

HB 2582 - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the state's commitment to providing a basic education for all public school students under the age of twenty-one should continue until a student earns a diploma. Therefore the legislature intends to expand high school completion programs at community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support.

Provides that, in accordance with this act, each community or technical college shall make available courses or a program of study designed to enable students under the age of twenty-one who have completed all state high school graduation requirements except the certificate of academic achievement or certificate of individual achievement to complete their high school education and obtain a high school diploma.
