

HB 3317.E - DIGEST

(AS OF HOUSE 2ND READING 2/19/2008)

Provides the legislature intends that the revised mathematics standards by the office of the superintendent of public instruction will set higher expectations for Washington's students by fortifying content and increasing rigor; provide greater clarity, specificity, and measurability about what is expected of students in each grade; supply more explicit guidance to educators about what to teach and when; enhance the relevance of mathematics to students' lives; and ultimately result in more Washington students having the opportunity to be successful in mathematics.
