

HB 1397-S - DIGEST

(DIGEST AS ENACTED)

Declares that "intraoral massage" means the manipulation or pressure of soft tissue inside the mouth or oral cavity for therapeutic purposes.

Authorizes a massage practitioner licensed under chapter 18.108 RCW to apply for an endorsement to perform intraoral massage upon completion of training determined by the board and specified in rules. Training must include intraoral massage techniques, cranial anatomy, physiology, and kinesiology, hygienic practices, safety and sanitation, pathology, and contraindications
