

HB 1160 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Declares that the 2010 Olympic and Paralympic Winter Games present an opportunity to further Washington's energy independence by working with Vancouver, British Columbia, Oregon, and California to develop a hydrogen highway to showcase sustainable transportation and alternative fuels, and to accelerate the commercialization of hydrogen and fuel cell technologies.

Provides that "green highway zone" means an area in the state designated by the department that is within reasonable proximity of state route number 5, state route number 90, and state route number 82.
