is added to chapter 74.09 RCW 27 to read as follows:

The department 28 (1)shall make every effort to maximize 29 opportunities to blend public and private funds through subsidization 30 of small employer health benefit plan premiums on behalf of individuals eligible for medical assistance and children eligible for the state 31 children's health insurance program when such subsidization is cost-32 effective for the state. In developing policies under this section, 33 34 the department shall consult with the health care authority and, to the 35 extent allowed by federal law, develop policies that are consistent 36 with those policies developed by the health care authority under the

## 2SSB 5722

1 premium assistance option in section 2 of this act so that entire 2 families have the opportunity to enroll in the same small employer 3 health benefit plan.

(2) If a federal waiver is necessary to achieve consistency with 4 health care authority policies under section 2 of this act, the 5 department shall notify the relevant fiscal and policy committees of 6 the legislature on or before December 1, 2005. The notification must 7 include recommendations regarding federal waiver options that would 8 provide the flexibility needed to optimize the use of medical 9 10 assistance and state children's health insurance program funds to subsidize small employer health benefit plan premiums on behalf of low-11 12 income families.

13 Sec. 12. RCW 70.47.160 and 1995 c 266 s 3 are each amended to read 14 as follows:

15 (1) The legislature recognizes that every individual possesses a 16 fundamental right to exercise their religious beliefs and conscience. 17 The legislature further recognizes that in developing public policy, conflicting religious and moral beliefs must be respected. (2)(a) No individual health care provider, religiously sponsored health carrier, or health care facility may be required by law or contract in any circumstances to participate in the provision of or payment for a specific service if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(b) The provisions of this section are not intended to result in an
 enrollee being denied timely access to any service included in ((the
 <u>basic health plan</u>)) their benefits package. Each health carrier shall:

(i) Provide written notice to enrollees, upon enrollment with the plan, listing services that the carrier refuses to cover for reason of conscience or religion;

4 (c) The administrator shall establish a mechanism or mechanisms to
5 recognize the right to exercise conscience while ensuring enrollees
6 timely access to services and to assure prompt payment to service
7 providers.

8 (3)(a) No individual or organization with a religious or moral 9 tenet opposed to a specific service may be required to purchase 10 coverage for that service or services if they object to doing so for 11 reason of conscience or religion.

(b) The provisions of this section shall not result in an enrollee being denied coverage of, and timely access to, any service or services excluded from their benefits package as a result of their employer's or another individual's exercise of the conscience clause in (a) of this subsection.

(c) The administrator shall define the process through which health carriers may offer the ((basic health plan)) programs administered under this chapter to individuals and organizations identified in (a) and (b) of this subsection in accordance with the provisions of subsection (2)(c) of this section.

(4) Nothing in this section requires the health care authority,
 health carriers, health care facilities, or health care providers to
 provide any ((basic health plan)) service without payment of
 appropriate premium share or enrollee cost sharing.
