6 **Sec. 11.** RCW 81.04.250 and 1984 c 143 s 3 are each amended to read
7 as follows:

8 The commission (~~((has the power))~~) may, upon complaint or upon its
9 own motion (~~((to))~~), prescribe and authorize just and reasonable rates
10 for the transportation of persons or property (~~((by carriers other than~~
11 ~~railroad companies, and shall exercise that power))~~) for any public
12 service company subject to regulation by the commission as to rates and
13 service, whenever and as often as it deems necessary or proper. The
14 commission shall, before any hearing (~~((is had))~~) upon the complaint or
15 motion, notify the complainants and the carrier concerned of the time
16 and place of the hearing by giving at least ten days' written notice
17 thereof, specifying that at the time and place designated a hearing
18 will be held for the purpose of prescribing and authorizing the rates.
19 The notice is sufficient to authorize the commission to inquire into
20 and pass upon the matters designated in this section.

21 In exercising this power, the commission may use any standard,
22 formula, method, or theory of valuation reasonably calculated to arrive
23 at the objective of prescribing and authorizing just and reasonable
24 rates.

25 In the exercise of this power, the commission may (~~((give~~
26 ~~consideration))~~) consider, in addition to other factors, (~~((to))~~) the
27 following:

28 (1) (~~((To))~~) The effect of the rates upon movement of traffic by the
29 carriers;

30 (2) (~~((To))~~) The public need for adequate transportation facilities,
31 equipment, and service at the lowest level of charges consistent with
32 the provision, maintenance, and renewal of the facilities, equipment,
33 and service; and

34 (3) (~~((To))~~) The carrier need for revenue of a level that under
35 honest, efficient, and economical management is sufficient to cover the
36 cost ((+)) including all operating expenses, depreciation accruals,
37 rents, and taxes of every kind((+)) of providing adequate

1 transportation service, plus an amount equal to the percentage of that
2 cost as is reasonably necessary for the provision, maintenance, and
3 renewal of the transportation facilities or equipment and a reasonable
4 profit to the carrier. The relation of carrier expenses to carrier
5 revenues may be deemed the proper test of a reasonable profit.

6 ~~((This section does not apply to railroad companies, which shall be
7 regulated in this regard by chapter 81.34 RCW and rules adopted
8 thereunder.))~~

9 **Sec. 12.** RCW 81.04.270 and 1961 c 14 s 81.04.270 are each amended

12 the commission as to rates and services, that engages in the sale of
13 merchandise or appliances or equipment shall keep separate accounts, as
14 prescribed by the commission, of its capital employed in such business
15 and of its revenues therefrom and operating expenses thereof. The
16 capital employed in such business ~~((shall))~~ is not ~~((constitute))~~ a
17 part of the fair value of ~~((said))~~ the company's property for rate
18 making purposes, ~~((nor shall))~~ and the revenues from or operating
19 expenses of such business ~~((constitute))~~ are not a part of the
20 operating revenues and expenses of ~~((said))~~ the company as a public
21 service company.

25 commission as to rates and service shall not: (1) Permit any employee
26 to sell, offer for sale, or solicit the purchase of any security of any
27 other person or corporation during such hours as such employee is
28 engaged to perform any duty of such public service company; ~~((nor shall~~
29 ~~any public service company))~~ (2) by any means or device, require any
30 employee to purchase or contract to purchase any of its securities or
31 those of any other person or corporation; ~~((nor shall any public~~
32 ~~service company))~~ or (3) require any employee to permit the deduction
33 from his wages or salary of any sum as a payment or to be applied as a

1 **Sec. 14.** RCW 81.04.300 and 1961 c 14 s 81.04.300 are each amended

7 which, in its judgment, (~~will be~~) is needed during the ensuing year
8 for maintenance, operation, and construction, classified by accounts as
9 prescribed by the commission, and shall within ten days of the date it
10 is approved by the company file it with the commission for its
11 investigation and approval or rejection. When a budget has been filed
12 (~~with~~), the commission (~~it~~) shall examine into and investigate it
13 to determine whether the expenditures therein proposed are fair and
14 reasonable and not contrary to public interest.

15 Adjustments or additions to budget expenditures may be made from
16 time to time during the year by filing a supplementary budget with the
17 commission for its investigation and approval or rejection.

18 **Sec. 15.** RCW 81.04.330 and 1961 c 14 s 81.04.330 are each amended
19 to read as follows:

20 Any public service company subject to regulation by the commission
21 as to rates and service may make or contract for any rejected item of
22 expenditure, but in such case the (~~same~~) rejected item of expenditure
23 shall not be allowed as an operating expense, or as to items of
24 construction, as a part of the fair value of the company's property
25 used and useful in serving the public: PROVIDED, That such items of
26 construction may at any time thereafter be so allowed in whole or in
27 part upon proof that they are used and useful. Any company may upon
28 the happening of any emergency caused by fire, flood, explosion, storm,
29 earthquake, riot, or insurrection, or for the immediate preservation or
30 restoration to condition of usefulness of any of its property, the
31 usefulness of which has been destroyed by accident, make the necessary
32 expenditure therefor free from the operation of RCW 81.04.300 through
33 81.04.330.

34 Any finding and order entered by the commission (~~shall be in~~
35 ~~effect~~) is effective until vacated and set aside in proper proceedings

5 regulation by the commission as to rates and service to carry proper
6 and adequate depreciation or retirement accounts in accordance with
7 such rules, regulations, and forms of accounts as the commission may
8 prescribe. The commission may from time to time ascertain and by order
9 fix the proper and adequate rates of depreciation or retirement of the
10 several classes of property of each public service company. Each
11 public service company shall conform its depreciation or retirement
12 accounts to the rates so prescribed. In fixing the rate of the annual
13 depreciation or retirement charge, the commission may consider the rate
14 and amount theretofore charged by the company for depreciation or

16 The commission (~~((shall have and))~~) may exercise like power and
17 authority over all other reserve accounts of public service companies.

18 **Sec. 17.** RCW 81.04.360 and 1961 c 14 s 81.04.360 are each amended
19 to read as follows:

20 If any public service company subject to regulation by the
21 commission as to rates and service earns in the period of five
22 consecutive years immediately preceding the commission order fixing
23 rates for such company a net utility operating income in excess of a
24 reasonable rate of return upon the fair value of its property used and
25 useful in the public service, the commission shall take official notice
26 of such fact and of whether any such excess earnings (~~((shall have~~
27 ~~been))~~) were invested in such company's plant or otherwise used for
28 purposes beneficial to the consumers of such company and may consider

30 commission.

31 The commission (~~has power~~) may, from time to time, (~~to~~)
32 determine and prescribe by order such changes in the form of the

21 throughout this chapter, unless the context clearly indicates
22 otherwise.

23 (1) "Corporation" means a corporation, company, association, or
24 joint stock association.

25 (2) "Person" means an individual, firm, or a copartnership.

26 (3) "Auto transportation company" means every corporation or
27 person, their lessees, trustees, receivers, or trustees appointed by
28 any court whatsoever, owning, controlling, operating, or managing any
29 motor-propelled vehicle (~~not usually operated on or over rails~~) used
30 in the business of transporting persons(~~(7)~~) and their baggage(~~(7, mail,~~
31 ~~and express)~~) on the vehicles of auto transportation companies carrying
32 passengers, for compensation over any public highway in this state
33 between fixed termini or over a regular route, and not operating
34 exclusively within the incorporated limits of any city or town.

35 (4) "Public highway" means every street, road, or highway in this
36 state.

1 (5) The words "between fixed termini or over a regular route" mean
2 the termini or route between or over which any auto transportation
3 company usually or ordinarily operates any motor-propelled vehicle,
4 even though there may be departure from the termini or route, whether
5 the departures are periodic or irregular. Whether or not any motor-
6 propelled vehicle is operated by any auto transportation company
7 "between fixed termini or over a regular route" within the meaning of
8 this section is a question of fact, and the finding of the commission
9 thereon is final and is not subject to review.

10 **Sec. 47.** RCW 81.68.015 and 1989 c 163 s 2 are each amended to read
11 as follows:

12 This chapter does not apply to corporations or persons, their
13 lessees, trustees, receivers, or trustees appointed by any court
14 whatsoever insofar as they own, control, operate, or manage taxicabs,
15 hotel buses, school buses, (~~motor propelled vehicles operated~~
16 ~~exclusively in transporting agricultural, horticultural, dairy, or~~
17 ~~other farm products from the point of production to the market,)) or
18 any other carrier that does not come within the term "auto
19 transportation company" as defined in RCW 81.68.010.~~

20 This chapter does not apply to persons operating motor vehicles
21 when operated wholly within the limits of incorporated cities or towns,
22 and for a distance not exceeding three road miles beyond the corporate
23 limits of the city or town in Washington in which the original starting
24 point of the vehicle is located, and which operation either alone or in
25 conjunction with another vehicle or vehicles is not a part of any
26 journey beyond the three-mile limit.

27 This chapter does not apply to commuter ride sharing or ride
28 sharing for (~~the elderly and the handicapped~~) persons with special
29 transportation needs in accordance with RCW 46.74.010, so long as the
30 ride-sharing operation does not compete with (~~nor~~) or infringe upon
31 comparable service actually being provided before the initiation of the
32 ride-sharing operation by an existing auto transportation company
33 certificated under this chapter.

34 **Sec. 48.** RCW 81.68.020 and 1989 c 163 s 3 are each amended to read
35 as follows:

36 (~~No~~) A corporation or person, their lessees, trustees, or

1 receivers or trustees appointed by any court whatsoever, may not engage
2 in the business of operating as a common carrier any motor-propelled
3 vehicle for the transportation of persons((~~τ~~)) and their baggage((~~τ~~
4 ~~mail, and express~~)) on the vehicles of auto transportation companies
5 carrying passengers, between fixed termini or over a regular route for
6 compensation on any public highway in this state, except in accordance
7 with ((~~the provisions of~~)) this chapter.

8 **Sec. 49.** RCW 81.68.040 and 2005 c 121 s 3 are each amended to read
9 as follows:

10 ((~~No~~)) An auto transportation company shall not operate for the
11 transportation of persons((~~τ~~)) and their baggage((~~τ~~, ~~mail and express on~~
12 ~~the vehicles of auto transportation companies carrying passengers,~~))
13 for compensation between fixed termini or over a regular route in this
14 state, without first having obtained from the commission under ((~~the~~
15 ~~provisions of~~)) this chapter a certificate declaring that public
16 convenience and necessity require such operation((~~;~~ ~~but a certificate~~
17 ~~shall be granted when it appears to the satisfaction of the commission~~
18 ~~that such person, firm or corporation was actually operating in good~~
19 ~~faith, over the route for which such certificate shall be sought on~~
20 ~~January 15, 1921~~)). Any right, privilege, certificate held, owned, or
21 obtained by an auto transportation company may be sold, assigned,
22 leased, transferred, or inherited as other property, only ((~~upon~~
23 ~~authorization~~)) if authorized by the commission. The commission
24 ((~~shall have power~~)) may, after notice and an opportunity for a
25 hearing, when the applicant requests a certificate to operate in a
26 territory already served by a certificate holder under this chapter,
27 only when the existing auto transportation company or companies serving
28 such territory will not provide the same to the satisfaction of the
29 commission, or when the existing auto transportation company does not
30 object, and in all other cases with or without hearing, ((~~to~~)) issue
31 ((~~said~~)) the certificate as prayed for; or for good cause shown ((~~to~~)),
32 may refuse to issue same, or ((~~to~~)) issue it for the partial exercise
33 only of ((~~said~~)) the privilege sought, and may attach to the exercise
34 of the rights granted by ((~~said~~)) the certificate to such terms and
35 conditions as, in its judgment, the public convenience and necessity
36 may require.

1 **Sec. 50.** RCW 81.68.060 and 1989 c 163 s 5 are each amended to read
2 as follows:

3 In granting certificates to operate any auto transportation
4 company, for transporting for compensation persons and their baggage(~~(~~
5 ~~mail, and express)~~) on the vehicles of auto transportation companies
6 carrying passengers, the commission shall require the owner or operator
7 to first procure liability and property damage insurance from a company
8 licensed to make liability insurance in the state of Washington or a
9 surety bond of a company licensed to write surety bonds in the state of
10 Washington on each motor-propelled vehicle used or to be used in
11 transporting persons for compensation, in ~~((the))~~ an amount of ~~((not))~~
12 no less than one hundred thousand dollars for any recovery for personal
13 injury by one person ~~((and not)),~~ no less than three hundred thousand
14 dollars for any vehicle having a capacity of sixteen passengers or less
15 ~~((and not)),~~ no less than five hundred thousand dollars for any vehicle
16 having a capacity of seventeen passengers or more for all persons
17 receiving personal injury by reason of at least one act of negligence,
18 and ~~((not))~~ no less than fifty thousand dollars for damage to property
19 of any person other than the ~~((assured))~~ insured. The commission shall
20 fix the amount of the insurance policy or policies or security deposit
21 by giving due consideration to the character and amount of traffic, the
22 number of persons affected, and the degree of danger that the proposed
23 operation involves. The liability and property damage insurance or
24 surety bond ~~((shall))~~ must be maintained in force on ~~((the))~~ the
25 motor-propelled vehicle while ~~((so used))~~ in use, and each policy for
26 liability or property damage insurance or surety bond required by this
27 section ~~((shall))~~ must be filed with the commission and kept in full
28 force and effect. Failure ~~((so))~~ to ~~((do))~~ file and maintain the
29 required insurance is cause for the revocation of the certificate.

30 **Sec. 51.** RCW 81.68.065 and 1961 c 14 s 81.68.065 are each amended
31 to read as follows:

32 Any auto transportation company ~~((now or hereafter))~~ authorized to
33 transport persons for compensation on the highways and engaging in
34 interstate, or interstate and intrastate, operations within the state
35 of Washington which is or becomes qualified as a self-insurer with the
36 ~~((interstate commerce commission))~~ federal motor carrier safety
37 administration of the United States ~~((in accordance with the provisions~~

1 ~~of~~) department of transportation under the United States interstate
2 commerce act applicable to self insurance by motor carriers, (~~shall~~
3 ~~be~~) is exempt, so long as such qualification remains effective, from
4 all provisions of law relating to the carrying or filing of insurance
5 policies or bonds in connection with such operations.

6 The commission may require (~~proof of~~) auto transportation
7 companies to prove the existence and continuation of such qualification
8 with the (~~interstate commerce commission to be made~~) federal motor
9 carrier safety administration by affidavit (~~of the auto transportation~~
10 ~~company,~~) in (~~such~~) any form (~~as~~) the commission (~~shall~~)
11 prescribes.

12 **Sec. 52.** RCW 81.68.080 and 2003 c 53 s 398 are each amended to

26 ~~direction, demand, or requirement equivalent to those provisions of~~
27 ~~Title 46 RCW set forth in RCW 46.63.020 is a misdemeanor.))~~

28 **Sec. 53.** RCW 81.68.090 and 1961 c 14 s 81.68.090 are each amended
29 to read as follows:

30 (~~(Neither this chapter nor any provision thereof shall apply or be~~
31 ~~construed to apply to commerce with foreign nations or commerce among~~
32 ~~the several states of this union except insofar as the same may be~~
33 ~~permitted under the provisions of the Constitution of the United States~~
34 ~~and the acts of congress.)) This chapter applies to persons and motor
35 vehicles engaged in interstate or foreign commerce to the full extent
36 permitted by the Constitution and laws of the United States.~~

2 to read as follows:

3 It is unlawful for any motor carrier to perform a transportation
4 service for compensation upon the public highways of this state without

10 **Sec. 60.** RCW 81.70.290 and 1989 c 163 s 12 are each amended to
11 read as follows:

12 A charter party carrier or excursion service carrier of passengers,
13 authorized to transport persons for compensation on the highways and
14 engaging in interstate, or interstate and intrastate, operations within
15 the state of Washington which is or becomes qualified as a self-insurer
16 with the ~~((interstate commerce commission))~~ federal motor carrier
17 safety administration of the United States department of transportation
18 in accordance with the United States interstate commerce act applicable
19 to self-insurance by motor carriers, is exempt from RCW 81.70.280

28 commission may prescribe.

29 **Sec. 61.** RCW 81.70.320 and 1989 c 163 s 13 are each amended to
30 read as follows:

35 The fee ~~((shall))~~ must not exceed two hundred dollars.

1 (2) All fees paid to the commission under this chapter (~~shall~~)
2 must be deposited in the state treasury to the credit of the public
3 service revolving fund.

4 (3) It is the intent of the legislature that all fees collected
5 under this chapter (~~shall~~) must reasonably approximate the cost of
6 supervising and regulating charter party carriers and excursion service
7 carriers subject thereto, and to that end the commission (~~is~~
8 ~~authorized to~~) may decrease the schedule of fees provided for in RCW
9 81.70.350 by general order entered before November 1st of any year in
10 which the commission determines that the moneys, then in the charter
11 party carrier and excursion service carrier account of the public
12 service revolving fund, and the fees currently (~~to be paid~~) owed will
13 exceed the reasonable cost of supervising and regulating such carriers
14 during the succeeding calendar year. Whenever the cost accounting
15 records of the commission indicate that the schedule of fees previously
16 reduced should be increased, (~~such~~) the increase, not (~~in any~~
17 ~~event~~) to exceed the schedule set forth in this chapter, may be
18 effected by a similar general order entered before November 1st of any
19 calendar year.

20 **Sec. 62.** RCW 81.70.330 and 1989 c 163 s 14 are each amended to

27 (~~such~~) the identification (~~shall~~) must be of sufficient size to be
28 clearly distinguishable at a distance of at least fifty feet from the
29 vehicle.

30 (2) A charter party carrier or excursion service carrier holding
31 both intrastate and interstate authority may identify its vehicles with
32 either the commission permit number or the federal vehicle marking
33 requirement established by the United States department of
34 transportation for interstate motor carriers.

35 **Sec. 63.** RCW 81.70.340 and 1989 c 163 s 15 are each amended to
36 read as follows:

1 ~~((It is unlawful for a charter party carrier or excursion service~~
2 ~~carrier of passengers engaged in interstate or foreign commerce to use~~
3 ~~any of the public highways of this state for the transportation of~~
4 ~~passengers in interstate or foreign commerce, unless such carrier has~~
5 ~~identified its vehicles and registered its interstate or foreign~~
6 ~~operations with the commission. Interstate and foreign carriers~~
7 ~~possessing operating authority issued by the interstate commerce~~
8 ~~commission shall register such authority pursuant to Public Law 89-170,~~
9 ~~as amended, and the regulations of the interstate commerce commission~~
10 ~~adopted thereunder. Interstate and foreign charter party carriers and~~

12 ~~interstate commerce commission shall register their interstate~~
13 ~~operations under regulations adopted by the commission, which shall, to~~
14 ~~the maximum extent practical, conform to the regulations promulgated by~~
15 ~~the interstate commerce commission under Public Law 89-170, as amended.~~
16 ~~All other provisions of)) This chapter ((shall be applicable)) applies~~
17 ~~to persons and motor carriers ((of passengers)) engaged in interstate~~
18 ~~or foreign commerce ((insofar as the same are not prohibited under)) to~~
19 ~~the full extent permitted by the Constitution and laws of the United~~
20 ~~States ((or federal statute)).~~

28 contemplated to be served as to the necessity for such a service.

29 When an applicant requests a certificate to operate in a territory
30 already served by a certificate holder under this chapter, the
31 commission may, after notice and an opportunity for a hearing, issue
32 the certificate only if the existing solid waste collection company or
33 companies serving the territory will not provide service to the
34 satisfaction of the commission or if the existing solid waste
35 collection company does not object.

36 In all other cases, the commission may, with or without hearing,
37 issue certificates, or for good cause shown refuse to issue them, or

1 issue them for the partial exercise only of the privilege sought, and
2 may attach to the exercise of the rights granted such terms and

16 ~~like fees under the provisions of this chapter for the remainder of~~
17 ~~such year.))~~

18 For purposes of issuing certificates under this chapter, the
19 commission may adopt categories of solid wastes as follows: Garbage,
20 refuse, recyclable materials, and demolition debris. A certificate may
21 be issued for one or more categories of solid waste. Certificates
22 issued on or before July 23, 1989, shall not be expanded or restricted
23 by operation of this chapter.

24 **Sec. 67.** RCW 81.77.100 and 1989 c 431 s 25 are each amended to
25 read as follows:

26 (~~Neither this chapter nor any provision thereof shall apply, or be~~
27 ~~construed to apply, to commerce with foreign nations or commerce among~~
28 ~~the several states except insofar as the same may be permitted under~~
29 ~~the provisions of the Constitution of the United States and the acts of~~
30 ~~Congress.~~

31 However, in order)) This chapter applies to persons and motor
32 vehicles engaged in interstate or foreign commerce to the full extent
33 permitted by the Constitution and laws of the United States.

34 To protect public health and safety and to ensure solid waste
35 collection services are provided to all areas of the state, the
36 commission, in accordance with this chapter, shall regulate all solid
37 waste collection companies conducting business in the state.

19 to read as follows:

20 The business of operating as a motor carrier of freight for
21 compensation along the highways of this state is declared to be a
22 business affected with a public interest. The rapid increase of motor
23 carrier freight traffic and the fact that under the existing law many
24 motor trucks are not effectively regulated have increased the dangers
25 and hazards on public highways and make it imperative that (~~more~~
26 ~~complete~~) regulation to the fullest extent allowed under 49 U.S.C.
27 Sec. 14501 should be employed to the end that the highways may be
28 rendered safer for the use of the general public; that the wear of such
29 highways may be reduced; that congestion on highways may be minimized;
30 that the shippers of the state may be provided with a stabilized
31 service and rate structure; that sound economic conditions in such
32 transportation and among such carriers may be fostered in the public
33 interest; that adequate, economical, and efficient service by motor
34 carriers, and reasonable charges therefor, without unjust
35 discrimination, undue preferences or advantages, or unfair or
36 destructive competitive practices may be promoted; that the common
37 carriage of commodities by motor carrier may be preserved in the public

1 interest; that the relations between, and transportation by and
2 regulation of, motor carriers and other carriers may be improved and
3 coordinated so that the highways of the state of Washington may be
4 properly developed and preserved, and the public may be assured
5 adequate, complete, dependable, and stable transportation service in
6 all its phases.

15 common carrier are used for the transportation of such shipments.~~

16 ~~((2) Every shipper or group or association of shippers claiming~~
17 ~~this exemption shall file with the commission on an annual basis a~~

34 others where the delivering carrier also unpacks or uncrates the
35 appliances and makes the initial installation ~~((thereof. Every person~~
36 ~~engaging in such a combination of services shall advise the commission~~

1 what portion of the consideration is intended to cover the

3 services is in writing, the rate and charge for such transportation
4 shall be set forth therein. The rates or charges for the
5 transportation services included in such combination of services shall
6 be subject to control and regulation by the commission in the same
7 manner that the rates of common and contract carriers are now
8 controlled and regulated)). Any person engaged in extracting

19 (a) For household goods:

20 (i) Permits (~~heretofore issued or hereafter~~) issued to any
21 carrier (~~, shall~~) must be exercised by (~~said~~) the carrier to the

24 or permit extensions (~~thereof shall~~) must be on file for a period of
25 at least thirty days (~~prior to the granting thereof~~) before issuance
26 unless the commission finds that special conditions require (~~the~~)
27 earlier (~~granting thereof~~) issuance.

28 (~~2~~) (ii) A permit or permit extension (~~thereof shall~~) must be
29 issued to any qualified applicant (~~therefor~~), authorizing the whole
30 or any part of the operations covered by the application, if it is
31 found that: The applicant is fit, willing, and able (~~properly~~) to
32 perform the services proposed and conform to (~~the provisions of~~) this

19 issued under RCW 81.04.510, is subject to a penalty, under the process
20 set forth in RCW 81.04.405, of one thousand five hundred dollars.

21 (~~(5)~~) (4) Notwithstanding RCW 81.04.510, the commission may, in
22 conjunction with issuing the penalty set forth in subsection (~~(4)~~)
23 (3) of this section, issue cease and desist orders to carriers
24 operating without the permit required in subsection (1) of this
25 section, and to all persons involved in the carriers' operations.

8 accounts, service, and safety of operations thereof; require the filing
9 of reports and other data thereby; and supervise and regulate all
10 ((♯))common carriers((♯)) in all other matters affecting their
11 relationship with competing carriers of every kind and the shipping and
12 general public((:—PROVIDED,)). The commission may by order approve
13 rates filed by common carriers in respect to certain designated
14 commodities and services when, in the opinion of the commission, it is
15 impractical for the commission to make, fix, or prescribe rates
16 covering ((such)) the commodities and services.

17 **Sec. 75.** RCW 81.80.140 and 1961 c 14 s 81.80.140 are each amended

30 **Sec. 76.** RCW 81.80.150 and 1993 c 97 s 4 are each amended to read
31 as follows:

32 The commission shall make, fix, construct, compile, promulgate,
33 publish, and distribute tariffs containing compilations of rates,

24 Publication of these temporary rates in the tariff (~~((shall be deemed))~~)

29 shall purchase from the commission and post tariffs applicable to its
30 authority. The commission shall set fees for the sale, supplements,
31 and corrections of the tariffs(~~((, and supplements and corrections of~~

35 (~~((shall))~~) must be available to the public at each agency and office of
36 all common carriers operating within this state. (~~((Such))~~) The
37 compilations and publications (~~((shall))~~) must be sold by the commission
38 for the established fee. However, copies may be furnished for free to

3 or given for free, (~~shall~~) must be issued and distributed under rules
4 (~~and regulations to be~~) fixed by the commission(~~(: PROVIDED FURTHER,~~
5 ~~That)~~). The commission may by order authorize common carriers to
6 publish and file tariffs with the commission and be governed
7 (~~thereby~~) by the tariffs in respect to certain designated commodities
8 and services when, in the opinion of the commission, it is impractical
9 for the commission to make, fix, construct, compile, publish, and
10 distribute tariffs covering such commodities and services.

11 **Sec. 77.** RCW 81.80.170 and 1963 c 242 s 2 are each amended to read

13 The commission may issue temporary permits to temporary (~~"common~~
14 ~~carriers" or "contract carriers"~~) household goods carriers for (~~a~~

16 after (~~it~~) the commission finds that the issuance of (~~such~~) the
17 temporary permits is consistent with the public interest. (~~It~~) The
18 commission may prescribe (~~such~~) special rules and regulations and
19 impose (~~such~~) special terms and conditions (~~with reference thereto~~)
20 as in its judgment are reasonable and necessary in carrying out the

30 The commission shall, in (~~the granting of~~) issuing permits to

1 (~~to be~~) are necessary for the reasonable protection of the public

4 In fixing the amount of (~~said~~) the insurance policy or policies,
5 or deposit of security, the commission shall (~~give due consideration~~

30 violations of this section.

31 The commission may refuse to accept any time schedule (~~or~~),
32 tariff, or contract that (~~will~~), in the opinion of the commission,
33 limits the service of a carrier to profitable trips only or to the
34 carrying of high class commodities in competition with other carriers

1 notice of the disposition of the application, the attorney general
2 shall bring an action in the name of the state of Washington in the

36 every six months after the certificate is granted on the progress of
37 the certificated route. The reports shall include, but not be limited
38 to, the progress of environmental impact, parking, local government

1 land use, docking, and financing considerations. Except in the case of
2 passenger-only ferry service in Puget Sound, if service has not been

4 commission may extend the certificate on a twelve-month basis for up to
5 three years if the six-month progress reports indicate there is
6 significant advancement toward initiating service.

7 ~~((3) The commission shall review certificates in existence as of
8 July 25, 1993, where service is not being provided on all or any
9 portion of the route or routes certificated. Based on progress reports

10 ~~eliminated and public convenience be furthered)).~~

11 (2) Before issuing a certificate, the commission shall determine
12 that the applicant has the financial resources to operate the proposed
13 service for at least twelve months, based upon the submission by the
14 applicant of a pro forma financial statement of operations. Issuance
15 of a certificate (~~shall~~) must be determined upon, but not limited to,
16 the following factors: Ridership and revenue forecasts; the cost of
17 service for the proposed operation; an estimate of the cost of the
18 assets to be used in providing the service; a statement of the total
19 assets on hand of the applicant that will be expended on the proposed
20 operation; and a statement of prior experience, if any, in such field
21 by the applicant. The documentation required of the applicant under

1 **Sec. 94.** RCW 47.76.230 and 1995 c 380 s 4 are each amended to read
2 as follows:

3 (1) The department of transportation shall continue its
4 responsibility for the development and implementation of the state rail

6 shall continue its responsibility for (~~intrastate rates, service,~~
7 ~~and~~) railroad safety issues.

8 (2) The department of transportation shall maintain an enhanced
9 data file on the rail system. Proprietary annual station traffic data

12 (3) The department of transportation shall provide technical
13 assistance, upon request, to state agencies and local interests.
14 Technical assistance includes, but is not limited to, the following:

29 as follows:

30 The state, counties, local communities, ports, railroads, labor,
31 and shippers all benefit from continuation of rail service and should
32 participate in its preservation. Lines that provide benefits to the
33 state and local jurisdictions, such as avoided roadway costs, reduced
34 traffic congestion, economic development potential, environmental
35 protection, and safety, should be assisted through the joint efforts of
36 the state, local jurisdictions, and the private sector.

1 State funding for rail service, rail preservation, and corridor
2 preservation projects must benefit the state's interests. The state's
3 interest is served by reducing public roadway maintenance and repair
4 costs, increasing economic development opportunities, increasing
5 domestic and international trade, preserving jobs, and enhancing
6 safety. State funding for projects is contingent upon appropriate

20 (3) The department of transportation, in consultation with the
21 Washington state freight rail policy advisory committee, shall
22 establish criteria for evaluating rail projects and corridors of
23 significance to the state.

24 (4) Local jurisdictions may implement rail service preservation

26 (5) The department of transportation shall continue to monitor
27 projects for which it provides assistance.

28 **Sec. 96.** RCW 81.68.030 and 2005 c 121 s 2 are each amended to read
29 as follows:

36 (2) Regulate the accounts, service, and safety of operations;

1 (3) Require the filing of annual and other reports and of other
2 data;

3 (4) Supervise and regulate the companies in all other matters
4 affecting the relationship between such companies and the traveling and

18 **Sec. 99.** RCW 81.53.261 and 1982 c 94 s 1 are each amended to read
19 as follows:

20 Whenever the secretary of transportation or the governing body of
21 any city, town, or county, or any railroad company whose road is
22 crossed by any highway, shall deem that the public safety requires
23 signals or other warning devices, other than sawbuck signs, at any
24 crossing of a railroad at common grade by any state, city, town, or
25 county highway, road, street, alley, avenue, boulevard, parkway, or
26 other public place actually open and in use or to be opened and used
27 for travel by the public, he or it shall file with the utilities and
28 transportation commission a petition in writing, alleging that the
29 public safety requires the installation of specified signals or other
30 warning devices at such crossing or specified changes in the method and
31 manner of existing crossing warning devices. Upon receiving such
32 petition, the commission shall promptly set the matter for hearing,
33 giving at least twenty days notice to the railroad company or companies
34 and the county or municipality affected thereby, or the secretary of
35 transportation in the case of a state highway, of the time and place of
36 such hearing. At the time and place fixed in the notice, all persons

1 and parties interested shall be entitled to be heard and introduce
2 evidence, which shall be reduced to writing and filed by the
3 commission. If the commission shall determine from the evidence that
4 public safety does not require the installation of the signal, other
5 warning device or change in the existing warning device specified in
6 the petition, it shall make determinations to that effect and enter an
7 order denying said petition in toto. If the commission shall determine
8 from the evidence that public safety requires the installation of such
9 signals or other warning devices at such crossing or such change in the
10 existing warning devices at said crossing, it shall make determinations
11 to that effect and enter an order directing the installation of such
12 signals or other warning devices or directing that such changes shall
13 be made in existing warning devices. The commission shall also at said
14 hearing apportion the entire cost of installation and maintenance of
15 such signals or other warning devices, other than sawbuck signs, as
16 provided in RCW 81.53.271: PROVIDED, That upon agreement by all
17 parties to waive hearing, the commission shall forthwith enter its
18 order.

19 No railroad shall be required to install any such signal or other
20 warning device until the public body involved has either paid or
21 executed its promise to pay to the railroad its portion of the
22 estimated cost thereof.

23 Nothing in this section shall be deemed to foreclose the right of
24 the interested parties to enter into an agreement, franchise, or permit
25 arrangement providing for the installation of signals or other warning
26 devices at any such crossing or for the apportionment of the cost of
27 installation and maintenance thereof, or compliance with an existing
28 agreement, franchise, or permit arrangement providing for the same.

29 The hearing and determinations authorized by this section may be
30 instituted by the commission on its own motion, and the proceedings,
31 hearing, and consequences thereof shall be the same as for the hearing
32 and determination of any petition authorized by this section.

33 No part of the record, or a copy thereof, of the hearing and
34 determination provided for in this section and no finding, conclusion,
35 or order made pursuant thereto shall be used as evidence in any trial,
36 civil or criminal, arising out of an accident at or in the vicinity of
37 any crossing prior to installation of signals or other warning devices

1 pursuant to an order of the commission as a result of any such
2 investigation.

3 Any order entered by the utilities and transportation commission
4 under this section shall be subject to review, supersedeas and appeal
5 as provided in chapter 34.05 RCW (~~(81.04.170 through 81.04.190,~~
6 ~~respectively)~~).

7 Nothing in this section shall be deemed to relieve any railroad
8 from liability on account of failure to provide adequate protective
9 devices at any such crossing.
