

**SB 5024-S - DIGEST**

(SEE ALSO PROPOSED 2ND SUB)

Finds that driving under the influence leads to a significant number of motor vehicle accidents, and intends that additional revenue from license reinstatement for impaired drivers be used to support individuals with traumatic brain injuries.

Finds that many individuals recovering from a traumatic brain injury need assistance not only with physical tasks, but also have unique mental health and cognitive needs.

Finds that community-based organizations are best able to provide prevention services and support that assist beyond an individual's basic physical care needs, such as managing temper and behaviors, improving memory, and acquiring new job and life skills.
