READ FIRST TIME 02/20/07.

AN ACT Relating to industrial insurance, but only with respect to defining wages to include the cost of health insurance; amending RCW 51.08.178; and creating a new section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 51.08.178 and 1988 c 161 s 12 are each amended to read 6 as follows:

7 (1) For the purposes of this title, the monthly wages the worker 8 was receiving from all employment at the time of injury shall be the 9 basis upon which compensation is computed unless otherwise provided 10 specifically in the statute concerned. In cases where the worker's 11 wages are not fixed by the month, they shall be determined by 12 multiplying the daily wage the worker was receiving at the time of the 13 injury:

14 (a) By five, if the worker was normally employed one day a week;

15 (b) By nine, if the worker was normally employed two days a week;

16 (c) By thirteen, if the worker was normally employed three days a 17 week;

18 (d) By eighteen, if the worker was normally employed four days a 19 week;

p. 1

(e) By twenty-two, if the worker was normally employed five days a
 week;

3 (f) By twenty-six, if the worker was normally employed six days a
4 week;

5 (g) By thirty, if the worker was normally employed seven days a 6 week.

7 The term "wages" shall include the reasonable value of board, housing, fuel, or other consideration of like nature received from the 8 employer as part of the contract of hire, but shall not include 9 10 overtime pay except in cases under subsection (2) of this section. As consideration of like nature to board, housing, and fuel, wages shall 11 also include the employer's payment or contributions, or appropriate 12 portions thereof, for health care benefits unless the employer 13 14 continues ongoing and current payment or contributions for these benefits at the same level as provided at the time of injury. However, 15 tips shall also be considered wages only to the extent such tips are 16 17 reported to the employer for federal income tax purposes. The daily wage shall be the hourly wage multiplied by the number of hours the 18 worker is normally employed. The number of hours the worker is 19 normally employed shall be determined by the department in a fair and 20 21 reasonable manner, which may include averaging the number of hours 22 worked per day.

(2) In cases where (a) the worker's employment is exclusively seasonal in nature or (b) the worker's current employment or his or her relation to his or her employment is essentially part-time or intermittent, the monthly wage shall be determined by dividing by twelve the total wages earned, including overtime, from all employment in any twelve successive calendar months preceding the injury which fairly represent the claimant's employment pattern.

30 (3) If, within the twelve months immediately preceding the injury, 31 the worker has received from the employer at the time of injury a bonus 32 as part of the contract of hire, the average monthly value of such 33 bonus shall be included in determining the worker's monthly wages.

34 (4) In cases where a wage has not been fixed or cannot be 35 reasonably and fairly determined, the monthly wage shall be computed on 36 the basis of the usual wage paid other employees engaged in like or 37 similar occupations where the wages are fixed.

- 1 <u>NEW SECTION.</u> Sec. 2. Section 1 of this act applies to all wage
- 2 determinations issued on or after the effective date of this act.

Passed by the House April 14, 2007. Passed by the Senate April 4, 2007. Approved by the Governor May 2, 2007. Filed in Office of Secretary of State May 3, 2007.
