By Representative Ericksen

**FAILED 4/11/2007**

1           On page 2, after line 17, insert "(4) Subsection (1) of this  
2 section does not restrict the operation of wireless communications  
3 devices using a half-duplex communication line, including two-way  
4 radio, where a button is used to switch from voice reception mode  
5 to transmit mode."

6           Renumber the remaining subsections consecutively and correct  
7 any internal references accordingly.

**EFFECT:** Excludes wireless communications devices utilizing  
push to talk technology, such as that associated with certain  
Nextel communications devices, from the restrictions created by  
the act.
