**Staff Summary of Public Testimony:** PRO: Law enforcement officers often wear thick protective gloves and, if they need to cut something quickly, it is necessary to have a spring-loaded knife. This bill conforms the law to what is already the practice. A similar exemption as is contained in this bill exists in 12 other states. A spring blade knife allows an officer to cut something with one hand free, and it's also a last ditch self-defense tool.

**Persons Testifying:** PRO: Phil Watkins, City of Kennewick; Bill Hanson, Fraternal Order of Police.
