
SECOND SUBSTITUTE HOUSE BILL 2777

State of Washington

60th Legislature

2008 Regular Session

By House Appropriations Subcommittee on General Government & Audit Review (originally sponsored by Representatives Clibborn, Ericksen, Ericks, Hinkle, O'Brien, Morrell, Sells, Sullivan, McIntire, Loomis, Haigh, Simpson, and Kelley)

READ FIRST TIME 02/07/08.

1 AN ACT Relating to assisting small communities in planning for new
2 growth and development; adding new sections to chapter 35.21 RCW; and
3 creating new sections.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** Many cities and towns located in the more
6 rural areas of the state are beginning to experience the opportunities
7 and challenges associated with unprecedented levels of growth and new
8 development. These communities typically lack the resources necessary
9 to adequately plan and prepare for essential infrastructure needed to
10 accommodate this new growth. Effective planning at the local level
11 promotes economic well-being and quality of life in all communities.
12 It is the intent of the legislature to assist eligible small towns and
13 cities in planning for the infrastructure necessary to support new
14 growth and development.

15 NEW SECTION. **Sec. 2.** A new section is added to chapter 35.21 RCW
16 to read as follows:

17 (1) The department of community, trade, and economic development
18 shall create and monitor a small communities infrastructure planning

1 grant program, in which the department shall select grant recipients
2 and make grant awards based on the eligibility criteria set forth in
3 subsection (2) of this section. The department shall use existing
4 staff and resources to administer this program.

5 (2)(a) Only those cities and towns having a population of less than
6 seven thousand five hundred and counties having a population of fifteen
7 thousand or less, as determined by the office of financial management,
8 and located in rural areas of the state are eligible to receive grant
9 awards under this program.

10 (b) Eligible activities for cities and towns to receive grant
11 awards include:

12 (i) Transportation, utility, and capital facilities planning;

13 (ii) Multijurisdictional infrastructure planning, including joint
14 planning between local jurisdictions and the private sector;

15 (iii) Updating comprehensive plans and development regulations
16 consistent with this grant program; and

17 (iv) Other planning and technical assistance activities consistent
18 with the purposes of this grant program.

19 (c) Priority must be given to those applicants seeking grant awards
20 to support activities meeting the criteria listed in (b)(i) or (ii) of
21 this subsection.

22 (3) A grant award under this program does not affect an applicant's
23 eligibility to access other state or federal financial or technical
24 assistance programs.

25 (4) Beginning in December 2009, the department shall submit an
26 annual report to the transportation, capital budget, and local
27 government committees of the legislature that identifies the number of
28 applications received, the communities selected to receive a grant
29 award, the activity or activities for which each grant award was made,
30 and the amount of each grant award. If practicable, the report should
31 also include a status update of progress made toward achieving the
32 purposes of the grant award.

33 (5) This section does not create an entitlement for a grant award.

34 NEW SECTION. **Sec. 3.** A new section is added to chapter 35.21 RCW
35 to read as follows:

36 The small communities infrastructure planning account is created in
37 the state treasury. Receipts from the proceeds of bond sales, tax

1 revenues, budget transfers, federal appropriations, gifts, or any other
2 lawful source, specifically designated for purposes relating to this
3 act, must be deposited in the account. Moneys in the account may be
4 spent only after appropriation. Expenditures from the account may be
5 used only for grants to eligible cities and towns under the small
6 communities infrastructure planning grant program created in section 2
7 of this act.

8 NEW SECTION. **Sec. 4.** If specific funding for the purposes of this
9 act, referencing this act by bill or chapter number, is not provided by
10 June 30, 2008, in the omnibus appropriations act, this act is null and
11 void.

--- END ---
