1 AN ACT Relating to long-term care insurance plans offered by the
2 public employees' benefits board; and amending RCW 41.05.065.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 **Sec. 1.** RCW 41.05.065 and 2006 c 299 s 2 are each amended to read
5 as follows:

6 (1) The board shall study all matters connected with the provision
7 of health care coverage, life insurance, liability insurance,
8 accidental death and dismemberment insurance, and disability income
9 insurance or any of, or a combination of, the enumerated types of
10 insurance for employees and their dependents on the best basis possible
11 with relation both to the welfare of the employees and to the state.
12 However, liability insurance shall not be made available to dependents.

13 (2) The board shall develop employee benefit plans that include
14 comprehensive health care benefits for all employees. In developing
15 these plans, the board shall consider the following elements:

16 (a) Methods of maximizing cost containment while ensuring access to
17 quality health care;

18 (b) Development of provider arrangements that encourage cost

1 containment and ensure access to quality care, including but not
2 limited to prepaid delivery systems and prospective payment methods;

3 (c) Wellness incentives that focus on proven strategies, such as
4 smoking cessation, injury and accident prevention, reduction of alcohol
5 misuse, appropriate weight reduction, exercise, automobile and
6 motorcycle safety, blood cholesterol reduction, and nutrition
7 education;

8 (d) Utilization review procedures including, but not limited to a
9 cost-efficient method for prior authorization of services, hospital
10 inpatient length of stay review, requirements for use of outpatient
11 surgeries and second opinions for surgeries, review of invoices or
12 claims submitted by service providers, and performance audit of
13 providers;

14 (e) Effective coordination of benefits;

15 (f) Minimum standards for insuring entities; and

16 (g) Minimum scope and content of public employee benefit plans to
17 be offered to enrollees participating in the employee health benefit
18 plans. To maintain the comprehensive nature of employee health care
19 benefits, employee eligibility criteria related to the number of hours
20 worked and the benefits provided to employees shall be substantially
21 equivalent to the state employees' health benefits plan and eligibility
22 criteria in effect on January 1, 1993. Nothing in this subsection
23 (2)(g) shall prohibit changes or increases in employee point-of-service
24 payments or employee premium payments for benefits or the
25 administration of a high deductible health plan in conjunction with a
26 health savings account.

27 (3) The board shall design benefits and determine the terms and
28 conditions of employee and retired employee participation and coverage,
29 including establishment of eligibility criteria. The same terms and
30 conditions of participation and coverage, including eligibility
31 criteria, shall apply to state employees and to school district
32 employees and educational service district employees.

33 (4) The board may authorize premium contributions for an employee
34 and the employee's dependents in a manner that encourages the use of
35 cost-efficient managed health care systems. During the 2005-2007
36 fiscal biennium, the board may only authorize premium contributions for
37 an employee and the employee's dependents that are the same, regardless
38 of an employee's status as represented or nonrepresented by a

1 collective bargaining unit under the personnel system reform act of
2 2002. The board shall require participating school district and
3 educational service district employees to pay at least the same
4 employee premiums by plan and family size as state employees pay.

5 (5) The board shall develop a health savings account option for
6 employees that conform to section 223, Part VII of subchapter B of
7 chapter 1 of the internal revenue code of 1986. The board shall comply
8 with all applicable federal standards related to the establishment of
9 health savings accounts.

10 (6) Notwithstanding any other provision of this chapter, the board
11 shall develop a high deductible health plan to be offered in
12 conjunction with a health savings account developed under subsection
13 (5) of this section.

14 (7) Employees shall choose participation in one of the health care
15 benefit plans developed by the board and may be permitted to waive
16 coverage under terms and conditions established by the board.

17 (8) The board shall review plans proposed by insuring entities that
18 desire to offer property insurance and/or accident and casualty
19 insurance to state employees through payroll deduction. The board may
20 approve any such plan for payroll deduction by insuring entities
21 holding a valid certificate of authority in the state of Washington and
22 which the board determines to be in the best interests of employees and
23 the state. The board shall promulgate rules setting forth criteria by
24 which it shall evaluate the plans.

34 board sponsored medical programs may enroll under terms and conditions
35 established by the administrator, if it does not jeopardize the
36 financial viability of the public employees' benefits board's long-term
37 care offering.

1 (a) Participation of eligible employees or retired employees and
2 retired school employees in any long-term care insurance plan made
3 available by the public employees' benefits board is voluntary and
4 shall not be subject to binding arbitration under chapter 41.56 RCW.
5 Participation is subject to reasonable underwriting guidelines and
6 eligibility rules established by the public employees' benefits board
7 and the health care authority.

8 (b) The employee, retired employee, and retired school employee are
9 solely responsible for the payment of the premium rates developed by
10 the health care authority. The health care authority is authorized to
11 charge a reasonable administrative fee in addition to the premium
12 charged by the long-term care insurer, which shall include the health
13 care authority's cost of administration, marketing, and consumer
14 education materials prepared by the health care authority and the
15 office of the insurance commissioner.

16 (c) To the extent administratively possible, the state shall
17 establish an automatic payroll or pension deduction system for the
18 payment of the long-term care insurance premiums.

33 term care insurance through licensed agents or brokers appointed by the
34 long-term care insurer. The authority, in consultation with the public
35 employees' benefits board, shall establish marketing procedures and may
36 consider all premium components as a part of the contract negotiations
37 with the long-term care insurer.

1 ~~((f) In developing the long term care insurance benefit designs,~~
2 ~~the public employees' benefits board shall include an alternative plan~~
3 ~~of care benefit, including adult day services, as approved by the~~

10 ~~availability of long term care insurance products including the~~
11 ~~products offered by the board.~~

12 ~~(h) By December 1998, the health care authority, in consultation~~
13 ~~with the public employees' benefits board, shall submit a report to the~~
14 ~~appropriate committees of the legislature, including an analysis of the~~
15 ~~marketing and distribution of the long term care insurance provided~~
16 ~~under this section.))~~
