ADOPTED 03/09/2007

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that the Washington state health insurance pool is a critically important insurance option for people in this state and must reflect health care provisions based on the best available evidence and be financially sustainable over time. The laws governing the Washington state health insurance pool have been read to preclude the program from modifying contracts, and yet coverage needs and options change with time. Everyone in this state benefits when the Washington state health insurance pool is more affordable and higher performing. Changes are needed to the Washington state health insurance pool to increase affordability, offer quality and cost-effective benefits, and enhance the governance and operation of the pool.

Sec. 2. RCW 48.41.110 and 2001 c 196 s 4 are each amended to read as follows:

(1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. ((~~Covered persons enrolled in the pool on January 1, 2001, may continue coverage under the pool plan in which they are enrolled on that date. However,~~)) The pool may incorporate managed care features and encourage enrollees to participate in chronic care and disease management and evidence-based protocols into ((~~such~~)) existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of ((~~the~~)) pool ((~~policy~~)) policies in plain language. After approval by the board, such brochure shall be made reasonably available to participants or potential participants.

(3) The health insurance ((~~policy~~)) policies issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of covered illnesses, injuries, and conditions ((~~which are not otherwise limited or excluded~~)). Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended under ((~~the~~)) a pool policy. ((~~Such benefits shall at minimum include, but not be limited to, the following services or related items:~~))

(4) The pool shall offer at least one policy which at a minimum includes, but is not limited to, the following services or related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, but limited to a total of one hundred eighty inpatient days in a calendar year, and limited to thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider, by a staff of registered or licensed practical nurses, or other health care providers;

(c) The first twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician, by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not more than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;

(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;

(h) Oxygen;

(i) Anesthesia services;

(j) Prostheses, other than dental;

(k) Durable medical equipment which has no personal use in the absence of the condition for which prescribed;

(l) Diagnostic x-rays and laboratory tests;

(m) Oral surgery limited to the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;

(n) Maternity care services;

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

((~~(4)~~)) (5) The pool shall offer at least one policy which closely adheres to benefits available in the private, individual market.

(6) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

((~~(5)~~)) (7) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. ((~~The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the~~

~~insurance commissioner; however, no limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.~~

~~(6)~~)) (8) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection ((~~(7)~~)) (9) of this section.

((~~(7)~~)) (9)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

((~~(8)~~)) (10) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

(11) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate.

Sec. 3. RCW 48.41.160 and 1987 c 431 s 16 are each amended to read as follows:

(1) A pool policy offered under this chapter prior to the effective date of this section shall contain provisions under which the pool is obligated to renew the policy until the day on which the individual in whose name the policy is issued first becomes eligible for medicare coverage. At that time, coverage of dependents shall terminate if such dependents are eligible for coverage under a different health plan. Dependents who become eligible for medicare prior to the individual in whose name the policy is issued, shall receive benefits in accordance with RCW 48.41.150.

(2) A pool policy offered after the effective date of this section shall contain a guarantee of the individual's right to continued coverage, subject to the provisions of subsections (4) and (5) of this section.

(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or nonrenewing a policy for:

(a) Nonpayment of premium;

(b) Violation of published policies of the pool;

(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medical supplement plan, or a medicare supplement plan or other similar plan offered by a carrier pursuant to federal laws and regulations;

(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the pool;

(f) Covered persons materially breaching the pool policy; or

(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being

replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replaced plan. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace a plan under this subsection until it has completed an evaluation of the impact of replacing the plan upon:

(i) The cost and quality of care to pool enrollees;

(ii) Pool financing and enrollment;

(iii) The board's ability to offer comprehensive and other plans to its enrollees;

(iv) The ability of carriers to offer health plans in the individual market;

(v) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

((~~(3)~~)) (6) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

Sec. 4. RCW 48.41.200 and 2000 c 79 s 17 are each amended to read as follows:

(1) The pool shall determine the standard risk rate by calculating the average individual standard rate charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state. In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage in the individual market.

(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be as follows:

(a) Maximum rates for a pool indemnity health plan shall be one hundred fifty percent of the rate calculated under subsection (1) of this section;

(b) Maximum rates for a pool care management plan shall be one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(c) Maximum rates for a person eligible for pool coverage pursuant to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-three day period immediately prior to the date of application for pool coverage in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005, where such coverage was continuous for at least eighteen months, shall be:

(i) For a pool indemnity health plan, one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(ii) For a pool care management plan, one hundred ten percent of the rate calculated under subsection (1) of this section.

(3)(a) Subject to (b) and (c) of this subsection:

(i) The rate for any person ((~~aged fifty to sixty-four~~)) whose current gross family income is less than two hundred fifty-one percent of the federal poverty level shall be reduced by thirty percent from what it would otherwise be;

(ii) The rate for any person ((~~aged fifty to sixty-four~~)) whose current gross family income is more than two hundred fifty but less

than three hundred one percent of the federal poverty level shall be reduced by fifteen percent from what it would otherwise be;

(iii) The rate for any person who has been enrolled in the pool for more than thirty-six months shall be reduced by five percent from what it would otherwise be.

(b) In no event shall the rate for any person be less than one hundred ten percent of the rate calculated under subsection (1) of this section.

(c) Rate reductions under (a)(i) and (ii) of this subsection shall be available only to the extent that funds are specifically appropriated for this purpose in the omnibus appropriations act.

Sec. 5. RCW 48.41.037 and 2000 c 79 s 36 are each amended to read as follows:

The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from this account shall be used to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Whether the assessment has reached the threshold of seventy cents per insured person per month shall be determined by dividing the total aggregate amount of assessment by the proportion of total assessed members. Thus, stop loss members shall be counted as one-tenth of a whole member in the denominator given that is the amount they are assessed proportionately relative to a fully insured medical member.

Sec. 6. RCW 48.41.100 and 2001 c 196 s 3 are each amended to read as follows:

(1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out ((~~one~~)) two million dollars in benefits;

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not

apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

(4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted, including examining eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007.

Sec. 7. RCW 48.41.120 and 2000 c 79 s 14 are each amended to read as follows:

(1) Subject to the limitation provided in subsection ((~~(3)~~)) (2) of this section, a pool policy offered in accordance with RCW 48.41.110(3) shall impose a deductible. Deductibles of five hundred dollars and one thousand dollars on a per person per calendar year basis shall initially be offered. The board may authorize deductibles in other amounts. The deductible shall be applied to the first five hundred dollars, one thousand dollars, or other authorized amount of eligible expenses incurred by the covered person.

(2) ((~~Subject to the limitations provided in subsection (3) of this section, a mandatory coinsurance requirement shall be imposed at the rate of twenty percent of eligible expenses in excess of the mandatory deductible.~~

~~(3)~~)) The maximum aggregate out of pocket payments for eligible expenses by the insured in the form of deductibles and coinsurance under a pool policy offered in accordance with RCW 48.41.110(3) shall not exceed in a calendar year:

(a) One thousand five hundred dollars per individual, or three thousand dollars per family, per calendar year for the five hundred dollar deductible policy;

(b) Two thousand five hundred dollars per individual, or five thousand dollars per family per calendar year for the one thousand dollar deductible policy; or

(c) An amount authorized by the board for any other deductible policy.

((~~(4)~~)) (3) Eligible expenses incurred by a covered person in the last three months of a calendar year, and applied toward a deductible, shall also be applied toward the deductible amount in the next calendar year.

(4) The board may modify cost-sharing as an incentive for enrollees to participate in care management services and other cost-effective programs and policies.
