

**HB 1172 - DIGEST**

Requires the state parks and recreation commission to conduct or commission a full engineering and architectural evaluation of the seminary building at Saint Edward state park. The evaluation must, at a minimum: (1) Identify the repairs necessary immediately to stop or slow the further deterioration of the seminary building;

(2) Identify the extent of the repairs necessary to maintain the basic level of public safety expected in a building open to the public; and

(3) Identify which additional repairs or restoration would be necessary for the seminary building to be used for various purposes beyond mere recreational occupancy.

Provides that the evaluation conducted under this act must also identify the estimated costs associated with all repairs or restoration.

Provides that the evaluation required by this act must be completed and reported to the appropriate committees of the legislature by January 1, 2008.
