

HB 2631 - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Creates the office of regulatory assistance to work to continually improve the function of environmental and business regulatory processes by identifying conflicts and overlap in the state's rules, statutes, and operational practices. The office of regulatory assistance is also created to provide businesses with active assistance for all permitting, licensing, and other regulatory procedures required for completion of specific projects. Further, the office of regulatory assistance is created to ensure that citizens, businesses, and local governments have access to, and clear information regarding, regulatory processes for permitting and business regulation, including state rules, permit and license requirements, and agency rule-making processes.
