By Committee on Early Learning & K-12 Education

OUT OF ORDER 04/09/2007

1 Strike everything after the enacting clause and insert the
2 following:

3 NEW SECTION. **Sec. 1.** It is the intent of the legislature that
4 increasing academic success and increasing graduation rates be dual
5 goals for the K-12 system. The legislature finds that only seventy-
6 four percent of the class of 2005 graduated on time. Students of
7 color, students living in poverty, students in foster care, students in
8 the juvenile justice system, students who are homeless, students for
9 whom English is not their primary language, and students with
10 disabilities have lower graduation rates than the average. The
11 legislature further finds that students who drop out experience more
12 frequent occurrences of early pregnancy, delinquency, substance abuse,
13 and mental health issues, and have greater need of publicly funded
14 health and social services. The legislature further finds that helping
15 all students be successful in school requires active participation in
16 coordinating services from schools, parents, and other stakeholders and
17 agencies in the local community. The legislature finds that existing
18 resources to vulnerable youth are used more efficiently and effectively
19 when there is significant coordination across local and state entities.
20 The legislature further finds that efficiency and accountability of the
21 K-12 system would be improved by creating a dropout prevention and
22 intervention grant program that implements research-based and emerging
23 best practices and evaluates results.

24 NEW SECTION. **Sec. 2.** Subject to the availability of funds
25 appropriated for this purpose, the office of the superintendent of
26 public instruction shall create a grant program and award grants to
27 local partnerships of schools, families, and communities to begin the
28 phase in of a statewide comprehensive dropout prevention, intervention,

1 and retrieval system. This program shall be known as the building
2 bridges program.

3 (1) For purposes of sections 2 through 7 of this act, a "building
4 bridges program" means a local partnership of schools, families, and
5 communities that provides all of the following programs or activities:

7 dropping out from middle through high school based on local predictive
8 data, including state assessment data starting in the fourth grade, and
9 provides timely interventions for such students and for dropouts,
10 including a plan for educational success as already required by the
11 student learning plan as defined under RCW 28A.655.061. Students
12 identified shall include foster care youth, youth involved in the
13 juvenile justice system, and students receiving special education
14 services under chapter 28A.155 RCW;

20 (e) Alternative educational programming, including, but not limited
21 to, career and technical education exploratory and preparatory programs
22 and online learning opportunities.

23 (2) One of the grants awarded under this section shall be for a
24 two-year demonstration project focusing on providing fifth through
25 twelfth grade students with a program that utilizes technology and is
26 integrated with state standards, basic academics, cross-cultural
27 exposures, and age-appropriate preemployment training. The project
28 shall:

29 (a) Establish programs in two western Washington and one eastern
30 Washington urban areas;

31 (b) Identify at-risk students in each of the distinct communities
32 and populations and implement strategies to close the achievement gap;

33 (c) Collect and report data on participant characteristics and
34 outcomes of the project, including the characteristics and outcomes
35 specified under section 3(1)(e) of this act; and

36 (d) Submit a report to the legislature by December 1, 2009.

1 NEW SECTION. **Sec. 3.** (1) The office of the superintendent of
2 public instruction shall:

30 (iii) Dropout rates;

31 (iv) On-time graduation rates;

32 (v) Extended graduation rates;

33 (vi) Credentials obtained;

34 (vii) Absenteeism rates;

35 (viii) Truancy rates; and

36 (ix) Credit retrieval;

37 (f) Contract with a third party to evaluate the infrastructure and
38 implementation of the partnership including the leveraging of outside

1 resources that relate to the goal of the partnership. The third-party
2 contractor shall also evaluate the performance and effectiveness of the
3 partnerships relative to the type of entity, as identified in section
4 4 of this act, serving as the lead agency for the partnership; and

5 (g) Report to the legislature by December 1, 2008.

6 (2) In performing its duties under this section, the office of the
7 superintendent of public instruction is encouraged to consult with the
8 work group identified in section 7 of this act.

25 (1) Build or demonstrate a commitment to building a broad-based
26 partnership of schools, families, and community members to provide an
27 effective and efficient building bridges program. The partnership
28 shall consider an effective model for school-community partnerships and
29 include local membership from, but not limited to, school districts,
30 tribal schools, secondary career and technical education programs,
