AN ACT Relating to preserving the viability of agricultural lands; adding a new section to chapter 36.70A RCW; creating new sections; providing an expiration date; and declaring an emergency.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. Sec. 1. (1) The legislature finds that the goal of preserving Washington's agricultural lands is shared by citizens 6 The legislature recognizes that efforts to 7 throughout the state. 8 achieve a balance between the productive use of these resource lands 9 and associated regulatory requirements have proven difficult, but that 10 good faith efforts to seek solutions have yielded successes. The 11 legislature believes that this willingness to find and pursue common 12 ground will enable Washingtonians to enjoy the benefits of a successful agricultural economy and a healthy environment, while also preventing 13 14 the unnecessary conversion of valuable agricultural lands.

15 (2) The legislature, therefore, intends this act, the temporary 16 delays it establishes for amending or adopting provisions of certain 17 critical area ordinances, and the duties and requirements it prescribes 18 for the William D. Ruckelshaus Center, to be expressions of progress in resolving, harmonizing, and advancing commonly held environmental
 protection and agricultural viability goals.

(3) The legislature fully expects the duties and requirements it is 3 prescribing for the Ruckelshaus Center to be successful. If, however, 4 the efforts of the center do not result in agreement on how to best 5 address the conflicts between agricultural activities and certain 6 7 regulatory requirements as they apply to agricultural activities, the legislature intends, upon the expiration of the delay, to require 8 9 jurisdictions that have delayed amending or adopting certain regulatory 10 measures to promptly complete all regulatory amendments or adoptions necessary to comply with the growth management act. 11

12 (4) The legislature does not intend this act to reduce or otherwise 13 diminish existing critical area ordinances that apply to agricultural 14 activities during the deferral period established in section 2 of this 15 act.

16 <u>NEW SECTION.</u> Sec. 2. A new section is added to chapter 36.70A RCW 17 to read as follows:

(a) Nullifies critical area ordinances adopted by a county or city
 prior to May 1, 2007, to comply with RCW 36.70A.060(2);

(b) Limits or otherwise modifies the obligations of a county or
city to comply with the requirements of this chapter pertaining to
critical areas not associated with agricultural activities; or

(c) Limits the ability of a county or city to adopt or employ
voluntary measures or programs to protect or enhance critical areas
associated with agricultural activities.

30 (2) Counties and cities subject to deferral requirements under 31 subsection (1) of this section:

(a) Should implement voluntary programs to enhance public resources
 and the viability of agriculture. Voluntary programs implemented under

 of these programs; and

The examination required by this section must 25 commence by July 1, 2007.

(2) In fulfilling the requirements of this section, the center
must: (a) Work and consult with willing participants including, but
not limited to, agricultural, environmental, tribal, and local
government interests; and (b) involve and apprise legislators and
legislative staff of its efforts.

31 (3) The examination conducted by the center must be completed in 32 two distinct phases in accordance with the following:

(a) In the first phase, the center must conduct fact-finding and

17 (ii) In particular, the stakeholders must examine innovative solutions including, but not limited to, outcome-based approaches that 18 19 incorporate, to the maximum extent practicable, voluntary programs or approaches. Additionally, stakeholders must examine ways to modify 20 21 statutory provisions to ensure that regulatory constraints on 22 agricultural activities are used as a last resort if desired outcomes 23 are not achieved through voluntary programs or approaches.

(iii) The center must work to achieve agreement among participating stakeholders and to develop a coalition that can be used to support agreed upon changes or new approaches to protecting critical areas during the 2010 legislative session.

(4) The center must issue a final report of findings and legislative recommendations to the governor and the appropriate committees of the house of representatives and the senate by September 1, 2009.
